THE HANDSOME AND WONDERFUL HARDY BEDDING BEGONIA, EVANSIANA.

HIS VALAUBLE PLANT we consider of more than ordinary value; it is a rapid, healthy grower, very profuse bloomer, with beautiful foliage, and always presents an attractive appearance during its growing season. The surface of the leaves show various shades of dark and light green of remarkable richness, and presents a transparent depth of texture of the most exquisite beauty. The under side of the leaves are veined bright red, the veins being distinctly prominent and showy. The flower stems tall and stately, towering six to ten inches above the foliage; produce clusters of flowers and buds of a beautiful pink color by the hundred on a single plant during an ordinary growing season. Unlike many plants that possess unusual merit in some respects, and then have counterbalancing faults, this Begonia is unexcelled by any of the older varieties for freeness of growth and flowering qualities. Should you ever have the pleasure of seeing this Begonia in bloom at its best in mass planting you will unhesitatingly say it is Queen of all Begonias. This is a tuberous-rooted, herbaceous, hardy perennial Begonia, losing its tops in the fall. When bedded out, the roots remain in the soil and start new growth in the spring, just as do the Peony and Perennial Phlox. The plants like a rich, porous soil and partial shade and will bloom throughout the summer, coming into perfection during August, September and October. It is really one of the most beautiful of summer blooming Begonias and never fails to grow well and bloom freely when bedded out in a partially shaded, moist situation. The hardiness of the Begonia was first called to our attention three years ago by a thrifty group of plants bedded out upon the north side of a house in our city, where the plants are still making a fine display each season, and have winhout any protection whatever, except what nature afforded. We think, however, a simple covering of straw and leaves will be found beneficial, the protection being removed in the spring. The stock of this beautiful Begonia

The Geo. H. Mellen Co. Spring 1913 Innisfallen Greenhouses Established 1877

N GREETING OUR CUSTOMERS of last year we wish to thank each one for the part done in enabling us to do the largest year's business in all our history of thirty-five years. We certainly appreciate the fact that we have so many loyal customers of long years standing, and a largely increasing list of new ones each year; we believe it is evidence that our efforts to please have been appreciated and rewarded. The same policy of square dealing and furnishing only goods of high merit and best quality, adopted thirty-five years ago, has been strictly adhered to and shall be our endeavor in the future. We solicit the order of all buyers, no matter how large or how small, and we promise to fill it as we would wish to have an order of our own attended to. If through any fault of ours we make an error or fail to please, let us know of it and

have an order of our own attended w. It is a substitution of the state of the state

The Geo. H. Mellen Co.

OFFER OF EXTRA PLANTS

We treat our customers liberally by adding extra plants, seeds or bulbs in each order according to its size, except orders for Nursery Stock and special collections. Many florists simply "throw in" anything they may have in surplus, but we believe such a plan is often unsatisfactory to the purchaser, and we allow each one sending over a dollar to select plants, seeds or bulbs (no fruits or other nursery stock) of their own choosing for the following named amounts, graded according to size of remittance and manner of shipment:

SCHEDULE OF EXTRA ALLOWANCES

We make the following inducements for the sending of larger Orders

GET YOUR FRIENDS TO ORDER WITH YOU

Sp ial Notice These Club Rates are not allowed on Nursery Stock, pages 89-95; Special Offers and Collections, and a of the set of th Club Rates.

MAIL CLUB RATES

Plants, Seeds and Bulbs only, by Mail, Postpaid.

Anyone sending us \$1.00 may select extra Plants, Bulbs and Seeds to value of 10 cents.

Innisfallen Greenhouses, Established 1877

SUGGESTIONS and INFORMATION

Free by Mail We send Seeds, Bulbs and Plants free by mail, unless otherwise stated in offer, at the price named in this Catalogue to all points in the United States. This brings them to the very doors of our customers without trouble or expense.

Plants by Express We always recommend having plants sent by express where there are many ordered, and where there is an express office near, as we many ordered, and where there is an express office near, as we can usually send much larger plants, and do not have to wash the soil off the roots, as is the case when sent by mail. When the weather is sufficiently warm we pack all express orders in light, strong jute board boxes (which we furnish free). Plants packed in this manner will carry nicely for a great distance and keep for a week or ten days in a fresh condition. Purchaser pays express charges, but our Liberal Express Club Rates more than compensate for express charges.

When Best to Order Order Early—We strive to fill orders within a few days after they reach us, but this is frequently made impossible by the great rush of business about planting time. Do not wait until you need your seeds and bulbs before ordering. Anticipate planting time by getting your orders in early. If you do not wish your seeds or plants until some later date, we will get them ready and ship whenever desired. Unless otherwise instructed, we will ship plants as soon as possible after receipt of order. of order.

How Best to Order By writing out your order on the Order Sheets which accompany this Catalogue, you will greatly facilitate our work. Please write only one variety on a line, and make a separate list of articles not entitled to Club Rates. Additional order sheets will be sent free on application.

How to Send Club Orders

or her full name, with the amount due you, naming plants desired as your discount.

How We Pack Our Club Orders E'ach person's plants will packed separately with his or her name attached, so you will have nothing to do but deliver the bundle. If the plants are to be sent by mail and you desire them to be sent direct to the person, we will do so when their order amounts to \$1 or more.

Be Sure to Sign Name

and Give Address

by mentioning some of the articles ordered. We have a number of unidentified orders on hand now.

Remittances
Should be made either in the form of P. O.
Money Orders, Bank Draft, Express Money
Order, or Registered Letter. Remittances in any other way are
entirely at the sender's risk. When money is sent as above
indicated we will send a plant or seeds of your selection, to
amount of cost of money order, etc., if amount sent us is \$1.00
or more. United States Postage Stamps will be received if
currency cannot be obtained. If personal check is sent, add
ten cents for collection charges.

Our Plant, Seed and Fruit Departments

Are entirely separate. Often the seeds or plants on a combined order may be sent before balance of order is filled. If only one part of order is received, please wait a few days for the balance before writing us.

We Pack All Plants Carefully In strong boxes, safe transit through mails to the remotest part of the country.

We Guarantee That every package we send out shall reach its destination in good condition. If a package is lost, or any of its contents injured on the way, we will send again. Examine carefully on receipt and report within ten days should there be any cause for complaint. We do not guarantee that plants we send out will not be killed by drought, insects, accidents or frost after they are planted.

All Plants Plainly Labeled All plants are plainly labeled with a printed label, and a printed sheet of cultural directions is sent with each shipment.

Our Plants Are All on Their Own Roots

And as long as any part of the plant remains it will pro-duce uniformly the same

them slowly to avoid forcing, our particular aim being to have a plant small enough to transport through the mail readily without injury, but with the vigor and thrift of much older plants. Consequently on being planted out a thousand miles away, the purchaser is surprised to see plants suddenly spring forth in luxuriant growth and blassem. luxuriant growth and blossom.

Lost Orders It occasionally happens that an order is lost in coming to us, or the goods in going to the customer; therefore, if any who order do not hear from us within a reasonable length of time, they should send a duplicate order, naming the date on which the former one was sent, and the amount of money enclosed and in what form. This will enable us to investigate the matter and fill the duplicate order with dispatch order with dispatch.

Ail Orders Whether large or small, receive from us the same uniform, prompt and careful attention. We fill all in the order of their reception. We wish our customers to remember that it is our determination to please all who deal with us, and we should like to hear from every package we send out. If the purchaser is satisfied, it is pleasant to know it; if not, we intend that he or she become so.

Our Terms Are Cash With Order No order sent C. O. D. unless a remittance of one-fourth of the amount of the order be made to guarantee the acceptance.

Canada Postage As postage to Canada is double the United States domestic rate, we must ask our Canadian friends to send 10 cents extra for each \$1.00 worth ordered. Do not send Canada postage stamps or silver, as we cannot use or dispose of them.

Outdoor Planting We are often asked the best time to plant. Always choose the plant. Always choose the plant asked the best time to plant asked the best time to plant with the plant and such varieties of temuture from various causes, it is impossible to dictate as the precise time to plant out of doors. Customers must jud of this for themselves, always remembering that it is not safe plant out until all danger of freezing is past, and the and is warm, in mellow condition.

You Can Have the Choicest Roses

Choicest Roses

remit as above directed. We will take all of the risk, and promise to deliver any plants you may select from our catalogue in good growing condition.

Index On page 96 will be found an alphabetically arranged table of contents. This will greatly assist you in finding any particular plant that you may wish.

Word About Express Charges

Some Florists are offering to prepay express charges on certain orders, but when so sent the soil is removed from the roots of the plants, and they are packed the same as for mail, the cost for sending being no more than it would be if the plants were sent by United States Mail.

We are willing to send any plant order by prepaid express, if so requested, provided you are willing to have the plants come to you WITHOUT SOIL ON THE ROOTS, and that your selection is made strictly in accordance with our Mail Club Rates. All plants, except dormant stock, that we send by express, charges to be paid by the purchaser, are packed with some soil on the roots, thus insuring their uninterrupted growth when received. We pack as light as possible consistent with safety, and our customers have the benefit of from 20 to 33 per cent. reduction from regular morehandise express rates. The weight and correct charge for collection will be plainly marked on each express tag; if different amount is collected, take receipt of agent, send it to us, and we will see that any overcharge is refunded to you.

IF PLANTS ARE TO BE SENT BY EXPRESS, ALWAYS MENTION BY WHICH EXPRESS COMPANY YOU WISH THEM SENT. Having the rival companies—Adams, American, Southern, United States and Wells Fargo & Co., they connecting with all other companies—we can have the goods billed through at the lowest possible rates.

Our Color Illustrations on Pages of Cover

The New Climbing Rose Excelsa

Excelsa (Red Dorothy Perkins) The New Climbing Rose—
It is a good deal to claim for a Rose, but we are within bounds when we describe Excelsa as a brilliant Crimson Rambler flower on glossy, varnished Wichuraiana foliage, The defects of Crimson Rambler are its unsightly foliage in The detects of Crimson Rambier are its unsignty foliage in unseasonable weather, and its defoliation by insects; the infusion of Wichuraiana blood assures an ornamental climber which is nearly evergreen, and this will assure this lovely crimson-scarlet pillar Rose a place in every American garden, for it is quite hardy in addition to all its other fine points. Price, 20 cents each, three for 50 cents. Two-year-old plants, 35 cents each, four for \$1.00.

The Grand New, Ever-blooming Begonia Coralline Lucerne

Coralline Lucerne The Grand New Ever-blooming Begonia—This is the grandest of all flowering Begonias. A strong, vigorous grower, with stiff stems and upright habit. The green foliage is long and pointed, freely dotted with silvery-white. The flowers are borne in great clusters from twelve to eighteen inches across, almost hiding the plant. The color is a beautiful bright coral-red of a heavy waxen texture. This variety is one of the most prolific bloomers of all the large growing Begonias. Its freedom in blooming, the large, rich and showly foliage combined, make it an excellent decorative plant for the house or conservatory, and should find its place in every collection. Price, 25 cents each; three for 50 cents. each; three for 50 cents.

SPECIAL OFFERS OF BEDDING PLANTS

These are the plants best suited for making your summer flower beds. They are easy to grow and sure to make a pleasing color display all summer and until frost. We grow them in large quantities and would be pleased to have your orders in early, so we can book them for shipment at proper time, which is usually about May 1st in this latitude. For special prices of Bedding Plants see page 5.

Beautify Your Lawn With a Bed of Cannas == The King of Bedders

Nothing makes a finer appearance on a lawn than a bed of Cannas. If you have a suitable spot that gets the sunshine.

plant a bed of Cannas.

For example, the dwarfer kinds may be planted in single or double rows along the walk, or side of the porch; others may be banked against the side of a building or in front of a hedge or a background of shrubs (always placing the shortest kinds in front), or used as a hedge plant they prettly mark a dividing line where no real barrier is needed, but the best effect of all is produced when many plants of a kind are placed together in masses or large beds, round, square, oval or oblong, or a triangle bed of glowing color for some suitable corner.

Always use tallest growing varieties in the center, and then canas fully grade each succeeding circle, using dwarf kinds for the outside. Plant one Canna in center of bed, next six Canas fully grade each succeeding circle use six more Cannas than were used in the previous circle and make it twelve inches farther away from the center. Measure your beds, and you can soon tell just how many plants you need. A square bed will take about the same number of plants. An oval bed, add length and breach and divide by 2. For example, an oval 7 feet long by 5 feet wide will require same number of plants as a circular bed 6 feet in diameter.

If you will simply state the color and number you want for each circle or straight line, as the case may be, we will select the proper variety for you. We know of no other plant in the floral kingdom which blossoms so luxuriantly, continuously and beautifully as do these Canna Lilies. If you prefer to have a bed of all one color, please say so when ordering and select any of the following colors: Pink, dark red, light red, orange-scarlet, yellow, yellow with red dots or variegated. We will send any of these colors, but the selection of variety must be left entirely to us. Remember that our Cannas are started plants, not dormant roots, as are often sent out, and will come to you in good growing condition.

For a border to the Canna bed we would recommend red Salvia or Coleus (red or yellow). Salvias should be planted twelve inches apart and the Coleus eight inches apart.

Our Brilliant Salvias

They grow into a bush from two to two and a half feet high. The foliage is large and covers the ground, forming a mound on vivid green surmounted by blazing red flowers. If attracts immediate attention in the garden, and is one of the most effective and gorgeous plants for bedding in cultivation. Salvias for solid bedding should be planted fifteen inches apart and where used as a border plant twelve inches apart. As a border plant to Salvias we would recommend light colored Coleus. ored Coleus.

Our Bright Colored Coleus

Whoever has been in our large city parks will never forget the little ornamental beds that look like vari-colored rugs spread at short intervals on the smooth lawn. Fill body of your bed with any fancy or dark maroon leaved varieties and border with a light green or yellow leaved sort. Plants for Coleus bed should be set about ten inches apart, for the border line they should be set a little closer to give the desired effect.

Our Mammoth Flowering Verbenas

The Verbena is in every respect a desirable bedding plant, but of little use for pot culture. In the open air it is a rapid grower, an abundant bloomer, and the various colors and shades of the flowers are almost without limit. About one month after planting they will assume a spreading form, and from then on will be covered with scores of beautiful, bright, and, in some varieties, fragrant flowers. They should be planted fifteen inches apart. A Verbena bed will have the desired effect without a border.

Geraniums for Bedding

All know how useful Geraniums are for bedding, and we need not say another word about it to convince you of the fact. We can furnish Geraniums for this purpose in the following colors: Red, white, pink and salmon in either single or double flowering varieties. The directions for laying out a circular Canna bed (as given on this page) will apply to a Geranium bed. Geraniums should be planted twelve inches apart. For a border to the Geraniums we would recommend the Silver-Leaved Geranium Madame Salleroi, or Coleus in either red, yellow or fancy leaved.

Special Offers of Bedding Plants—Continued

This diagram shows a bed 10 feet in diameter that may be planted either in Geraniums or Coleus. The inner circle is two feet in diameter, in which one Caladium Esculentum (Elephant's Ear) 20c bulb should be planted. The space from inner to outer circle is divided into six parts as shown in diagram. Each of these parts will require 12 Geraniums, or 18 Coleus, as may be desired; a good effect is obtained by planting these parts in contrasting colors. For instance, the parts numbered 2 could be planted with white Geraniums, and parts No. 3 with red Geraniums; different effects of this kind may be worked out, or the whole bed may be planted with solid color, preferably red. For bed of Geraniums use a border of 54 Blue Ageratum. For bed of Coleus use a border of 54 Yellow Coleus. Bed may be reduced to three-fourths or one-half this size if desired.

This diagram represents a Canna bed, 10 feet in diameter, arranged for four rows of Cannas, and a border of Salvias or Coleus.

Number of Cannas required for row No. 1, planted 12 inches apart, is 6, for row No. 2 is 12, for row No. 3 is 18, and for row No. 4 is 24.

For border (row No. 5) use either 30 Salvias, set 12 inches apart, or 45 Coleus set 8 inches apart in the row. If smaller bed is desired, use only two or three rows of Cannas, and a border of Salvias or Coleus. For descriptive list of Cannas, see pages 38 and 39.

Our Ever-Blooming Impatiens

If you have a shady nook about your lawn or house, plant it with Impatiens. They are very satisfactory plants for outdoor bedding or for house plants for winter blooming. These plants commence blooming when very small, are seldom out of bloom, and when at their best display a gorgeous profusion of flowers against a rounded background of glossy green leaves. Plant twelve inches apart. Use Pansies for border, planted eight inches apart.

Our Beautiful Single Petunias

Where effect is wanted, nothing excels the large, free-flowering varieties of Petunias. They are of compact, bushy habit, and are covered the entire summer and fall with their bright flowers, and can be used in beds, borders, baskets, vases, window boxes, or in any sunny place where a mass of color is needed. They are always full of flowers and always satisfactory. For border to Petunia bed we would advise planting either blue or white Ageratum. Petunias should be planted twelve and Ageratum eight inches apart.

OUR GIANT FLOWERING HELIOTROPES

Heliotropes are great favorites for bedding out, but, above all, for their delicious, vanilla-like odor, which has given to the plant a great reputation among fragrant flowers. The plants make a rapid growth in the open air and bear immense flowers which are freely produced and much sought after on account of their delicate colors, they being colors that are

rare among choice flowers. The size of our Giant Flowering Heliotropes is magnified beyond bellef, specimen heads measuring ten to fifteen inches across. We can furnish the purple, true blue, lavender and white. Heliotropes should be planted twelve inches apart, and for border use Sweet Alyssum, ten inches apart.

Bed of Our Mammoth Flowering Verbenas.

Special Offers of Bedding Plants == Continued OUR UNRIVALED DWARF LANTANAS

THESE desirable plants are annually growing in fayor for bedding purposes. The gorgeous coloring in many of our improved varieties is remarkable, and a superiority can be claimed for the family in this respect over any other garden plants. They are not only abundant bloomers, but begin blooming when very young and continue in flower throughout the summer and fall months. Without seeing them no one can appreciate their unrivaled beauty. It is, indeed, a great acquisition to the list of bedding plants, and will give the utmost satisfaction and keenest delight to all those that will plant a bed of Lantanas.

The flowers embrace all of the most delicate shades, changing from one color to another as they develop. The varieties described in this catalogue give a wide

The varieties described in this catalogue give a wide range of color, and include the most distinct and profuse blooming varieties. Lantanas should be planted twelve inches apart. For a border we would recommend the silver-leaved Centaurea, commonly called Dusty Miller. These should be planted eight inches apart.

OUR COMBINATION COLLECTION

Eighteen Beautiful Plants by Mail for \$1.00.

The plants and vines contained in this collection are suitable for filling hanging baskets, porch and window boxes. They will fill a hanging basket ten to fifteen inches in diameter and a window or porch box two and one-half feet long and six inches wide. This collection will make a beautiful display all summer and fall, and the Ferns will make handsome plants for the house port winter. next winter.

Collection will consist of the following: One strong Boston Fern; one strong Ostrich Plume Fern; three Vincas; two German Ivies; two bright Coleus; two Petunias; two Begonias; two Verbenas; three Geraniums.

Eighteen beautiful plants sent by mail, postpaid, for only \$1.00. Ask for "Combination Collection."

AN UP-TO-DATE COLLECTION OF PLANTS

FOR FILLING VASES EXPOSED TO THE SUN

Most of these plants will be large, and must be shipped by express at your expense.

Remember, selection of variety must be left to us, but we assure you that only such varieties as are suitable for vase filling will be sent. Quality of stock will be A No. 1.

This collection will be made up as follows: One Canna for center, four large Geraniums, two large Begonias, three Petunias, three bright Coleus, one Dracena Indivisa, two Impatiens, one Royal Purple, one Croton, and for border three Asparagus Sprengeri and six Variegated Vincas. This collection will fill a vase from fifteen to eighteen inches in diameter, and we will send it to you by express for \$2.00. In ordering, please ask for \$2.00 Vase Collection.

For \$3.00 we will increase the number of plants in this collection to fill a vase from eighteen to twenty-four inches in diameter. In ordering, please ask for the \$3.00 Vase Collection.

Place your confidence in us for satisfactorily filling these collections, and we will not disappoint you.

Place your confidence in us for satisfactorily filling these collections, and we will not disappoint you.

Another pretty effect may be had by filling vase with red Salvia and bordering with variegated Vinca. For price of Salvias,

Vincas and Coleus, see bottom of this page.

Still another nice way is to fill the vase with Ferns and border with either Asparagus Sprengeri or Vincas, but when so filled it must not be exposed to the full force of the hot sun. Large Ferns should be used where an immediate effect is desired. We can furnish for this purpose either Boston or Piersoni Ferns, strong plants from four-inch pots, \$1.25 per half dozen; \$2.25 per

Bear in mind that your vase should always be well supplied with water.

The price at which we have offered these collections is very low, and we cannot allow any discount or selection of extrasthe price is net, and they must not be included in club rates.

extended as it becomes more generally known that they are so easily grown, and that they can be procured at so trifling an expense. All that is necessary to have them grow and bloom freely is to plant them in a bed of deep, fresh, loamy soil, well enriched with thoroughly rotted manure, and they are certain to do as well as a bed of Geraniums.

well as a bed of Geraniums.

The Springfield method of growing Roses, which originated in our establishment 35 years ago, and has been adopted by all the growers here, is to propagate them in the summer, give them a rest in the winter in cold greenhouses, and in spring they are ready for duty with full strength and vigor. The Rose must have a rest each and every year if the best results are to be obtained—this is but natural.

Springfield is known as the world's center for the growing of fine Rose plants, and the large number of greenhouse establishments here count their annual output by the millions. This and our constantly, growing business is good evidence that our "methods" are all right.

ROSES ALL ON THEIR OWN ROOTS

Our Roses are all grown from cuttings and are consequently all on their own roots. If they are inclined to sprout from the roots, they should be encouraged to do so, as young, vigorous shoots produce the finest flowers; they cannot throw up wild shoots, because root and top are the same. As long as any part of the plant or root remains it will produce the same beautiful flower. We do not send out any budded or grafted Roses.

Our Roses are all grown in pots, In good, fresh soil, without stimulants; are strong healthy plants, kept from blooming here by cutting the buds off as they appear, and with any fair treat-ment on your part will be sure to grow; and the ever-blooming class will bud and bloom as soon as they start to grow vigorously

Pot Culture for House and Conservatory

The ever-blooming Roses alone are best for house culture, Have a good, rich soil, mixed with one-fifth sand. Sods and well-rotted cow manure make the best soil for Roses. After potting, the plants ought to be thoroughly watered and kept from the burning sun. The earth should be moderately dry be-fore watering again. If the Rose gets too large for that pot, shift into one or two sizes larger, but do not use too large pots.

Preparation of Rose Bed Select a sunny spot not undermined by roots of undermined by roots of digging to the depth of eighteen inches. Any good garden mould will grow Roses, but they are especially fond of small clods of clay in the soil. If the bed is not underdrained naturally, provide drainage by means of broken bricks and stones at the bottom. Add one-fourth old, well-rotted cow manure to the soil and clay. Ground bone ranks next to cow manure as a fertilizer, and may be used in place of it or in addition to it. Roses are rank feeders and amply repay the food and moisture given them, both with luxuriance and elegance of foliage, and profusion and size of bloom. After the plants have moisture given them, both with luxuriance and elegance of foliage, and profusion and size of bloom. After the plants have been set out, which should be early in the season, keep the soil of some by frequent shallow stirrings, till the middle of June, when they should be mulched by covering the surface of the bed to the depth of an inch or so with old manure or any strawy material, to prevent evaporation. An occasional application of manure water greatly stimulates growth, which, with most Roses means bloom the straw in the straw of most Roses, means bloom.

We are frequently asked how often to water. so whenever the soil gets dry, but whenever water is applied do it thoroughly, so as to soak the soil to the roots; when the bed dries off a day or so after, loosen the soil around them lightly.

Pruning March and April are the best months for this operation. Moderate pruning insures growth and more blooms. Cut out all decayed wood. All the shoots bearing flowers ought to be shortened two-thirds after blooming.

Winter Protection In the latitude of Springfield a covering of three or four inches of manure or leaves over the entire bed is sufficient. In colder latitudes, draw the leaves up around the stems six or eight inches higher, and in very cold places earth them up and protect with corn stalks or evergreen boughs. For Tea Roses a good plan is to put a temporary fence of twelve-inch chicken wire netting around the bed, filling in loosely with leaves, with a little earth or some branches over all to prevent them from blowing away. This should not be done, however, until severe cold weather sets in, so that nearly all the leaves are off the plants and they are thoroughly ripened, which is usually about December first in this latitude. about December first in this latitude.

DISEASES AND INSECTS

Healthy, vigorous, well-cultivated Roses in well-located beds are less liable to the ravages of insects and diseases than weak specimens of slender growth and poor vitality. Therefore, keep your Roses healthy by good cultivation. It is the indifferent, indolent grower whose Roses are the prey for insects, although the weather in certain seasons aggravates the troubles of a Rose grower considerably.

Mildew This is a fungus disease, shown by the grayish, crinkled and mouldy appearance of the foliage, caused chiefly by cool nights and hot days. Remedy: Dust lightly over the foliage flour of sulphur on a warm, sunny day.

Another fungus disease, usually making its Black Spot late in the season. The black spots on the foliage cause same to turn yellow and drop off. Pick off affected leaves and spray with "Bordeaux Mixture." Spray also when dormant the fol-

Aphis, or Green Fly A little sucking, green insect, which sometimes gather in countless numbers upon the new growth. Steep tobacco stems or leaves in water over night and apply with a spray pump or whisk broom. Warm soap suds is also effective.

Graf Zeppelin.

Six Grand New Hardy Rambler Roses

Price, Young Plants, 15 cents each; Set of 6 Sorts, 75 cents; 2-year-old Plants, 40 cents each; Set of 6 Sorts, \$1.75.

American Pillar The flowers are single, of immense size, three and four inches across and very durable. They hang in immense clusters all along the branches and make a remarkable sight, a veritable sheet of bloom. The color is a dainty apple-blossom pink, while in the center of each flower is a cluster of bright yellow stamens. This Rose is as hardy as an oak tree, of very strong growth, soon covering any space allotted to it. The American Pillar is going to become as popular as the Crimson Rambler. If you want a novel and beautiful garden ornament, order this Rose.

Bagatelle White overlaid with shadings of soft rosy-pink, a distinct new color, flowering in immense clusters on long stems. Stay in perfection a long time. Most valuable.

Climbing American Beauty Aseedling fro B Beauty with Wichuraiana and Tea blood in its veins. The introducers say of it: "Same color, size and fragrance as American Beauty, with the addition of the climbing habit. Good foliage, and better blooming qualities. Blooms three to four inches across; has proved perfectly hardy and stands heat and drought as well as any Rose in our collection." We feel sure this Rose has a great future.

Dr. W. Van Fleet
The center is built high, petals beautifully undulated and cupped. The color is a remarkable delicate shade of flesh-pink on the outer surface, deepening to rosy-flesh in the center. The flowers are full and double, of delicate perfume; buds pointed. It very much resembles Souv. de Pres. Carnot in color.

Graf Zeppelin A brilliant rose colored flower that attracts from a great distance; vigor of Crimson Rambler. Cupped form; double. In immense trusses; unusually floriferous. This Rose is unsurpassed as a Climber.

Wartburg A seedling of Tausendschoen, flowers double, carmine rose in very large clusters; a vigorous grower, making shoots the second year twelve feet in length, which are nearly thornless. Dark green foliage.

The Latest Novelties in Ever-Blooming Tea Roses

Price, strong one-year plants, 20 cents each, any 6 for \$1.00.

Friedrichsruhe (Turke, 1908.)—Color deep blood red, large, full, well formed, flowering freely and continuously; excellent habit of growth. Awarded gold medal at Dusseldorf. A splendid Rose.

Lady Hillingdon Of quick free growth, with narrow foliage and slender graceful stems, each surmounted with beautiful long pointed bud of a rich orange-yellow color. Fine cut flower sort. Awarded several Gold Medals in England.

Mrs. Hubert Taylor

Rose, of perfect formation and finish. A very chaste and charming variety, and quite distinct, an immense gain to the Tea class.

Madame G. Serrurier Growth robust, and free branching habit, blooming profusely and continuously; flowers large, full and perfect Camelia form; color white suffused rose. A variety of decided merit for any purpose.

Madison

This is the "money maker" among the cut flower Roses, and is a greatly improved Bride, and when we say improvement, we mean a genuine improvement. The best feature of Madison is that the foliage does not mildew. All know how badly the Bride mildews. Well, Madison is mildew-proof. Then after being planted and well established Madison will cut as many flowers as Killarney, cutting steady each month in the year.

Madison is a grand addition to our forcing Roses. Remember, that "Madison" is the money maker.

Miss Alice de Rothschild Rich, deep citron-yellow, which intensifies as the bloom expands. The flowers are large, full, and of perfect form with high pointed centre; the petals charmingly reflex. Growth vigorous and erect, free and continuous in bloom. Deliciously fragrant (Marechal Niel perfume); superb in every respect.

Mrs. Foley Hobbs Delicate ivory white, faintly tinged clear pink on edge of petals; blooms large, exquisite form, perfect finish; petals thick and shell shaped, floriferous, deliciously tea perfumed, exceptionally fine for exhibition, superb.

Nita Weldon Ivory-white with the edges of each petal tinted faintest blush. It has more delightful phases of beauty in its several stages, from the bud to the fully developed flower; the flowers, which are produced in marvelous profusion, are of large size, very full, and of globular form, the buds being long and pointed, vigorous growth and perfect habit.

William Notting
This Rose was first sent out in this country under the name of Indiana. By some mishap it has been overlooked in the shuffle. We have found out it is a first-class Rose and we will in a manner resurrect it. The flowers are very large and full; color a bright rosy-cerise, center deeper, sweetly perfumed. It is a grand bedding Rose.

SUPERB COLLECTION OF

Ever = Blooming Hybrid Tea Roses

THE HYBRID TEA AND BOURBON ROSES are the hardiest of the ever-bloomers, standing the winter in the northern latitudes with but little protection, and are perfectly hardy south of the Ohio River without any protection whatever. They bloom constantly throughout the summer. The flowers increase in size and beauty as the weather becomes cooler, coming into perfection in autumn. This is, we believe, the most popular class of Roses now in cultivation. These varieties are the result of a union between the ever-blooming Teas and the Hardy Hybrid Perpetual class, thus combining the exquisite richness of coloring and beauty of form in the one with the hardiness. vigorous growth and pungent fragrance of the other. The following collection has no equal:

Price, 10 cents each, except where noted; any six for 50 cents; any fourteen for \$1.00. Two-year-old plants, 30 cents each; any five for 1.25.

Blooms cut from our Superb Collection of Hybrid Tea Roses.

Antoine Rivoire

A handsome new Rose of vigorous habit of growth, with large, full, Camelliashaped flowers. Color rosy-flesh, on a yellow ground, shaded with a border of carmine; flowers five inches in diameter.

Bessie Brown
Roses in cultivation. The flowers are very large and highly built and double; color is a creamy-white with a beautiful shade of pale, tender flesh, resembling gloss silk. It is highly scented and a most magnificent Rose in the open ground.

Beauty of Stapleford A free bloomer; full, perfect form; of large size, with bright pink color shaded carmine.

Clara Watson Rich salmon-pink, with very graceful flowers, resembling Bridesmaid in form and produced in remarkable profusion. The buds, which are supported on long stems, are very beautiful.

Champion of the World

early summer until frost it can be depended upon to produce flowers in abundance; color rich glossy pink, delightfully fragrant, and such a strong, vigorous grower that it is almost invulnerable against attacks of insects.

Col. R. S. Williamson

the popular Hybrid Tea class. The blooms are very large, full, perfectly formed, with high-pointed center; the petals are round, smooth and possessed of great substance. Color, satiny white with deep blush center; very lovely. A first-rate Rose for any purpose.

Crown Princess Victoria, or White Malmaison

This Rose is one of the loveliest of all Roses. The color is a pure, waxy snow-white; the center of the flower has a lemon tint, just enough to lighten up and brighten it.

Countess of Gosford Color salmon-pink shading to rose and pink; suffused with saffron-yellow at the base of the petals; very free flowering.

Etoile de France The gold medal Rose of France, and claimed by the raiser, J. Pernet Ducher, of Lyons, France, to be the finest Rose he has ever sent out. We believe with him that it has no superior; flowers very large and borne on good, long, stiff stems; color a lovely shade of clear red, crimson-velvet; very fragrant and keeps well. In England, where it has been tried extensively during the past season, it has caused quite a sensation. Good grower, free bloomer, fine, rich color, deliciously fragrant.

Gruss an Teplitz

As a bedding Rose this is one of the finest and most useful varieties ever velvety-crimson. It is very fragrant. The freest grower and the most profuse of any ever-bloomer. The mass of color produced is wonderful, and the foliage is extremely beautiful, all the young growth being a bronzy-plum color. A queen among scarlet beders. It is a perfect sheet of richest crimson-scarlet all summer.

Hermosa, the Old Favorite
has been held in high esteem for many years and will always be
popular, as it embraces so many desirable traits that go to make
up the ideal Rose. It is hardy as an oak and always covered with
its clear pink blooms.

SUPERB COLLECTION OF EVER=BLOOMING HYBRID TEA ROSES—Concluded

Price, 10 Ccnts Each, Except Where Noted; Any Six for 50 Cents, Any 14 for \$1.00. Two-Year-Old Plants, 30 Cents Each, Any 5 for \$1.25.

Helen Gambier Great Yellow Garden Rose. The growth is free and wigorous, very free-blooming, flowers of splendid substance and a delightful shade of deep rich golden-yellow. In extreme heat corres a deep amber color. The buds are full and firm, lasting a long time when cut. As the flowers expand the center of the Rose discloses depths of golden-yellow, with light orange tints, while the outer petals lessen to lemon-yellow, giving a combination of tints and tones unequalled in their beauty.

Helen Gould

This is a better Rose for general planting than American Beauty, the dream and hope of ectly double, the buds beautifully made, long and pointed. The color is warm rosy-crimson, like the color of a ripe red watermelon.

Kaiserin Augusta Victoria
The best white Rose in the world. This beautiful Rose has not only a royal name, but is a royal Rose as well. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open; color pure creamy-white. It far surpasses any, other white Rose in all particulars, and has a much richer perfume.

Killarney A very beautiful Hydrid Tea Rose. The color is an exquisite shade of deep shell-pink lightened with with enough yellow to make it more attractive. The buds are exceptionally long and beautifully formed, the open flower is graceful in the extreme. It is free in growth; strong, heavy shoots, which are crowned with buds.

Lady Battersea This variety has long pointed buds of the largest size and very striking in form; the color is bright cherry-crimson; the stems are stiff and extremely long; a vigorous grower and free in bloom.

Mmo. Caroline Testout A grand Rose, with large full flowers and handsome buds, closely resembling La France, but bright satiny-rose, finely edged with silvery-pink; an abundant bloomer. Price, 15 cents.

Mrs. Harold Brocklebank Creamy-white, center buff, outer petals frequently tinted salmon-rose. The tlooms are large, full and fragrant.

Madame Jules Grolez (Red Kaiserin.) From exquisite bud to the full shapely flower, this new Hydrid Tea Rose is superb. Color soft China rose, passing to clear satiny-pink.

Mme. Simone Beaumez A vigorous grower with long, willowy stems; very large flowers of exquisite form, high pointed center and outer petals beautifully reflexed; flesh-white with shining texture; a beautiful variety.

My Maryland
This splendid American introduction is destined to become one of the most popular varieties in cultivation. Large, full, double flowers, a pleasing shade of salmon-pink. Distinct and beautiful. Splendid for forcing. Price, 15 cents each.

Meteor This splendid Rose is one of the brightest colored of for bedding and general planting, as well as for growing in pots and conservatory. The color is a rich velvery crimson, exceedingly bright and striking, and the flowers are large and regular, fully double and borne on nice, long stems. It is a quick and constant bloomer and quite fragrant. Never fails to please.

Mme. Abel Chatenay

Flowers large and full, petals recurve and of a beautiful creamyrose. Shaded rose-vermilion and tinged with salmon. The base
of the petals is very highly colored. Flowers borne on long stems.

Madame Jenny Gillemot

Buds long and pointed, deep saffron-yellow, opening canary with dark golden shadings; blooms large, petals immense; opens very freely; a fine upright grower of branching habit; exquisitely beautiful; very large in size, but very long and pointed.

Pink La France It is of superb form and double as a Rose can be. No variety can surpass it in delicate coloring; silvery-rose shaded with pink. It has a satin sheen over all its petals. It is most universally regarded as the most useful of Roses, as it is hardy beyond question. It blooms continuously. The flower is large, finely built, endures for a great length of time, is exquisitely colored and fragrant in the highest degree.

Pernet's Triumph The flowers are extra large, having broad, thick petals, and long, tapering buds, with delicious tea fragrance. Color a fine clear magenta-red, sometimes passing to a bright crimson. Very striking and beautiful, and of such good substance that the flowers retain their beauty for a long time.

Mme. Melanie Soupert

Mme. Melanie Soupert

A good grower, quickly forming a well-branched bush; foliage bronzy-green, flowers very large, almost full and globular; immense cupped petals; color golden-yellow suffused bright pink. An extraordinarily fine Rose, promising to force readily, as the growths are slender, stiff and freely produced.

Rhea Reid A Rose of the type of the American Beauty, but of the easiest culture. It never mildews or black spots and opens its large flowers perfectly under all weather conditions. In color it varies with the temperature, in summer a bright cherry-rose, while in winter it is a rich crimson-scarlet.

Red La France Color a rich, deep even pink throughout.
The growth of the plant is vigorous, the habit
good and the flowers, which are thrown up well above the foliage,
are produced very freely. Price, 15 cents each.

Rosemary A beautiful Rose of shining silvery-pink, recommended for bedding; very large and very double. A sturdy grower with stiff stems and large foliage. Plowers freely produced. Up to date this is the best garden Rose that Mr. E. G. Hill has introduced.

Striped La France This beautiful new Rose is free in bloom; nicely striped. A beautiful bright rose on a satin-pink ground. Very distinct and showy.

Souv. de President Carnot A charming new French Rose. A strong, clean, healthy grower, with handsome bronzy-green foliage and large, elegant shaped buds. The flower is of large size, exquisite shape, with heavy, thick, shell-like petals; buds long and pointed, similar to Niphetos, but very much larger, and all borne on long, stiff, erect stems. Color a delicate rose-flesh, shaded a triffe deeper at center. Very profuse bloomer. Price, 15 cents each.

White La France It is identical with La France, except in color. Pure white, sometimes tinted

Wellesley The Beautiful New Pink Rose—The color is a beautiful shade of pink, the outside of the petals being bright and clear, with a silvery reverse. It is a very vigorous, healthy grower, carrying the flowers on long, stiff stems, which are clothed with heavy dark green foliage. It is remarkably rree flowering, and possesses unusually fine keeping qualities.

Rare New Ever-Blooming Hybrid Tea Roses

By Purchasing Plants From This List You Will Have About All the Finest Sorts Which Came Out in 1908-1909-1910.

WE RECOMMEND THEM TO YOUR ATTENTION

Price, Young Plants, 15 Cents Each; Any Four for 50 Cents. Two=Year-Old Plants, 35 Cents Each; Any Four for \$1.25.

Andre Gamon

A very vigorous grower of erect, branching habit; fine creet, branching habit; fine Rowers are large, full and globular, carried well above the foliage upon rigid and strong stems. Color deep rose and carmine. Edges of petals carmine-lake. As a garden Rose this will become popular on account of its distinct soft color and its remarkably free flowering qualities and hardiness.

Dr. Campbell Hall Coral rose; suffused white, base of petals yellow; a charming Rose, flowers large, full and perfectly formed; very free.

Florence Pemberton Creamy white, sufting of the petals occasionally flushed peach. Flowers very large and full, of perfect form and wonderful substance. This is without doubt one of the fines Roses it has yet been our pleasure to offer, and we predict that it will become one of our most generally cultivated sorts in a very short time.

General MacArthur Dazzling scarlet. One of the grandest red Roses ever offered. Buds are of ideal shape and exquisite perfume, making the variety very desirable for cut flowers; while its clear glossy foliage, generous bloom, and brilliancy of color demand recognition in the garden.

Hector Mackenzie (Guillot, 1908.) — Deep pink changing to silvery-crimson. Flowers large and full, of perfect globular form, both free and fragrant, strong and vigorous, and very free branching.

Madame Leon Pain Robust growth; smooth wood; hand-free in opening; silvery-salmon, centre orange-yellow, reverse bright red and yellow.

Mme. Segond Weber Rosy-salmon, one of the grandest novelties of recent years; the bud is long and pointed, opening into an enormous bloom which deepens its color until fully expanded, when it is as impressive as an American Beauty; a fine, strong grower.

Mrs. A. R. Waddell A strong, rampant grower with foliage that is ornamental in itself; buds long and pointed, rosy-scarlet, opening coppery-salmon; large and semi-double, but a wonderful keeper. One of the showiest Roses extant.

Mrs. David Jardine Delightful shade of bright silvery-pink, shading in the outer petals to salmon-pink. The blooms are large, of perfect form, and produce on every shoot; highly perfumed. A grand Rose, and unquestionably one of the finest all around general purpose Roses. Has come to stay.

Mrs. Theodore Roosevelt Creamy • white with rose center; bud long and pointed, flowers very large, full and of splendid form. Its freedom of bloom is most remarkable, beginning on very small plants and continuing without interruption. A grand garden Rose. Has made a fine record in Europe as well as in America.

Mrs. Aaron Ward

This Rose is a real joy to the grower and absolutely distinct. One of the most delightful Roses of recent years in a color that catches the eye at once. Coppery-orange in the open bud, golden-orange when partly developed, pinkish-fawn of lovely shade when fully open when it looks like a full fluffy-silk rosette. No wonder everybody that sees it fallsjin love with it; one of the most beautiful Roses in existance.

Miss Cynthia Forde
garden Rose, viz., size, form, brightness, vigor and habit. In color it is a deep, brilliant rose-pink, very large, perfectly formed and very full. It is sweetly perfumed and lasts a long time in good condition.

Radiance.

Radiance Color a brilliant rosy carmine displaying beautiful opaline-pink tints in the open flower. The form is fine; flower large and full with cupped petals. A fine variety, especially on account of its value as a summer cut flower variety. Very free in growth and production of bloom, has good habit, and the lasting qualities of the flowers are wonderful. Extremely clear.

Olivia The ideal red bedding Rose; was always just a little ways ahead—never quite reached. Such varieties as Meteor, Helen Gould, General McArthur, Gruss an Teplitz, Etoile de France each lacked something to make them ideal. Rhea Reid came nearer the mark in some localities, but now comes Olivia, coming under the wire first an easy winner. It has more petals in it than General McArthur and is a shade lighter in color than Rhea Reid, but has them both backed off of the boards when it comes to free blooming. A superb Rose.

Perle Von Godesberg A splendid Rose and worthy of yellow, with light saffron shadings. It was sent out from Germany as a yellow Kaiserin Augusta Victoria, but with us it has failed to prove to be a pure yellow.

President Taft There have been two Roses sent out under this name, a red variety from Europe without merit, and the one we here describe. This Rose was raised in Cincinnati, the home of President Taft. It is without question the most remarkable of all pink Roses. It has a shiningin, tense, deep pink color possessed by no other Rose. It is a fine grower, free bloomer, good size and form, fragrant.

Rheinland's Eyre A fine large flower of clear, even satinflower large, form of a perfect Camellia. A variety of the first order for the garden.

White Killarney This is the greatest forcing Rose of any winter give the appearance of a bank of snow. It is pure white in color, long in bud, of fine form; in fact it is the one Rose par excellence. It is also a great garden Rose, having more petals than its parent Killarney. A great acquisition and a really wonderful Rose.

Fine Novelties in Hybrid Tea Roses

On this page we offer the very latest novelties in Roses—the finest introductions, both European and American. They represent the highest achievements of the world's best and most skilled hybridizers. All on their own roots. Most of these varieties are imported from England, they not having been in commerce for a sufficient length of time to permit the sale of TWO-YEAR-OLD stock. We offer only strong one-year-old plants. No two-year plants of these sorts this season.

May Alexandra Lippiatt The flowers are very large and very full and are of perfect form, and are produced on strong stems; color bright velvety-red. A grand garden Rose. Sunburst

Sunburst

Sunburst

Sunburst

Sunburst

Sunburst

May Kenyon Slaney A Rose of wonderful distinctness and charm, possessing a wondrously profuse and continuous flowering habit; the blooms are large and of wonderful finish; the color is a charm in the sunburst of the sunburst o

it stands head and shoulders above all others of its color and will rank with American Beauty and the Killarneys in valu and grandeur. It has long, pointed buds, which can be cut tight for market. The color is orange-copper or golden-orange and golden-yellow; edge of petals lighter; all intense shades, extremely brilliant in effect. Belongs in the class of big Roses; has created a sensation wherever shown.

Althea Very beautiful opaque salmon-pink; base of petals shaded with orange and outside flushed rose; very large and full; of vigorous growth. The flowers produced freely. A handsome Rose.

A handsome Rose.

Chateau des Clos Vougeot

You have all been looking for the black Rose in a Rose; looks as if cut out of heavy velvet, with a color shading from deepest velvety maroon-red to blackish-crimson.

Double Pink Killarney The Killarney that will supersed the Killarney now grown. We have confidence in recommending this variety as a distinct improvement on the normal type, as it possesses from ten to twelve more petals than its parent.

Double White Killarney (Budlong, 1912.) A pure

Double White Killarney (Budlong, 1912.) A pure white killarney; has a much larger bud, double the size of the ordinary White Killarney; has many more petals than its parent.

Grace Molyneux Creamy apricot, flesh-colored center. Blooms large and fine.

George Reimers Growth vigorous, robust and free; flower large, very full and of excellent form. Color, brilliant fiery-red; buds long and elegant. A splendid bedder, or, brilliant fiery-red; buds long and elegant. A splendid bedder, double and of the largest size, opening flat as a plate; a vigorous grower and a very promising bedder. Has the beautiful form of Malmaison.

Jonkheer J. L. Mock This grand Rose is the strongest The blooms, which are produced with the greatest freedom, are carried on stiff and erect stems, and are of the largest size, of perfect formation, and highly perfumed. Color clear imperial-pink; a glorious flower. Awarded two gold medals, one silver medal and five first prizes in Europe. We can confidently recommend this sterling novelty as a most valuable addition.

Melody A most charming and decidedly beautiful Rose, which attracted the attention of all visitors to our Rose gardens during the past summer because of its marvelous free-blooming qualities. The blooms are of good size; the color is an intense, pure, deep saffron-yellow, with primrose edges; a delightful color harmony. A Rose of the highest merits.

Mrs. Fred Straker Orange-crimson in the bud, developing as the bloom expands to silvery-fawn on front of petals, and delicate orange-pink on back—it is barely possible to describe the coloring; buds long and elegant, with a perfect spiral finish, very floriferous, and in every respect a splendid Rose. Highly tea perfumed.

Mrs. Arthur Munt Suffused peach and deep cream, which becomes ivory-white as the flower develops; the blooms are large, full, and perfectly formed, with high pointed center and delicately tea scented. A delightful Rose for any purpose, but particularly valuable for the garden.

Mrs. Charles Custis Harrison Is a Rose of great beauty and distinctness. The flowers are produced in wonderful profusion; the blooms are large, full and of globular form; the petals smooth, circular and of great substance; color deep crimson-pink on front of petals crayoned deep crimson-carmine on the reverse side, a warm color that lights up well when held in varied positions of light; very highly perfumed.

Mrs. George Preston

A most beautiful and thoroughly distinct Rose, flowering in the greatest profusion. The blooms are very large, full and of globular form; the color is a very delicate, warm silvery rose-pink, a truly delightful color. Sometimes in autumn it is lighted up with delicate orange. Very fragrant.

Prince Englebart Charles de Arenberg Erect, vigorous growth; buds and flowers of large and perfect form, being long and pointed; massive petals. Color brilliant fiery-scarlet.

Theresa Deep orange-apricot, passing to madder-pink with carmine splashes. As the flower expands it becomes ecru-veined flesh-pink passing to silvery-pink. The flowers, which are semi-double, are produced continuously in the greatest profusion, and are delicately tea-perfumed.

OUR "GARDEN COLLECTION" OF Choice Ever = Blooming Tea Roses

For Outdoor Bedding or Indoor Pot Culture

The Roses in this collection are highly valued because of their fine colors and exquisite tea fragrance. They will bloom freely from June until November, even the one-year-old size (two-year-old plants of course will bloom more). This is a collection of Roses that no real Rose lover can afford to miss; some of them are particularly famous for the large size, beauty and brilliant colors of the blossoms. They bloom freely, flowering not only once, but all summer through. If planted in the spring so that they may become thoroughly established during the summer, they will, with few exceptions, prove hardy here, with protection during the winter. We wish to remind our friends of the superior quality of these plants; they are the product of years of experience and our improved methods of culture, which insures plants of the greatest possible vitality and abundance of bloom. We wish it were possible to show you a sample flower from each one of the Roses in this collection. You would be delighted with their exquisite beauty of form and color. The only reason we do not say more about them is, simply, because there is not room in our catalogue. Examine the list carefully.

Price, 10 cents each; any six for 50 cents or any fifteen for \$1.00; large two=vear=old Plants, 25 cents each; any five for \$1.00

Alliance Franco-Russe One of the really good Roses of the year. Very large, double and of beautiful rounded form, a soft, glowing orange and copper, flushee and shaded with ruddy crimson.

Archduke Charles Rich, bright red, large, full and double early and constant bloomer; very hardy and good.

Blumenschmidt Pure citron-yellow, outer petals edged tender rose, a sport from Franzisca Kruger which it resembles in form, and which has a more vigorous growth. Winner of three first premiums.

Bon Silene Noted for the great size and beauty of its buds, which are valued very highly for bouquets; deep rose color, sometimes bright rosy-crimson; splendid for outdoor cultivation.

Burbank A perfectly hardy, free-flowering, ever-blooming Rose. The flowers are double, of fine form, nearly three inches across. The color is a deep rose-pink, shading to a beautiful soft rose at the center. The petals are well incurved, so that the center is hidden. In September and October the outer petals change to a deep, rich carmine. Delightfully fragrant.

Bougere This is a superb Rose; extra large, very double and full; exceedingly sweet tea scent; color bronze-rose or violet-crimson, delicately shaded with lilac.

Beau Carmine A splendid Rose for bedding; fine carmine-red, with rich velvety color; flowers large, full and double; constant and profuse bloomer; fragrant and very

Bridesmaid The most popular pink Tea Rose. Thousands of this variety are grown every year for cut flowers, and it is also very desirable for summer bedding out of doors. It is a delightful shade of bright pink, very free flowering

Catherine Mermet
One of the finest Roses grown. Faultless in form and charming in every
shade of color, from the purest silvery-rose to the exquisite combining of yellow and rose, which illumines the base of the petals.

Clothilde Soupert Color a French white, deepening to a distinctness of shadings the well known Malmaison. Its greatest value lies in its compact, vigorous habit and wonderful profusion of bloom. Form and substance of the flowers are so perfect that the hottest weather does not cause a deterioration of either, so that even in midsummer a bouquet of splendid buds and open flowers can be obtained from this fine variety.

Cornelia Cook The buds are of immense size, borne up high on massive stems and with their round, full, heavy form, carry an air of dignity and grace quite unusual. The flowers are of the clearest, snowiest white.

Coquette de Lyon Vigorous, rapid grower and constant bloomer; pure canary-yellow.

Charles Rovolli A charming Tea Rose. Large globular flowers; full and sweet; color, a lovely shade of brilliant carmine, changing to silver-rose; center and base of petals clear golden-yellow.

Dr. Grill Coppery-yellow, with fawny-rose reflex. An entirely petals are large, round, and shell-shaped, and inclose a mass of shorter petals, which are of a brilliant color. A grand garden Rose.

Devoniensis On account of its whiteness and sweetness, often called the "Magnolia Rose." Creamy-white, delicately flushed in the center with pink. One of the most fragrant Roses and a favorite of long standing.

Duchesse de Brabant This Rose combines exquisite per-fume, beautiful coloring and matchless profusion of flowers and foliage. Soft, light rose, with heavy shading of amber and salmon. Quitte hardy.

Etoile de Lyon This magnificent Tea Rose, south of the Ohio River, has proved to be perfectly hardy. Blooms in the greatest profusion and each bud is a gem. Plowers are very large, double, full and deliciously fragrant. The color is a beautiful chrome-yellow, deepening at center to pure grades realless. golden-yellow.

Freiherr von Marschall As an outdoor Rose it has no superior. The flowers are large, beautifully shaped, double and full, and borne in wonderful profusion all through the growing season. It is bright red, one of the brightest, if not the very nehest colored Tea Rose in existence, fine, long, well-shaped buds.

General Tartas A first-class Rose for bedding. Brilliant carmine, deeply shaded with violet-purple, extra large, very double, full and fragrant.

Gen. Robt. E. Lee Orange-yellow. It is a good grower has elegant long buds, borne on long stems. It forces easily, being at its best in midwinter. The color is so peculiar and rich that it attracts attention wherever seen.

Golden Gate The flowers are extra large, very full and finely formed, and of excellent substance; the buds are long and of the most desirable form; the color is rich creamywhite, beautifully tinged with fine golden-yellow. The petals are large and broad and exquisitely bordered and tinted with clear rose, making altogether a Rose of the rarest and most indescribable beauty. In short, we can heartily recommend it as one of the finest and most beautiful Tea Roses grown.

Henry M. Stanley The color is a rare and remarkably beautiful shade of clear amber-rose, delicately tinged toward the center with fine apricot-yellow; the petals are beautifully edged and bordered with rich carmine, and on the outer reverse side pass to a lovely shade of salmon or buffrose; the flowers are large, fine, full form, excellent substance and deliciously fragrant, having a rich tea scent.

Helen Good, the Beauty Cochet ducers say: "This is a true Cochet Rose, and after two year's trial in the garden we pronounce it as good as, if not better than, any Rose for the garden ever sent out. We bought the entire stock of this Rose from the introducers, paying them \$1,000 for two plants, this being by far the highest recorded price ever paid for any Rose. The color is a delicate yellow, suffused with pink, each petal edged deeper, very chaste and beautiful."

Ivory, or White Golden Gate

Golden Gate has become so well known
to all Rose growers as an extremely free forcing variety of the
largest size, that all will understand what the new Rose, Ivory, is
like when it is described as a pure white Golden Gate, a sport from that variety.

Isabella Sprunt A bright canary-yellow; large beautiful buds suitable for cut flowers; a very sweet tea scent; profuse bloomer. It is no doubt the freest bloomer of all yellow Roses.

Jules Finger A magnificent Rose; elegant and valuable.
The color is bright rosy-scarlet, beautifully shaded with intense crimson.

La Princesse Vera
which are prettily shaped and quite distinct. Color pale flesh, changing to salmon-rose, shaded with carmine.

Lady Mary Corry Growth vigorous and of erect branch-produced and perfectly formed. Color deep golden-yellow, dis-tinct and fine.

Louis Richard

A superb Rose imported from France; extra large size; splendid full form, very double, delicious tea scent; color rich coppery-rose, changing to buff, shaded with carmine; center sometimes brilliant rosy-crimson.

Lady Mary Corry, Mile. Franzisca Kruger, Mme. Lombard, Queen's Scarlet, Souv. de Pierre Notting, The Bride.

Choice Ever-Blooming Tea Roses-Continued

Price, 10 cents each, any six for 50 cents, any fifteen for \$1.00; large two-year-old plants, 25 cents each, any five for \$1.00.

by this variety is well-nigh marvelous, and cannot be seen in any other Rose we know of, outside of its counterparts. White and Yellow Maman Cochet. The buds are beautiful, large, full and firm, and elegantly pointed; as they expand they show great depth and richness, sometimes measuring two and a half inches from base to tip. Flowers superb when open, extra large, perfectly double and of splendid substance. Small pot plants will in the open ground quickly make large, strong bushes, and produce, on long, stiff stems, great numbers of perfect flowers that are enchanting in fragrance and delicate brightness. The color is rich, clear pink, changing to silvery-rose.

Mosella
the petals. Clusters on single stems. The color is chrome-yellow in the center, getting creamy-white on the edges of it will make a great bedder and is perfectly hardy.

Maurice Rouvier
The color is a bright pinkish-rose, tinted with shades of buff, veined with deep crimson, while many of the petals have a wide border of silvery-white; strong grower and prolific bloomer.

Mile. Franzisca Kruger The striking color of this nandsome Rose places it at once in the front as a bud producer in the open air. In its shading of deep coppery-yellow it stands unique and distinct from all others. The flower, when open, is of good size and very symmetrical. One of the finest Roses to plant in masses and clumps.

Mme. Cecile Berthod Most beautiful both in bud and flower, which is deep golden-yellow. In fact, the deepest yellow in color of any Rose we grow. The foliage is very bright. This is a Rose of magnificent size and color.

Mme. de Vatry—The Creole Beauty
big clean
buds of great beauty and opens well, showing large, full double
flowers to great advantage. The color is a rich red, changing to
silver peach—reminds one of the delicate hues seen on the inside of
the fairest deep-sea shells—rosy-flesh bathed in golden-amber,
broad, shell-like petals, bright and beautiful; in every way a fine
Rose.

Mme. Caroline Custer Bright lemon-yellow; very free and handsomely shaped; one of the finest Roses; very free flowering.

Madame Margottin A famous Rose. Flowers very large, full and double, borne profusely. Color dark citron-yellow, bright red center. A strong grower and a remarkably fine Rose in every way.

Mme. Welche
The flowers have great depth and substance and are of fine globular form with broad, the center to fine orange or coppery-yellow, delicately tinged and clouded with pale ruddy-crimson. Both flowers and buds are remarkably sweet, and the plant is a good healthy grower.

Mme. Locmbard

A first class Rose for bedding; extra
large, full flowers; very double and sweet;
beautifully shaded of rosy-bronze, passing to salmon and fawn,
beautifully shaded with carmine; an elegant Rose.

Madame De Watteville

The color is a remarkable shade of creamy-yellow, richwidely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full and highly perfumed.

Madame Edmond Sablayrolles Color, bright yellow on the outside; center, orange-yellow; large, full flower, opening well.

Molly Sharman Crawford

Rose. It is one of the freest branching and fastest growing in the whole Rose family. The blooms are of the grandest size, of elegant form and build. The color is very pure, texture durable; it blooms freely and continuously.

Marie Van Houtte
In the open ground it is truly magnificent. The flowers are extra large and are deliciously fragrant. The color is pale canary-yellow, shading to pale rose. Magnificent.

Mrs. Ben. R. Cant
the form of a good Hybrid Perpetual. A very free grower, in fact it is one of the strongest growing Roses we have. It flowers as continuously and freely as a China Rose, and is especially fine in autumn. This Rose is bound to take rank with the best Roses grown.

Marie Guillot This beautiful Tea Rose continues in popular favor, and still maintains its position as one of the best white Roses of its class; flowers of an unusual style, entirely double to the center, and very sweet-scented. Habit of growth the best.

Papa Gontier

A grand red Tea, of fine crimson shade and silken texture (as distinct from velvety texture). The bud is of fine size and graceful form. Extremely free both in growth and bloom. Very long and beautifully leaved stems can be cut, the foliage begin very dark and heavy. One of the best, and a perfect bedder. If you desire a good Rose, one that will give entire satisfaction, you should procure this one, as it is a plant of great value.

Perle des Jardins Probably better known than any other yellow Rose grown. Beautiful clear yellow, distinct from all other Tea Roses.

Rose Gubert Color canary-yellow, deepening at the center; bud long, producing a large flower. Extremely free in growth and bloom.

Queen's Scarlet This is, without any doubt, the very best of the red Roses for bedding. It can be planted anywhere, being entirely hardy. The flowers are of large size and of a fiery scarlet, a color seldom seen in Roses. Indeed, a bed of this Rose produces a mass of red equal to a bed of Geraniums.

and Maman Cochet, with beautiful closely set foliage and a strong, sturdy habit of growth. The bloom is very large, perfectly full, of elegant form; has a beautiful long bud; the colors are very bright, distinct and clear, and have no unpleasant tones—orange-yellow, bordered in carmine-rose.

Snowflake This is a lovely white Rose, a pure Tea, but a foreign seedling, the freest flowering white Rose we have ever seen. It will be especially useful in set designs. For a pot plant it cannot be excelled, as it possesses every good quality of a pot Rose.

Sunrise In close bud form it shows the high brilliant colors seen only in the Austrian copper, scarlet and yellow. As it opens the color deepens, the scarlet turning darker red, the yellow to orange and copper, inside of petals golden-yellow. The open Rose is large, perfectly double and of grand form. Poliage glossy and thick.

Souvenir de la Malmaison This grand old variety when used as a bedding Rose in summer has no equal, as it produces the most perfect flowers in the hottest weather. Its rich flesh-colored flowers are of immense size, double to the center; are produced in abundance; exquisitely fragrant; a noble Rose.

Safrano Bright apricot-yellow, changing to orange and fawn, sometimes tinted with rose; valued highly for its beautiful buds; fragrant and a rampant grower.

Souv. d'un Ami
The color is a deep rosy-flesh, beautifully shaded with rich carmine; edges reverse petals silver-rose; clear and bright. A Rose that will

Sombreuil Beautiful white, tinged with delicate rose; buds are large and full, blooming in clusters.

Sunset A grand variety. The flowers are of large size, fine full form, very double and deliciously perfumed; the color is a remarkable shade of rich golden-amber, elegantly tinged and shaded with dark ruddy copper. Intensely beautiful and resembling in color a splendid "Afterglow."

The Queen

This elegant new Tea Rose originated in this country. It is a very large, pure snow-white, ever-blooming Rose; the flowers are extremely large, very full and double, and delightfully perfumed; a vigorous and healthy grower

GARDEN COLLECTION OF

Choice Ever-Blooming Tea Roses-concluded

Price, 10c each, any six for 50c.; any fifteen for \$1.00; large 2-year-old plants, 25c, any five for \$1.00

The Largest White Rose, The Bride doubtedly the finest white ever-blooming Rose ever offered to the public and we take pleasure in recommending it to all our customers. The buds are very large and of exquisite form; the petals are of fine texture and substance, and the full flower is very double, measuring from three and one-half to four inches in diameter. The color is a delicate creamy-white. The blooms can be cut with long stems and will last in a fresh state after being cut longer than any known variety.

Uncle John
Never out of bloom during the whole growing
season. Pretty buff-yellow flowers, shading to
white and pink, large, full and fragrant; a strong, bushy grower.

Virginia A vigorous grower of bushy habit, the blooms are large and double, finely formed, lasting and of excellent substance. Color light yellow, with a tinge of saffron at the center, and reverse of petals of pinkish cast.

White Bougere A beautiful large pure white flower, with shell-shaped petals; fine both in bud and fully open flower. Plant is a strong, healthy grower. equally valuable for pot or garden culture.

Wm. R. Smith A most promising summer bedder with beautiful, firm, glossy foliage, quiet like Cochet in appearance and durability; very vigorous in growth, with flowers of heavy texture; color, creamy-white with shadings of pink. Succeeds admirably in the open ground, bringing fine blooms on long, stiff stems. Hardy with light protection.

White Cochet A grand Rose. Identical with its parent, Maman Cochet, the queen of all pink garden Roses, except in color of flower, which is snowy-white, sometimes faintly tinged with the faintest suggestion of pale blush. It has the same freedom of bloom, magnificent form of buds and flowers, which is marvelously beautiful in its perfection. The flowers are large and very double, with petals of unusually heavy texture, making it of more than ordinary value in open ground.

Yellow Maman Cochet, or Madame Derepas

Matrat The unusual hardiness of this Rose—a pure Tea—makes it especially adapted for bedding. It is a fitting companion to those other grand summer Roses—the White and Pink Cochets—offering a sturdy, clean growth with stiff stems and luxuriant bloom. Flowers large, perfectly double and shapely, of a rich sulphur-yellow.

SIX GARDEN COLLECTIONS OF

Ever-Blooming Roses for Bedding or Indoor Pot Culture

Our list of ever-blooming **Garden Roses**, described and illustrated on the foregoing pages, will, we trust, find favor with our customers. While it contains some of the most satisfactory varieties of recent introduction, it also contains sorts which have made a reputation for themselves as splendid bedding varieties.

As is our custom in making up collections for our customers, we have selected varieties showing marked contrasts in color combined with hardiness, vigor of growth and abundance of bloom, so that purchasers in obtaining one or more of these collections may rest assured that they procure sorts which, although limited in number, will give them a variety unexcelled in all the prime qualities of the best Garden Roses.

Our Garden Roses are famous throughout the country; they give universal satisfaction, as is evidenced by the number of ordinary conditions, give an abundance of bloom the first year, but the larger sizes will, of course, bloom earlier and more profusely.

Slug = Shot Kills Bugs

A cheap powder destructive to insects that are injurious to house plants, trees, shrubs, vines, potatoes, melons, cabbage, currants, etc. Used in all latitudes since 1880 with safety to man, beast and fowl. Put up in perforated cartons and screw-top canister, and is handy to use, merely dusting on the plant with the can. If you are troubled with insects on your Rose bushes, we recommend you to try this. It does the work quickly and thoroughly. Price, by mail: Canisters, (1 lb.), 40 cents each; Cartons (1 lb. paper box), 30 cents each. Price, by express: Canisters, 25 cents each; Cartons, 15 cents each; 5-lb. packages, 35 cents each.

Not subject to Club Rates.

A Sample Bed of Our Fourteen Special Favorites in Hardy Ever-blooming Roses.

FOURTEEN SPECIAL FAVORITES

Bessie Brown, Clothilde Soupert, Etoile de Lyon, Rosemary, Wnite Maman Cochet, Maman Cochet, Ball of Snow, Champion of the World, Helen Gould, Helen Gambier, Etoile de France, Excelsa, Mrs. B. R. Cant, Mile. Franzisca Kruger.

Price, Entire Set of Fourteen for \$1.00; Two=Year=Old Plants, Any Six for \$1.25; Set of Fourteen for \$2.60.

By our faithful attention to the wan's of customers we have won a confidence that we consider one of the most valuable assets of our business. Our appreciation of this confidence, therefore, makes us feel especially the responsibility of selecting from among our entire list fourteen Roses which we can recommend as the most reliable for general planting. There are so many beautiful Roses nowadays that it would not be just to say of any fourteen, "These are the best," but we do say that in this set of fourteen each one contains the qualities of a high grade Rose. They are all strong, vigorous growers, bloom abundantly and all are among the hardiest in this everblooming class. They will bloom the first season and every succeeding season, all summer long, even the one-year size, but best about them is the beauty of the flowers, in form, color, fragrance, every way; but read the descriptions on preceding pages and then order. If you can only have a few Roses, don't fail to get this collection. It will give you unbounded satisfaction. We have made the price very moderate, placing them within the reach of all.

Fair Sample of a Two-year-old Rose from Our "Giant"
Collection in Bloom.

Our "Giant" Collection of Large

Two=Year=Old Ever = Blooming Roses

FOR IMMEDIATE EFFECT

These bushes are two years old, strong and healthy. They make, of course, more of an appearance from the first than does the smaller stock, having practically a year the advantage in all respects—an advantage for which we find many persons willing to incur the additional expense.

The selection of varieties must be left to us, and we will send only strictly high-grade Roses. All will be different, and all correctly labeled.

GIANT COLLECTION No. 2—Eight two-year-old Hardy Ever-Blooming Roses, all different colors......\$1,00

EVER-BLOOMING CLIMBING ROSES

Price, 10c each; Any 6 for 50c. Large, Two-year-old Plants, 30c; Any 5 for \$1.25.

In the South or on the Pacific Coast, where they stand the winters, nothing can compare with them for beauty of bud and foliage. Are never to be forgotten when seen in full bloom, loaded with thousands of magnificent flowers.

NOTE—The Roses on this and the following pages are the most rampant and vigorous in the whole Rose family. They may be kept out of doors in the North by laying them down and covering with leaves or litter. If you want Roses to "get there quick," these are the ones to plant:

Bardou Job A vigorous climber. The foliage is large and cathery, the flowers large and semi-double. Roses will startle you.

Chromatella, or Cloth of Gold A grand Rose for the South. Clear, bright yellow, very sweet and beautiful. It blooms rather sparingly, but makes up for this deficiency by being wonderfully beautiful.

Climbing Malmaison old, well-known Malmaison, or old, well-known Malmaison, or and all, will be glad to hear that we have a climbing variety that is sindentical with the parent. This variety will prove of inestimable value to all lovers of fine climbing Roses. It will prove perfectly hardy south of Washington, D. C.

Caroline Goodrich, or Climbing General

Jacqueminot This Rose has finely formed, very double flowers, and its fragrance is most delicious. This is a hardy Climbing Tea, and should not be classed with the hardy climbers that bloom but once a year. The color is the same as that of General Jacqueminot.

Caroline Marniesse A hardy ever-blooming bedding Rose that deserves more than ordinary attention. Flowers medium size, pure white, very double and borne in clusters. Of easy culture and free bloomer. Perpectly hardy if slightly protected. This we consider one of the most desirable Roses for cemetery planting, as it is quite hardy and produces its clusters of pure white flowers throughout the season.

Climbing Devoniensis Identical in all respects with the Tea Rose "Devoniensis," except it has the climbing habit; flowers of great size, very double; a magnificent variety.

A Grand, Velvety-Red Rose, Climbing Meteor

Climbing Meteor is the acme of all red climbing Roses. It is a free, persistent bloomer, and will make a growth of from ten to fifteen feet in alseason; in bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of all Roses for summer blooming, as it will make a strong growth and is literally baded with its deep, rich red flowers all the time. Its flowers are much larger than Meteor, and are richer in color. It is just the Rose to train up the veranda or around windows, where its great beauty will show up to good advantage. Don't fail to plant one or more of Climbing Meteor.

as the largest Rose extant. In Climbing Paul Neyron has always been known the largest size coupled with its bright, fresh pink color, that no Rose excels; and it is also a true perpetual bloomer. The freest of all climbers. This Rose is a wonder. Be sure and try it.

Climbing Clothilde Soupert In a single season fifteen to twenty-five feet. They are distinct, large, round, full and double, with beautifully imbricated petals, and deliciously sweet. The color effect is magnificent—ivory-white shading toward the center to a silvery-rose. Cluster after cluster of flowers is produced throughout the entire season, and the bush at all times is literally loaded down with them.

EVER = BLOOMING CLIMBING ROSES

(CONCLUDED)

Price, 10c Each; Any 6 for 50c. Large, Two=year=old Plants, 30c; Any 5 for \$1.25.

Climbing Killarney] A climbing type of the famous pink "Killarney." It is identical with the parent variety except that it is of the climbing habit of growth. Color is a most exquisite shade of rich imperial pink; deliciously fragrant. It is a strong, rapid grower. A splendid addition to the class of hardy Everblooming Climbing Roses.

Climbing Perle des Jardins. Same as the grand old Pelple des Jardins, equally good in every way; vigorous climbing habit. Its large, full, well-formed golden-yellow flowers, borne on stiff stems, make this variety desirable for bouquets and artistic floral decorations.

Climbing Welche
thing to commend it. All the valuable characteristics of Mme.
Welche, from which it is an offspring. Grows rapidly and strongly, and blooms freely as does its parent. The flowers are identical with Mme. Welche, a beautiful shade of soft amber-yellow, deepening towards the center to fine orange or coppery-yellow, delicately tinged and clouded with pale ruddy crimson. Both flowers and buds are remarkably sweet. Hardy if protected.

Empress of China
There is no other Rose like it that will bloom for so long a time. It is simply wonderful. When it first opens, the flowers are a beautiful red, but soon turn to a lovely light pink, and it blooms so profusely as to almost hide the plant. It is perfectly hardy and a vigorous grower.

Golden Chain, or Climbing Safrano (Reve d'Or) A beautiful pilar Rose, being a strong climber. Color orange-yellow, or deep saffron; good size, full and sweet.

Lamarque White with sulphur center, sometimes pure white; very large, full flowers, fragrant and makes beautiful buds; and excellent Rose. Well-established plants bear thousands of its beautiful white buds.

Mary Washington Its flowers are of medium size, pure white, perfectly double tothe center, sweet, and borne in endless number all summer. It is a vigorous and rapid grower, and at once becomes a general favorite. It makes a great profusion of fine buds, which are borne on long stems and usually in large clusters. Its fragrance is tinged with the old-fashioned musky flavor so much admired in olden times.

Mrs. Robert Peary, or Climbing Kaiserin

This is by all odds the most remarkable new Rose of recent introduction. It is an offspring of that grand variety, Kaiserin Augusta Victoria. The flowers are extra large, full, deep and double are of excellent substance and produced on long, stiff stems, like a forcing Rose; buds are long and pointed. Pure ivory-white. Fragrance is delicious. It grows to perfection outdoors, throwing up numerous shoots 10 to 15 feet high in a single season.

Marechal Niel, The Most Popular of All

A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world ever; they illustrate the globular form in its perfection, and are almost massive in dimensions. It is almost universally held to be the finest climber indoors or out, where the climate admits of its cultivation. This is one of the Roses that starts rather slowly, and for that reason the best success will be had with the larger plants. This superb Rose is especially recommended for the Southern States where it requires but little outdoor protection.

Mme. Driout The striped Reine Marie Henriette (as the name implies, it is a sport from the old favorite Reine Marie Henriette). Has the splendid vigor and the form of the mother Rose, while beautifully striped, flamed and shaded in bright carmine over pale rose.

Pillar of Gold Pillar of Gold introduces the Rose lover to something quite distinct in climbing Roses. The color of its flowers places it in a distinct class by itself. In Pillar of Gold we have a jewel. The blooms are double to the center, of the largest size, and come in immense sprays or bunches of from five to ten blooms on a single branch, and the effect throughout the summer is a perfect sheet of gold. The color is a deep yellow flushed with coppery-yellow. Reverse of petals shows touches of bright rose. If you have seen the deep yellow of Mlle. Franzisca Kruger in the fall when the nights get cool, then you get an idea of the beautiful deep golden-yellow of this Rose.

President Cleveland, or Climbing Marie

Guillot Color pure snow-white, sometimes faintly tinged with pale yellow.

Reine Marie Henriette
flowers are exquisitely formed, very full and double, nicely teascented, strong growing and very free-flowering.

Solfatare Fine, clear sulphur-yellow; large, double, full and fragrant; an excellent climbing Rose; valuable.

The Red Marechal Niel
This brand new Rose is a strong, vigorous grower; look a sweet-scented. A splendid Rose, and destined to become very popular.

w. A. Richardson

Branches strong and spreading;
flowers of good size, full, of fine form,
color orange-yellow; a new shade of Noisettes.

White Marechal Niel The fame of Marechal Niel, with flowers, is so world-wide that nothing further need be said of this new variety to make it instantly popular, than that it is the counterpart in every respect of Marechal Niel, its parent, save the color of the flower, which is pale creamy-white, totally distinct. It is a rapid climber.

Basket of Roses cut from one of our "Imperial" Collections.

"IMPERIAL"

Rose Collection

20 Ever-Blooming Tea Roses for \$1.00

FINE PLANTS FROM TWO-AND-ONE-HALF-INCH POTS. (POSTAGE PREPAID.)

They will delight you with exquisite and abundant bloom this summer. This offer cannot be excelled either in quantity or quality.

This collection is strictly of our own selection, and we guarantee them to be well rooted, to reach you in good condition, and to be a fine assortment of colors all correctly labeled. Many of our very best varieties will be included in the collection.

This offer is made only to induce you to give us a trial, and it will be to our interest to send only a fine assortment of good Roses, well rooted, that are sure to bloom freely the first year.

A FAMILY OF Hardy Rambler Roses

These beautiful, new hardy climbing Roses are unexcelled. There is nothing like them after they become established in their strong luxuriant growth, freedom of bloom and bright colors. This family of Roses has become so popular everywhere, notably the famous Crimson Rambler, Pink Dorothy Perkins, White Dorothy Perkins and Flower of Fairfield, that extended descriptions are not necessary. They are almost as necessary adjuncts to one's home as the furniture in it. Absolutely hardy everywhere; once planted, they are practically permanent. Price, 10 cents each, any six for 50 cents; two-year-old plants, 30 cents, any five for \$1.25.

Flower of Fairfield A sport from the notable Crimson Rambler, which it resembles in every respect, except that it continues to bloom all summer. Its European growers claim that it produces a marvelous succession of brilliant crimson clusters from early spring until late autumn. Sure to be in great demand.

Keystone This great new Rose has a vigor of constitution found in no other Rose. The open flower is perfectly double, resembling Clothilde Soupert; buds blossoms.

Yes the control of the

Lady Gay Flowers numerous and of good size, delicately perfumed. Warm cherry-fine carpet Rose and exceptionally showy for fence covering.

Miss Messman (Climbing Baby Rambler)

Crimson Rambler that would bloom more than once. Here you have it. Everyone knows how Baby Rambler is always in bloom. This is simply a climbing form of the Baby Rambler, embracing all its good qualities.

Philadelphia Rambler It differs from the Crimson Rambler. The color is deeper and more intense; the flowers are perfectly double to the center, very durable and of fine substance. The blooms are larger than those of Crimson Rambler.

Pink Dorothy Perkins

Extremely hardy, withstanding the most severe winters with impunity. The flowers are borne in clusters of from six to ten and are very double, with prettily crinkled petals. Remarkably pretty pointed buds, beautiful clear shell-pink in color, lasting a long time without fading. The flowers are sweet scented. The foliage is rich, deep green, and of thick, leathery substance.

Tausendschoen, or Thousand Beauties

The flowers are the most delicate shade of pink ever seen in a Rose, might be described as a white delicately flushed with pink changing to rosy-carmine. It gets its name from its many flowers and the variation in coloring.

Veilchenblau, the New Violet-Blue Rose, or "Blue Rambler"

"A Rambler or Climbing Rose, with steel-blue flowers semi-double, medium sized, appearing in large clusters. Has showy yellow stamens which, combined with the blue of the petals, make a very attractive flower. It is a very strong grower with glossy green foliage and few thorns."

[New] A pure white sport of the well-known

White Dorothy Perkins (New.) A pure white sport of the well-known Dorothy Perkins, of same habit of growth and free-time. A most valuable addition to this class.

Yellow Rambler (Aglaia) Flowers are deep golden-yellow and very fragrant.

Dorothy Perkins

Crimson Rambler

The Popular Crimson Rambler

The plant is of a very vigorous growth, making shoots from eight to ten feet during the season. It is also magnificent in bush form; color is the brightest crimson. The flowers are produced in great pyramidal panicles, the individual flowers measuring about one to one and one-half inches in diameter.

The Hybrid Polyanthas Or Baby Ramblers

This charming class of Roses are the sensation of the last few years. They represent the triumph of productive effort among Rose growers in bringing the vivid colors, prodigal freedom and beautiful clustering form of the grand outdoor Rambler Roses into the house for winter decoration. Price, 10 cents each, the set of 6 for 50 cents. Strong, two-year-old plants, 30 cents each, or the set of 6 for \$1.50.

Baby Dorothy A'true dwarf form of Dorothy Perkins, containing the family virtues, and pink beauty. The prettiest pot Rose on the market.

Crimson Baby Rambler Superb for single specimens, dwarf hedges and bedding. It has become so famous that it scarcely needs a description. Color clear brilliant ruby-red; dark, glossy toliage, free from insects. Absolutely hardy everywhere.

Jessie (New). An ideal rose for bedding, massing or for pot culture. The flowers, which are produced in huge clusters, are of a bright cherry-crimson color, which does not fade; superb.

Mistress Taft (New.) A brilliant rosy crimson; flowers and foliage somewhat resembling Baby

Orleans Rose (New.) A charming sort of the true Polyantha type, of clean, vigorous growth and unusually brilliant foliage. Flowers are strikingly handsome; a warm geranium-red with center of pure white.

White Baby Rambler As delicately tinted and as full of clusters as any Polyantha Rose. Its pure white flowers are perfectly double, and bloom with the unceasing freedom of the reds and pinks of this class.

Arbor or Hardy Climbing Prairie Roses

These are the only Climbing Roses that are perfectly hardy everywhere, and are consequently of the greatest value. They can be readily trained to a height of ten to twenty feet, as they grow with very great vigor. They bloom the second year and but once in a season, but are then loaded with splendid Roses, and are among the most beautiful of flowering plants.

Price, 10 cents each, any 3 for 25 cents; two-year-old plants 30 cents each, any 3 for 75 cents.

Baltimore Belle Pale blush, variegated carmine, rose and white; very double flowers, in beautiful of the very best of the type.

Greville, or Seven Sisters Flowers in large clusters; to crimson.

Prairie Queen Flowers very large and of peculiar globular form. Bright rosy-red, changing to lighter

Tennessee Belle Flowers bright, beautiful pink; is more slender and graceful in growth than any

The Lady Banks or Banksian Roses=The Rose for Califor=nia=There are Two Colors.

These are fine climbing or trailing Roses, should bloom the second year after planting and are very beautiful. As the flowers are produced on the old growth, they should be pruned very little. The flowers are quite small, very double, come in immense clusters, and have a delicious Violet fragrance; indeed, if you were blindfolded you could not detect the difference between the fragrance of the Banksia Rose and the Violet.

White Banksia Pure white; beautiful, perfect form. 10 cents; two-year-old plants, 30 cents.

Yellow Banksia

Fine clear yellow; very full and beautiful lo cents; two-year-old plants, 30 cents.

Japanese Creeping or Memorial Roses

These are most desirable Roses for planting on banks, or for slopes or for covering graves. Entirely hardy every-where.

Price, 10 cents, any 3 for 25 cents; two-year-old plants, 25 cents each, 5 for \$1.00.

These charming Roses are of the same creeping habit as Rosa Wichuraiana, trailing over the ground or creeping about the trunks of trees and pillars with delightful effect. These Roses are of intense hardiness, and succeed in all soils, even on the poorest and driest conceivable.

Mrs. Lovett New double sweet-scented Memorial Rose.
Roses are very double, two to two and one-half inches in diameter, of the livelliest, most cheerful, bright rosy-pink. Best of all, it is as fragrant as the American Beauty.

Manda's Triumph
inches in diameter.

Produces large clusters of well-formed double flowers of pure white, two

Pink Roamer Single variety; flowers nearly two inches in diameter, bright, rich pink, with almost white center and orange-red stamens.

Wm. C. Egan A cross between General Jacqueminot and R. Wichuraiana. Blooms in large attractive trusses. Flowers large, full, and a beautiful pink; always hardy and dependable. A grand Rose.

Rosa Wichuraiana (Memorial Rose.) Handsome for covering rockeries, mounds or embankments; especially valuable for cemetery planting. The pure white, single flowers appear in greatest profusion during the month of July, while its almost evergreen foliage makes it very desirable at all seasons of the year.

Three Hardy Climbing Cherokee Roses

Price, 10 cents each, set of 3 for 25 cents; two-year-old plants, 30 cents each; set of 3 for 75 cents.

Amoena This wonderful Rose was raised in Califorina and it will sweep the country like wildfire when it is once known. The flowers are the same as the white-flowering Cherokee, except that the color is a glowing pink with golden-yellow center. Resembles huge apple blossoms. This is one of the reall valuable Roses of the times; it is beautiful beyond description.

Cherokee Single This is the famous Cherokee Rose so well known in California and other parts of the country. Large, pure white single flowers with center filled with golden-yellow anthers.

Cherokee Double A beautiful hardy Rose, bearing double white flowers: very fine. The foliage of this Rose is very distinct.

EIGHT OF THE BEST AND MOST DESIRABLE

HYBRID PERPETUAL ROSES

Price, 15 cents each; 4 for 50 cents; set of 8 for 90 cents;; large two-year-old plants, 40 cents each; any 3 for \$1.00; set of 8 for \$2.00.

Rose American Beauty.

Frau Karl Druschki, or White

tacks of insects, rust or blight.
This is certainly a grand variety.
Hugh Dickson A vigorous grower with handsome foliage, deep red on the young shoots, chang-

One of the choicest of the June

Captain Hayward This is probably the grandest of all red Hydrid Perpetuals. The bloom is of the largest size. Color, deep glowing red flushed with crimson. A free bloomer; deliciously per-

full, of beautiful cupped form and produced in great pro-fusion, every shoot being crowned with a flower bud; foliage handsome, and habit unusually good.

American Beauty Rose Flowers very large, of beauticolor a deep, rich rose. The fragrance is delightful, resembling La France or the old-fashioned Damask Rose. A true everbloomer, each shoot producing a bud. This popular Rose is too well known to need further description.

His Majesty Dark deep crimson, shaded deep vermilion-crimson towards the edges. The blooms are full, of great size, having wonderful substance and depth of petal, with high pointed center. It is also one of the sweetest perfumed Roses in cultivation.

MOSS ROSES

Henri Martin
Price, 15 cents each; two-year-old plants, 35_cents.

Rich, glossy pink, tinged with crimson; large globular flowers, every full and sweet; finely mossed; one of the finest.

John Cranston Color violet-red; very fine, strong grower; very desirable. Price, 15 cents each; two-year-old plants, 35 cents.

Comtesse de Murinais Fowers white, sometimes tinged with flesh mossed. One of the best Moss Roses. Price, 15 cents each; two-year-old plants, 35 cents.

De Luxembourg Bright crimson-scarlet, large and double, very sweet and mossy. Price, 15 cents each; two-year-old plants

One each of these four beautiful moss Roses in one-year-old plants, 45 cents; same in two-year-old plants, \$1.00.

Standard Varieties of Hardy Hybrid Perpetual Roses

The Hyrid Perpetuals or "June Roses," as they are commonly called, are the hardiest of all Roses, standing the cold winters of the North. After once planted they require but little care, increasing in size and beauty each year. They are covered with bloom in June, although they bloom considerably through the summer and fall, but the greatest profusion of bloom it to be considerably through the summer and fall; but the greatest profusion of bloom is to be seen in June. Our collection of this class of Roses comprises such varieties as are most valuable. They are strong plants, grown on their own roots, will grow and give a profusion of fragrant bloom.

Price, 10 cents each; any 6 for 50 cents; two-year-old plants, 30 cents each; any 5 for \$1.25.

Anna de Diesbach The famous "Glory of Paris." Bright deep clear pink, of largest size; fine bud and open flower.

Black Prince Deep blackish-crimson; large; full and globular.

Boule de Neige, or Ball of Snow

Pure white, flushed rose, very floriferous

Captain Christy Delicate peachblow-pink, center richer in color; large and full.

Elio Flesh color shaded in the center to rosy-peach. Large, fine, globular form; free bloomer and distinct.

Coquettes Des Alpes Large, full, fine-ly-formed flowers; color pure white, sometimes faintly tinged with pale blush.

General Jacqueminot Bright, shin-ing crimson, very rich and velvety; exceedingly brilliant

Giant of Battles The color is a most intense glowing red.
The flowers are very large, perfectly doub!
Gloire Lyonnaise Very large, full flowers. Color white,

base of petals canary.

Madame Charles Wood Bright cher-· ry-red: extremely free bloomer.

Madame Masson This is a glorious Rose. The flower is of the largest size. Color bright brilliant red. Magna Charta A bright, clear, deep pink, flushed rose.

Marie Baumann Brilliant, vivid red;

Roses. It is hard to beat. Good bloomer.

This is the ne plus ultra in red Deep, rich glowing red.

Madame Plantier One of the old June Roses, at which time it is literally covered with pure white perfectly double fragrant flowers, which hang on for a long time. A beautiful cemetery and hedge Rose.

Paul Neyron Deep rose; flowers of immense size; indeed many claim this to be the largest Rose grown.

Prince Camille de Rohan Deep velvety crimson-maroon, full and of good form and per-haps the best of all the hardy dark Roses.

Vick's Caprice Large, full. Color bright satiny - pink, striped

CHRYSANTHEMUMS

The People's Flower. Magnificent, Large Flowering Japanese Exhibition Varieties

CULTURAL DIRECTIONS

If the Following Directions are Carefully Followed, the Blooms Can be Brought to Perfection Outdoors as Late as November 15th

For Large Cut Flowers
Plant in a bed enriched with a good amount of well-rotted cow manure. As the side shoots, or suckers, appear at the base of the leaves, carefully pinch them out, thereby throwing the strength into the main stem, which keep carefully tied to a stake. When the buds appear, pinch out all the buds save the strongest one and water with liquid cow manure, about once a week until the bud begins to show color, then water only with clear water, being careful to keep the water off the flower. By the above culture any person should be able to produce flowers of mammoth size, which should mature before the early frosts appear. If there is

danger of frosts, drive stakes in the bed and cover with muslin. If desired, four or five branches may be left, but only one flower should be allowed to each branch.

Pot Plants

When the main steam has attained a growth of about six inches pinch the top out of it, leav-

ing four or five eyes, which will start out side branches; when these side branches have attained a growth of about four inches, pinch them, same as the main stem. When the buds appear you can disbud each branch, leaving only the strongest bud, or allow all of the buds to mature in a cluster

FOR FURTHER DIRECTIONS SEE CIRCULAR SENT WITH PLANTS.

GENERAL COLLECTION OF CHRYSANTHEMUMS

Price, 8 cents each; eight for 50 cents. Your selection of any eighteen for \$1.00

Admiral Sampson A tall, erect-growing variety. Color reverse; very fine.

*Alice Byron Color purest white, with clear, smooth florests. This will be found an extraordinary

*Black Hawk shows no reverse.

*Black Hawk park velvety-crimson. Extremely fine grown in sprays. Beautifully reflexed;

*Clementine Touset

lasting varieties, either on or off the plants; has splendid stem and foliage. The finest early commercial variety of recent years; a very profitable sort.

Col. D. Appleton The new Yellow. After thorough tests to be one of the finest yellows ever sent out. It is an ideal exhibition variety, with flowers of immense size, measuring twenty-two inches in circumference and of great depth. Flower is a magnificent Japanese incurved, with lower petals reflexed, and not showing any center. Beisdes its immense size and beautiful shade of clear yellow, another point in its favor is its almost faultless stem and foliage, growing fully up to the flower.

Dr. Enguehard Japanese incurved. One of the best introductions of recent years; has been awarded highest honors wherever exhibited. Color a true pink, without the least trace of purple. Stem and foliage perfect. Equally valuable for exhibition or commercial purposes. Perfectly double. Every flower is perfect; midseason variety.

Edna Prass Salmon. A fine bold, recurving, globular flower of great substance and depth. When opening, of a delicate salmon, then changing to a creamy-white, delicately shaded blush.

*Estelle Produces extra-sized flowers of the purest white. Fine, deep form, with foliage evenly distributed Marketable blooms were cut on October 4th.

Effie Dean A beautiful sport from the fine commercial ivory-white, beautifully reined; when flower is fully developed shows the carmine center, making it very effective.

F. S. Vallis An immense Japanese flower, yellow, deepening to a fine citron shade. Long petals twisting and reflexing into a broad, deep bloom. Easy to grow and extra fine.

*Glory of the Pacific good shape for cutting October reflex, showing the clear pink color to excellent advantage.

*Golden Glow Bright yellow, of velvety finish; fine stem and foliage. Flower five and one-half low. Blooms from August 20 to September 10.

Golden Eagle Deep, bright, golden-yellow, of shining texture; very large, bold flowers, with

General Collection of Chrysanthemums=-Continued

Price, 8 cents each, eight for 50 cents. Your Selection of any eighteen for \$1.00

*Mrs. Henry Robinson In the entire Chrysanthe-grander white variety; it is of the most popular style—immense incurving, broad channeled petals of great substance and the purest white—can be used a few days earlier, but it is a sin to cut it until the center petals have begun to develop; from a flat incurved form it gradually changes into a perfect ball of snow.

John Shrimpton Rich velvety-crimson—the finest red Chrysanthemum extant; has won many prizes on account of its many good qualities.

Golden Chadwick

The variety is perhaps the most unique sort of its color yet introgrower and remarkably prolific bloomer, producing its bright golden-yellow flowers in the greatest profusion.

Helen Frick Color a beautiful clear pink (like the Mermet Rose), slightly deeper at the center. The petals have a solid, waxy texture.

*Ivory

Unexcelled for pot culture or cutting; pure white flower of exquisite form and finish; it is especially and absolute purity of color.

Jeannie Nonin Of the largest size, perfectly globular, finely finished, an easy doer, and a splendid keeper and shipper. This variety is queen of commercial whites, the color being very pure.

John K. Shaw Very solid Japanese incurved; large in size, fine light pink, splendid stem and foliage; grows to a height of three and a half feet and blooms about October 15th.

Kate Broomhead A grand exhibition variety, producamber or orange. A grand exhibition variety, producing a massive flower of golden-

Lelia Filkins A lovely shade of pink, fully seven and a half inches when well grown; habit very stout, with beautiful foliage; winner of many prizes.

Major Bonaffon Color soft, clear yellow, very full globacross, crowded with fine incurved petals.

Miss Clay Frick
ham. The flowers are incurved with bright petals, very large and held up by strong stems with good foliage.

General Collection of Chrysanthemums==Continued

Price, 8 cents each; eight for 50 cents. Your selection of any eighteen for \$1.00 Those marked with a star (*) are the earlier flowering varieties.

Millicent Richardson.

*Millicent Richardson A rare color in Chrysanthemums and very attractive. It is best described as rosy-violet with a silvery sheen on the back of the petals; this sometimes shows at the edges, giving a charming effect. It is a massive but graceful Japanese recurved flower.

*Monrovia One of the very earliest bloomers, coming into bloom at the same time as Marion Henderson. Flower good sized and perfectly round, of a pleasing shade of

Mrs. Jerome Jones It arge creamy-white incurved Japanese, sometimes showing a tinge of pink; high, round flower. One of the best Chrysanthemum flowers up to date. Indispensable for exhibition. Grand stem and foliage.

*Mrs. Coombes

An extra fine very pink variety of the largest size, blooming just after Glory of the Pacific and before Pink Ivory. Color beautiful rose-pink. It is a fine dwarf grower. This variety will prove exceedingly valuable on account of its earliness and large size.

Mrs. Robt. Foerderer A fine globular of unique color, soft creamy-yellow with light amber shadings, broad incurving petals, and ideal stem and growth.

Mrs. Egan
Soft creamy-white, the inside striped and tinted with a soft rose shade. The entire shading of the blossoms is so delicate that the effect produced is a soft, glowing salmon-pink and creamy-white Mrs. Egan Striped Chrysanthemum. creamy-white.

Mrs. Perrin
This is the nearest approach to the true pink so long desired. It has slender, stiff stems, a short neck, ornamental foliage. The flower is of globular form, incurved, full, with a finish as soft as satin. Rose-pink. Marie Liger An extra large, globular Japanese variety with broad petals, color pearlpink, deepening to rosy-lavender at the base of petals; stem and foliage perfect. Makes a fine bush plant.

*Omega Beautiful light yellow with broad yet well-rounded flowers, often, under good cultivation, reaching seven and one-half inches in diameter. Well recommended by all growers of Chrysanthemums

*October Frost An excepvariety for exhibition purposes. A pure white, with broad, slightly inpure white, with broad. Slightly in-curved petals. Even when the flower is fully open it does not show a cen-ter. Strong grower, with heavy foliage, and one of the earliest to flower. A variety that has taken prizes at many of the late shows.

*Pink Ivory
bling the popular Ivorv in every respect except color. When first open it is almost pure white, gradually changing in color to beautiful light

*Pacific Supreme Color a most beautiful shade of clear nink. A wonderful flower, extra fine for exhibition. A mammoth bloom of purest pink; unexcelled.

Percy Plumridge A very large Japanese incurved variety, of buttercupyellow; bright and glistening; was awarded the premium at the American Institute show, in the class of "fifty any variety," against all competitors.

Rob. Halliday Is still near the top of the list of early yellows; this variety has at-

of early yellows; this variety has attained wide popularity and deservedly so; very large when well done; three feet. October 20.

*Rosiere A fine double, deep rosepink that, avoiding the common fault of most early pinks, does not fade. It is of dwarf habit, with heavy foliage and immense blooms seven and one-half to eight inches across inches across.

An incurved Japanese variety. Solid Robt. B. Laird grooved, inside orange-red, outside old gold.

Simplicity This is one of the largest white Chrysanthemums on exhibition at fall shows. Flowers of fine form. A pure snow-white, a good, strong grower, in all a unique and beautiful variety.

Timothy Eaton One of the largest of the Japanese in-curred type, and winner of every cup and prize for which it was ever entered. Purest white of true globular shape. In habit of growth and length of stem it is everything that could be desired.

T. Carrington

A very large Japanese incurved; color carmine-rose, with silvery reverse. Fine for exhibition. A great prize winner.

The Yellow Eaton A bright yellow sport from Timothy Eaton, only a shade lighter than Appleton. Foliage very beautiful, stem first rate, and quite strong enough to hold up the monster blooms, which do not show coarseness. It is strictly A1.

Vivand Morel This grand variety has literally leaped into popularity. Flowers are so large as to startle you. Color shades from a few rows of lavender-pink to the richest pink.

White Bonaffon One of the most useful of the white varieties. Color pure snow-white.

The flower forms a perfect ball when in full bloom. It is a dwarf grower, with heavy foliage.

White Coombes Growers who value so highly the grand lighted with its white sport offered herewith, valuable as an October white where big, fine blooms are needed.

General Collection of Chrysanthemums==Concluded

PRICE, 8 CENTS EACH; EIGHT FOR 50 CENTS. YOUR SELECTION OF ANY EIGHTEEN FOR \$1.00.

Those marked with a star (*) are the earlier flowering varieties.

white, which closely huge, glistening ball.

Stem stiff and foliage ample.

Silver Wedding A grand white variety. Purest white with broad, reflexed petals, forming a bold, handsome flower, seven inches in diameter by five inches deep. One of the most distinct empleties tinct varieties.

Wm. Duckham The sensational variety of late years. Color a deep, clear pink, much darker shade than any other listed. Incurved with a broad petal. The flower is very large, measuring nine inches in diameter and supported by a long, stiff stem with good foliage. An exceedingly strong grower and comes in flower about November 5th.

*W. F. McNeice

and handsome variety. The petal has good substance, and the color of the flower is lavender-pearl, shading to a rich, glowing pink at the center. This variety has no equal.

William H. Lincoln A magnificent golden - yellow variety, with straight, flat, spreading petals. An extra large flower, completely double and of great substance.

Wm. H. Chadwick Flowers are pure white, occasionally tinted pearly-pink. An ideal grower, with very strong stem and luxuriant foliage

Winter Cheer Lovely deep pink, form, and can be kept as late as Thanksgiving; not a monster in size, but a beautiful. attractive variety.

NEW AND RARE CHRYSANTHEMUMS

Those marked with a star (*) are the earlier flowering varieties.

On this page we offer a carefully selected list of the best of the new and rare varieties shown at the exhibitions the past two seasons. They are all very distinct and marked improvements over previously introduced sorts. Price, 10 cents each. Entire set of six for 50 cents.

Dolly Dimple Extra good yellow of medium shade, unincurved of great spread; fine stem and foliage.

L'Africaine A giant; velvety-crimson. Won first prize at the National Exhibition for best red in seedling class. An easy grower; does not burn with ordinary

President Roosevelt Its color is unique and exceed-ingly beautiful; being a white ground, with light shell-pink at center and on tips of each petal; giving the entire bloom a light pink appearance.

Red Duckham An exhibition variety of the finest type. The color is very odd, being a rosy-large, borne on a stiff stem with good foliage.

*Smith's Advance Snowy-white, of perfect incurved form, very large; this is undoubt-

edly one of the most useful varieties ever introduced. *Roi d'Italie This variety is an extremely handsome yellow of very brilliant color, incurved into a
fine compact globe of rather narrow petals; has a splendid
stem and foliage, and has proved a very useful early variety.

OUR EXHIBITION collection of Large-Flowering Chrysanthemums

In this collection we have listed some of the grandest varieties of Chrysanthemums that have ever been offered to the public—
NOT ONE, BUT ALL OF THEM ARE UP-TO-DATE VARIETIES.

It occurs to us that out of such a large collection it would be almost impossible for you to come to any conclusion as to what varieties to select, so we give you the benefit of our experience, selecting eighteen varieties that we can recommend as among the best and most valuable up-to-date. They are good healthy growers, early and abundant bloomers, and bear flowers of the largest size and most beautiful colors. Many of them have taken first prizes at the great shows and all are recognized as among the very best of their respective classes.

The following varieties will be included in this collection.

ADMIRAL SAMPSON,

COL D. APPLETON,

DR. ENGUEHARD,

**ESTELLE,

**MONARCH OF OSTRICH

PLUMES,

WE OFFER THIS GRAND COLLECTION OF EIGHTEEN LARGE-FLOWERING CHRYSANTHEMUS FOR \$1.00. In ordering please ask for "EXHIBITION COLLECTION."

OSTRICH PLUME CHRYSANTHEMUMS

Price, 10 cents each; Set of 5 for 40 cents.

Below we offer a grand collection of these unique Chrysan-nemums. The term "Ostrich Plume" is applied to this type themums. on account of the feathery growth with which the petals are thickly covered.

F. J. Taggart Most striking novelty of many years, and decidedly the best of all the plumed, or hairy varieties; a great advance over all yellows in this class, being perfectly double and the plush-like hairs much more dense. Color light yellow, with old gold and bronze shadings. Flowers large, five inches across and very double.

Louis Boehmer Has a wonderful hair-like growth or excrescence. Color most beautiful shade of lavender-pink, shaded silvery-pink in ends of petals. Flowers splendidly incurved, inside of petals deep rose. Flowers

M. Fromont The only red Ostrich Plume; a fine, incurved red, nicely plumed; nearly globular

Monarch of Ostrich Plumes Bright chrome yellow. It is quite large for this type; of beautiful form and finely incurved. Those who admire this class of Chrysanthemums will be much pleased

Child of Two Worlds

(Pure white.) This grand sport
from Louis Boehmer was well
received, having many admirers at the shows. Like the parent, it is a strong grower, of good habit, considered as the best
white of the hairy type, and well deserves a prominent place in any set of this peculiar style of Chrysanthemum.

Grandmother's Hardy Garden

The fragrant, reliable, old-fashioned Chrysanthemums that reigned supreme in the garden corners and alongside the house, in our grandmother's home.

Price, 8 cents each; Four for 25 cents.

Autumn Glow Rose shaded crimson; very showy.

Beautiful clear golden-yellow; fine form Golden Queen and good size.

Victory A fine large white.

Old Homestead A beautiful combination of light and bright pink.

Diana Pompon 'Mum. HARDY POMPON CHRYSANTHEMUMS

Price, 8c each; 8 for 50c; any 18 for \$1.00. Acto Has Dahlia-like petals, bright rose, lighter reverse.

Aileen Deep lilac-pink, compact form.

Attila Light apricot, tinted rose.

The Baby 'Mum Smallest and prettiest of the Pompons; bright golden-yellow, the individual flower being one-half to five-eighths of an inch in diameter, quilled. A perfect pot plant, also valuable for cut

Clorinda Yellow and bronze; very showy.

Delicatissima Lower petals pale pink, center deep wine.

The most beautiful of white Pompons, pure in color, of full fluffy form; very early; extremely useful to every grower of cut flowers

Fred Peele Deep crimson; tipped gold.

Klondike Most beautiful yellow in the family; extra fine.

Mrs. Vincent Large, deep purplish-rose.

Oneita Bright, clear yellow; the best yellow variety out.

Oriole Yellow, marked with crimson.

Single Flowering Chrysanthemums
The innate love of simple, graceful form, the desire for artistic effect, have combined to popularize the Single Chrysanthemums. We offer the following choice collection of new varieties.

Price, 8c each; 8 for 50c; any 18 for \$1.00.

Arthur Horne Clear yellow; very free blooming.

Arlee A rich golden-amber, of dwarf, sturdy growth.

Garza Single white; one of the prettiest varieties extant.

Katie Covell Maroon; stiff erect petals.

Lida Thomas Chrome-yellow, suffused with gold and amber.

Ladysmith

The very earliest of the singles, lasting in nice condition for a full month; might have golden eye; the foliage is small and very finely divided, and is completely hidden by the masses of flowers.

Lady Lu

Pure snow-white; very fine.

Little Barbee Clear yellow; very free.

Miss T. C. Warden Pure white; makes fine long

sprays.
(Wells.) Fawn color, and star-shaped; very Peter Pan dainty and artistic.

GERANIUMS=General Collection of Double Geraniums

S. A. Nutt.

color bright orange-red. Bertha de Pressily
not fade in summer. One of the most free and continuous bloomers, the flowers of a well-grown plant completely covering the foliage.

Beauty Poitevine of the Bruant race. The color is a colossal, florets two and one-fourth inches in diameter.

Bruanti Semi-double; color of the flower a vermilion-red, a most pleasing shade. The flowers are absolutely perfect in shape, contour and make-up; trusses exceptionally large, and borne in immense spherical balls often measuring eight inches in diameter. The best scarlet bedder extant.

Contraste
The flowers and trusses are very large. Lower petals orange and carmine, upper petals clear orange, making a striking contrast of colors that is beautiful.

Emerson A most charming variety, having large trusses of double flowers of clear nankeen-salmon.

(River of White.) Double white, pure in color, elegant in form, of fine size. Fleuve Blanc

Francis Perkins Color a bright pink. The blossoms are perfect in form and borne well and clear above the foliage.

Fire Brand Color a dazzling flame scar-flowers large and of great substance, an excellent bedder and pot plant.

· Price, 10 cents each; any 6 for 50

cents; any 14 for \$1.00.

Hubert Charron Beautiful semi-double flowers, pure white, with a reddish-carmine band around each petal, frequently del throughout the whole flower. frequently delicately mottled

Jean Viaud of a beautiful clear rosy-pink color with distinct white blotch at the center. A rapid, vigor-ous grower, yet compact and shapely.

John A. Doyle A strong, vigorous grow-well above the foliage; of enormous size and of the richest brilliant vermillon-scarlet.

La Favorite La Favorite is a pure double white Geranium, as double white Geranium, as free-flowering as the single varieties; can be used for planting in beds for furnishing a supply of beautiful white flowers for vases, etc.

Marquis de Castelaine

A giant among Geraniums.

Produces a wealth of bloom the whole season. Flowers two inches and over in diameter. Trusses of bloom five to seven inches across. Petals broad, arranged to form a round flower of perfect shape. Color deep rosyscarlet, shading into pure scarlet at the edge of upper petals.

Miss Frances E. Willard Is of vigorous growth; flower stalks very long and carried well above the foliage; color is a delicate blush, shaded with pearl-pink, a most charming piece of shading.

Mrs. Buchner

The constitution and growth are excellent; the trusses are exceedingly large

lent; the trusses are exceedingly large on long foot stalks, the florets are very large and of a magnificent pure snow-white; never out of bloom.

Mme. Jaulin

Has been pronounced the finest of all the delicate pink or blushed varieties. Plant is of dwarf but robust habit of growth, flowers of good size and very abundant. Center of flower delicate pink, outside pure white.

Mme. Barney
A splendid deep pure pink. of a lively shade and grand habit of growth; dwarf and branching.

Oroso A splendid modification of the salmon colored sorts, with very large semi-double flowers of melon flushed with rose. The plant growth is strong and satisfactory.

Queen of Fairies Large, round florets of very waxy apwith carmine center, each petal delicately edged with carmine.

Rosebud Geranium

pact, making this variety one of the most desirable for pot culture. The color is bright scarlet, flamed with purple shadings, and the substance most lasting.

Red Wing (Double.) This is a fine new American Geranium just offered for sale. It has all the marks grower, large-flowered and extraordinarily floriferous. Color deep cardinal-red with a soft velvet lustre.

FOUR NEW DOUBLE GERANIUMS—Price 15c each; the set of four for 50 cents

Double Dryden Magnificent combination of colors; center of flowers coral-white, gradually shading to the most exquisite, glowing, soft crimson; beautiful variety; strong and robust; fancy pot flower.

M. Anatole Roesleur
Neyron rose. Flower shows a distinct white center. Extremely handsome foliage. Highly recommended.

Mrs. Lawrence

of growth; wonderfully free flowering; indispensable as a pot plant, recommended for winter blooming. Unsurpassed as a bedder. The color is an artistic shade of bright satiny-salmonpink, slightly tinged white.

Durple to distinct white Semi-double, bright Solferina red, richly shaded bright carmine-red, center, profuse bloom.

Single Flowering Geraniums

Price, 10 cents each; any six for 50 cents; fourteen for \$1.00.

Alice of Vincennes The grand new Geranium. This lovely new Geranium has a border of intense scarlet forming a broad band around the body, color of rosy-pink, heavily veined with scarlet; center white. A very brilliant combination.

Granville Floret perfectly round; lovely bright pink flowers.

General Sheridan One of the best bedding Geraniums in cultivation. Grows scarlet flowers.

Gen. Leonard Wood A variety unique in color, and of fine size and form of white blotch; very bright and fine.

Hofgartner Eichler Dark crimson, shaded to dark scarlet; very dark and beau-

Mrs. E. G. Hill Single; florets two and one-half inches. The center of each petal is soft, light salmon, bordered with rosy-salmon and veined deep rose.

Madame Bruant Fine trusses of bloom in great profusion; individual flowers large, of fine shape, center of flowers white, veined with carmine-lake, the five petals regularly and distinctly bordered with bright solferino.

Mme. J. Cibiel Salmon pink, with enormous Hydrangea-like truss on long stems; one of the best single bedders.

President Roosevelt Pure snow-white, retaining its purity the entire season; perfectly formed round flowers, borne in enormous trusses, held well above the beautiful foliage.

Richmond Beauty
A brilliant scarlet-crimson, with large white feather on the two upper petals; floret round; color clear and striking.

Tiffin Its flower color is pure scarlet; leaves all green with no zone. Tiffin is remarkable for the great number of blossoms it bears, the large size of its cluster, and its sturdy growth.

W. A. Chalfant Dazzling scarlet, florets slightly circular and slightly cupped, forming a magnificent truss; one of the best for bedding.

FOUR NEW SINGLE GERANIUMS

Price, 15c. Each; the Set of Four, 50 Cents

Jacquerie Beautiful deep cardinal-red, beautiful; immense trusses on exceptionally long stems; very vigorous grower.

Pansy Geranium, Mrs. Layal.

Dryden Bright soft crimson, pure white at the base of petals, giving it a large white center.

Maxime Kovalevski New Single Geranium. Fine, vigorous grower; flowers beautiful orange shade of Lincoln red; a very distinct and striking color. Well worthy of a thorough trial.

Nuit Poitevine New Single Geranium. A remarkably strong and vigorous variety; color beautiful rosy-purple, lower petals feathered rich scarlet; splendid habit and growth.

Pelargonium or Pansy Geranium MRS. LAYAL

Price, 15 Cents Fach. Four for 50 Cents.

We take pleasure in being able to offer plants of this very useful Pelargonium. There is nothing that gives better returns for a little care when grown in the window garden than this plant; it will be literally covered with flowers. The flowers are bright cherry-red with white at the base of each petal; the two upper petals are dark crimson-maroon. The flowers are of immense size and very freely produced. It is this combination of coloring with blotches which obtained for it the title of "Pansy Geranium."

IVY = LEAVED GERANIUMS OF TRAILING GERANIUMS. ADAPTED OF TRAILING GERANIUMS. ADAPTED AND TRAILING ON TRELLISES.

Price, 10 cents each; any three for 25 cents.

Double-Flowering Varieties

Another grand English novelty, being a true cross between the Ivy and the Zonal class. It has the habit Ivy bloom. Color pure self-rose with white eye, immense in size, on long stems, freely produced.

Alliance Hybrid between the Ivy and the Zonal, with the vigor of the latter and the finish of the former, a grand plant for vases and veranda boxes as well as for special bedding; color blush-white, feathered in rosy-crimson; flowers semi-double, on long stems above the glossy foliage. A grand new Ivy.

Incomparable Trusses very large; florets immense and very regular in form; quite full; the color is an exquisite shade of rosy-carmine. Nothing finer.

Joan of Arc The flowers are perfectly double, white as snow, and literally cover the plant when in full bloom. The foliage is extremely handsome, the dense, glossy-green leaves making it a most effective background for the great clusters of snow-white flowers.

Mrs. Hawley

One of the handsomest Ivy Geranium lowers.

Immense trusses of large florets, deep, bright pink in scarlet; upper petals feathered with maroon. Flowers quite double.

P. Crozy
The flowers are brilliant scarlet, borne in the greatest profusion; the habit is dwarf and compact; the flowers are semi-double and last a long time. As a pot plant or in beds it is fine.

BRONZE GERANIUMS

Bronze Bedder Foliage bright golden-yellow, with a broad zone of a deep chestnut-brown, the brightest and best of all the Bronze Geraniums. Price, 15 cents each.

Crystal Palace Gem Broad golden-yellow margin with a central disk of green; dwarf and free. Price, 15 cents each.

Exquisite Large chocolate zone, large golden-yellow center; edges variegated, flowers salmon. Price, 15 cents each.

Golden-Bronze Geraniums.

SWEET=SCENTED GERANIUMS

NOTED FOR THEIR FRAGRANT FOLIAGE Price, 10 cents each; three for 25 cents.

Balm Large leaves, with a very strong fragrance.

Lemon-Scented Small leaves, with delightful lemon

Mrs. Taylor Dark green foliage of a peculiar fragrance. gonium, and borne in great profusion.

Quercifolium Beautiful oak-leaved foliage, dark cen-

Small, light green leaves; very fgrant; pretty, rose-colored flowers. Shrubland Pat

Double-Flowered Ivv-Leaved Geranium.

FANCY LEAVED, Tri=Colored Geraniums

Happy Thought A tri-colored Geranium with very creamy, almost pure white center with a dark zone. Flowers bright scarlet. Price, 10 cents each.

Mrs. Pollock A magnificent variety, the green leaf disk-overlaid by a beautiful bronze-red zone, belted with bright crimson and outwardly margined with goldenyellow; very fine for the parlor or conservatory during the winter and spring. Price, 15 cents each.

Mountain of Snow The finest of this class for ribbon lines or massing; the center of the leaf is bright green, the outer margin broadly marked with silvery-white; one of the whitest leaved sorts; flowers are bright scarlet. Price, 15 cents each.

Mrs. Parker New Double Pink Silver-Leaved Geranium—Foliage deep green, with broad, pure snowwhite band. Most free flowering of its class; flowers double, of an exquisite shade of deep rosy-pink. Price, 20 cents each.

Wm. Langguth Double Red Silver-Leaf Geranium — This new variety is the second double-flowered Geranium in the silver-leaved section. It is iden-

tically the same in every way with Mrs. Parker, except in color of flower, which is a bright scarlet. which is a bright scarlet. The foliage is beautiful; the center of the leaf is a deep green and the outer margin broadly marked with silverywith silvery-white. Price, 20 cents each.

MADAME Very SALLEROI compact and fine variety of Silver Geranium. A thrifty, healthy grower, rarely reaching a height of more than 8 inches. Leaves very small, peculiar, clear green, edged with white. The finest border Geranium known. Price, 8c each.

William Langguth.

Nutmeg-Scented Small leaves, nutmeg perfume.

Rose Too well known to need description. These are indispensable in the formation of bouquets. We have two varieties, one of the broad leaved and the other fine cut.

A Choice Collection of Rex Begonias

Rex Begonia.

Nature has be-stowed on Rex Begonias many of her choicest gifts, unitchoicest gifts, unit-ing the radiance and brilliancy of precious jewels, the shining lustre of metals, with the beautiful colors and textures of the most costly fabmost costly fab-rics. The leaves alone possess all these charms, while the dainty flowers add lightness and

grace. Glev them a soil composed of rich loam, woods earth and sharp sand. They require a warm, moist atmosphere and a shady situation. Do not allow the sun to strike the leaves while wet, and do not over-water. Nothing can surpass them for the window or conservatory culture; they may be planted in a shady situation under trees or alongside of the house. Rex varieties make immense leaves.

We can furnish REX BEGONIAS in Six Choice Sorts at 15 cents each; four for 50 cents; set of six for 75 cents.

Large Leaved Ornamental Begonias

A class whose natural habit is to grow prostrate with heavy stems that root along the ground and send up branches with numerous stems, and very long-stemmed leaves and flowers.

SPECIAL OFFER-This set of Four Ornamental Begonias for 60 cents.

Ricinifolia, or Star Begonia

A fine tropical looking plant with large ricinus-like leaves, twelve inches or more in diameter, on long stems; deep velvety green above, and purplish red underneath. The flower stems rise three or four feet or more above the foliage, bearing aloft fine, large, airy panicles of beautiful pale pink flowers. The stems grow along the surface of the ground. It makes a fine pot plant, and grows very large when planted outside. Price, 20 cents each.

Verschaffelti A most beautiful plant with numerous airy panicles of long-stemmed soft pink flowers, so numerous as to give a lovely cloud-like effect. A winter bloomer. Price, 25 cents each.

Mrs. A. C. Townsend Belongs to the Rincinifolia family; leaves are of a charming lustrous metallic-green color; an unusually profuse bloomer; flower of a delicate light pink, borne on long footstalks. Price, 20 cents each.

Speculata Quite a novelty in the Rex type.

Leaves are in the form of a grape leaf. Color is a bright green, with a background of chocolate; veins of a light pea-green, the whole leaf spotted with silver. In bloom it is magnificent; the panicles composed of great numbers of individual pink blooms, are lifted high and spray-like quite clear of follage. Price 15 cents each.

Ricinifolia-Star Begonia.

Tuberous Rooted Begonias.

Tuberous=Rooted Begonias

The Tuberous Rooted Begonia is the fashionable plant of the day, and richly does it deserve its honors, for in addition to very handsome foliage, it bears a never-ending profusion of very handsome foliage, it bears a never-ending profusion of the most ravishingly beautiful flowers the whole summer, and then with the coming of cold weather, very obligingly takes a nap until spring, asking no further care through the winter than to be packed in soil away from frost. The enormous size and intense brilliancy of the flowers astonish those who have never seen any but the ordinary house Begonia. The bulbs can be started from March to June and will soon be in full bloom. Must be kept from direct sunshine. A good place for them is on the north side of a house or grape arbor.

Single, separate colors, white, scarlet, pink and yellow, 10 cents each: seven for 50 cents.

Double, separate colors, white, scarlet, pink and yellow, 15 cents each; five for 50 cents.

Speculata.

Begonias

FLOWERING VARIETIES

THIS beautiful class of plants is deservedly popular. They are suitable for pot culture in the window or the outdoor plant stand. During the greater portion of the year the plants are, in the different varieties, covered with a profusion of graceful, drooping racemes of pink, white, crimson and bi-colored buds and blossoms that are exceedingly attractive, and having a waxy, coral-like appearance. The plants themselves are of neat, compact habit, with glossy-green leaves in some varieties and exquisitely cut ones in others.

Price, 10c Each, Except Where Noted; Selection of Any Six for 50c. Any 14 for \$1.00.

Fuchsoides Coccinea Elegant, free-blooming variety.
It resembles Hybrida Multiflora
in growth. The flowers are bright scarlet.
Flocon de Naige Makes a charming plant completely

Flocon de Neige Makes a charming plant, completely covered with large creamy-white flowers. Brilliant green foliage; strong growing habit, and what you might call an ever-bloomer.

McBethii Shrubby in growth, with very deeply indented flowering, being constant the year round. A fine summer bedding plant if given light soil and perfect shade. Put it among your Ferns. White flowers, waxy in texture, carried in panieles.

Trailing Begonia Marjorie Daw This Begonia is distinct from all the property of the property

Trailing Begonia Marjorie Daw

This Begonia is
other Begonias, for instead of growing upright it droops. It
bears great clusters of large, shining pink flowers that droop
from long stems, making a beautiful sight.

Gracilis Prima Donna.

Gracilis Prima Donna This splendid new varlety is of very sturdy and even habit, growing about ten inches high and forming a freely branching bush ten to twelve inches across; a bail of flowers. Uncommonly large flowers which are of a beautiful rose color shading to carmine towards the center. The flowers are borne on strong short stocks and bear extremely early. Always in bloom.

FLOWERING BEGONIAS = Continued Price, 10 cents each, except where noted. Six for 50 cents; fourteen for \$1.00.

Begonia Thurstoni.

Thurstoni The under side of the leaves is a rich inent, while the face or upper side is a bronzy-green, shaded with crimson and olive, with a peculiar glossymetallic luster over all. Flowers rosy-white, in large clusters well above the foliage. The plant has a fine habit.

Begonia Gracillis Luminosa A magnificent new perflorens type, exceptionally sturdy and vigorous, and unquestionably one of the choicest bedding sorts in existence. Its flowers are large, perfect and plentiful, and never out of bloom. Color, the brightest scarlet.

Marguerite
Leaves a bronzy-green, somewhat resembling
Metallica, but growing in more bushy form.

Large trusses of light rose-colored flowers freely produced.

Picta Rosea A wonderfully free growing Begonia of sterling worth and great beauty. The plant is very compact in growth, forming a dense, well proportioned bush with rich green foliage, spotted with silver. The flower is a rosy-flesh color, shaded with a silvery-pink and enlivened with dense clusters of yellow anthers. One of the most wonderful flowering Begonias within our knowledge. It blooms continually.

Otto Hacker In a class by itself. A strong, vigorous grower, of fine upright habit, with large, shining deep green leaves eight to ten inches long. Flowers bright coral-red, borne in immense clusters eight to ten inches Price, 15 cents each.

President Carnot A strong growing variety of stiff, upright habit; foliage large, somewhat in style of B. Rubra, but more than twice as large; upper side deep green, underside purplish-red; flowers beautiful coralred in large pendent panicles.

Robusta The stock, stem and under side of the leaf are Indian-red; the upper side of the leaf glossy olivegreen. The flower is composed of two wide and two narrow petals, the wide ones being broadcast at the base and terminating in a round point, of a beautiful bright rose.

Sandersoni Bushy growing variety; glossy deep green leaves; flowers in clusters of drooping, scarlet, heart-shaped buds.

Weltoniensis A very handsome winter-flowering variety, giving in profusion its lovely pink flowers, easy cultivation.

Zebrina
Besides its graceful form, the leaf is distinguished by its glistening silver shading following the leaf, color, vein green. Flowers pure white.

Rubra
This Begonia is still a great favorite. The flowers are a rich coral-red, hanging in large pendent clusters; these, combined with the rich green foliage, make it one of the best plants for house culture.

M. de Lesseps. M. de Lesseps
The leaf is of silky texture, and is beautifully spotted with silver. Very strong, growing rapidly and sending out quantities of beautiful white and pink flowers.

DWARF CANNAS—Standard Varieties

These are the Most Popular and Most Magnificent of All Summer=Blooming Plants for Brilliant Bedding and Massing

Price, 10 cents each; six for 50 cents; any fourteen for \$1.00

For Special Offers in Cannas for Bedding and Massing and Other Plants for Bedding, see Pages Three, Four and Five

THE CANNA, with its elegant tropical foliage, and its brilliant showy flowers, whether bedded out or grown in tubs, is one of our most ornamental plants and is of very easy culture. The improvements made in the Canna in the last few years in size and diversity of color place it in advance of all other plants for bedding purposes. In the following pages we have the cream of all the late and standard sorts. Having discarded all those that show weak points, our customers cannot go wrong on any of these vareties, as every Canna offered has some points of merit. Remember, too, that our Cannas are started plants, and not dormant roots, as are often sent out.

Buttercup (Three feet.) True bright buttercup-yellow; large beautifully formed noners in fine, large handsome trusses; stands unfavorable weather better than
almost any other kind, and always shows up bright and clear, and is undoubtedly the best
and most beautiful pure bright, deep canary-yellow Canna in existence.

Charles Henderson This is acknowledged as the standard crimson; a very compact grower; elegant dark green foliage on purple stems. The flower spikes are the largest size, the petals are very broad and beautifully recurved, which, in addition to forming a magnificent globular head of perfect florets, keeps the trusses clear of all faded flowers. The color is a deep rich-crimson, with a yellow flame at the throat. It is easily the finest crimson Canna. Height 3½ feet.

Feandale One of the most Egandale One of the most popular dark leaved varieties. Foliage dark maroon, of compact habit of growth. Flowers bright cherrygrowth, Flowers bright cherryred, in good sized trusses. The
finest bedding Canna of its
color, because of its harmony
of leaf and flower. The flowers, which are a bright cherry-red, have great substance,
and last for an unusually
long time. An exceedingly
free bloomer, and a valuable
sort. Height four feet. Florence Vaughan

Crimson Bedder.

Crimson Bedder One of the most showy and long-est-lasting flowers of any Canna we grow. Brightest imaginable shade of crimson-scarlet. Plant is very compact in growth, throwing up straight flower spikes with well shaped trusses of bloom. Flowers remain in perfect condition for a longer period than ordinary varieties, making it one of the most valuable for planting in masses where bril-liant color is desired. Height five feet.

Black Prince A magnificent variety, flowers frequently five to six inches across. Color an intense, dark velvety-maroon, almost black. A strong, erect grower with fine dark red stems and deep green leaves edged with purple. Height five feet.

The Beautiful Spotted Canna.
Flowers very large, of most perfect form, with broad over-lapping petals, nicely rounded at the ends. Color a brilliant yellow, spotted with bright red. A strong grower and flowers very freely. Height four feet.

Mile. Berat
This is a pink variety of
french origin. Entirely distinct from any other sort. It is much the
darkest of all the pink Cannas, being dark
carmine-pink. Heads of bloom are held very
erect and well above the foliage. A showy,
effective bedder. One of the finest introductions. Height four feet.

Papa Nardy Magnificent heads of broad, round-petaled flowers, a lively carmine-rose. One of the best. Height four feet.

Pillar of Fire The giant of its class, grows six to seven feet high; flowers bright crimson-scarlet, borne in erect spikes like blazing torches; continuous bloomer, invaluable for center of beds, etc. Height six feet.

Richard Wallace A tall growing, wide flowered, heavy trussed canary-yellow—the largest and best of its color; bleaches very little. Five feet.

Secretary Chabane Color, bright, distinct orange-sal-mon; very showy; compact and vigorous in growth, producing massive trusses of large flowers. Souv. de Antoine Crozy By far the brightest gilters brilliant crimson-scarlet, bordered by a broad band of
golden-yellow, which serves to set out the brightest of the
scarlet. One of the most attractive in the entire collection.

Height three and one-half feet.

GIANT ORCHID = FLOWERING CANNAS

Price, 10 Cents Each, the Set of Six for 50 Cents.

Burbank Gigantic flowers, like Austria and Italia; strong grower, producing immense clumps; rich canary-yellow, lower petals spotted crimson. Height five feet.

Italia This wonderful Canna has a wealth of graceful foliage and gorgeous flowers. The three upper petals are golden-yellow with a large blotch of orange-scarlet in center of each, the center and lower petals scarlet, with a narrow edge of golden-yellow. Height five feet.

Louisiana A new Orchid-flowering Canna. It is a vigorous grower, producing a thick mass of glossy-green foliage, each leaf edged with a narrow purple band. The flowers are immense, often measuring more than seven inches across; color vivid scarlet. A gorgeous beauty. Height five feet.

Mrs. Kate Gray Flowers six in. across; color a splendid shade of rich orange-scarlet, finely flaked and streaked with golden-yellow tints. Height five feet.

Pennsylvania Lustrous, wavy pet als of the largest size, in which the deepest shades of orange and scarlet are exquisitely blended. Individual petals, two to two and one-half inches wide, make up flowers and trusses of imposing proportions, the flower stalks rearing their lovely burdens high above the foliage. Height six feet

Venus (Green-leaved.) Long erect stems bear trusses of large size, perfect form and everclean freshness. The large, oval petals are exquisitely variegated; warm rose-pink, mottled near center, and edged with creamy-white. Makes a very pretty cut flower. Height four feet.

EIGHT RARE AND CHOICE FANCY CANNAS

Price, 15 Cents Each; Four for 50 Cents; Entire Set of Eight for \$1.00

Duke of York

Largest and most magnificent of the variegated Cannas. Bears great bunches of
immense flowers. Color a beautiful rich deep crimson with a
throat of curiously mottled creamy-white and each petal edged
with an irregular border of fine gold. Light green foliage, very
tough; a strong grower. Height four to five feet.

Gladiator A very showy bedding Canna of medium height with large flowers of brassy-yellow thinly speckled in dull red. The long center petal and lower petal are solid dark red, making a most striking contrast to the predominating yellow. Three feet.

King Humbert A cross between the Crozy and Orchid-flowered families. Flowers are as large firmness and substance of the Crozy type. Bright orange-scarlet streaked with crimson. Foliage bronze, with brownishgreen stripes. Grows four to four and a half feet.

Mrs. Geo. A. Strohlein
six feet.

Flowers of amaranth-red; large bronze foliage. Height

Meteor (Green-leaved.) About the best red Canna ever introduced. Immense heads of large, rounded flowers well displayed above the foliage; brilliant crimson. Flowers keep well and are self-cleaning; their freshness, size and profusion making them ever conspicuous. Four feet.

Mrs. Carl Kelsey Foliage green with a narrow edge of purple, and with erect, full heads of purple, and the erect, full heads of carlet, flaked and striped with golden-yellow; petals wavy edged. We know of no other Canna so marvelously marked—an ornament to any garden. Height six to seven feet.

Niagara son with a wide irregular border of deep golden-yellow. Height three feet.

Uncle Sam A tall stately variety with green foliage and immense heads of orange-scarlet flowers. Height six to seven feet.

CARNATIONS! THE DIVINE FLOWER

For beauty of flower and color, ease of culture, certainty and freedom of bloom, together with exquisite fragrance, this is well called the "Divine Flower." Plants in the open ground quickly make large specimens, and when brought indoors in the fall, produce an abundance of flowers throughout the entire winter. Carnation blooms are expensive, don't buy them—grow them yourself. Pinch the plants back frequently during the growing season.

PRICE, 10c EACH; ANY THREE FOR 25c; SEVEN FOR 50c; FIFTEEN FOR \$1.00

Lady Bountiful.

Eldorado A yellow of free-blooming habit; strong, vigorous plant, erect stems, finely formed flower of fair pink; almost a Picotee in marking. The flower retains its yellow color under artificial light, unlike most yellow varieties.

Enchantress A very pleasing shade of light pink, deepening towards the center. When fully developed, over four inches in diameter; very attractive and fine form; stem is strong and stiff; both outdoors and in the house the growth is ideal; very healthy and of vigorous constitution; very early, free and continuous; needs no special culture to develop its magnificent blooms.

Lady Bountiful Large, nicely filled flowers of purest white. Not only good for large sized blooms when given special care, but valuable for garden planting and pot culture. Very sweetly scented with that delightful, old-fashioned clove fragrance lacking in many of the newer Carnations.

Harlowarden The largest and best of its color, a bright dazzling crimson. Flowers often measure three inches in diameter, and are well supported on long stiff stems. A wonderfully free bloomer, always full of buds.

Mrs. Thos. Lawson and beautiful color—a deep cerise-pink approaching very near to a brilliant carmine. The habit is strong, free-growing, very vigorous, producing flowers averaging over three inches in diameter.

May Day Has been awarded a gold medal in England, where it is a favorite. A commercial Carnation of an exquisite shade of satin-pink; has a fine stem, strong calyx, and is probably the freest bloomer extant.

O. P. Bassett

A very large deeply fringed sort of great substance and beauty. A prize winner at all purposes.

Prosperity This is the largest Carnation ever offered. It is a wonderfully free bloomer, considering the manster size that the flowers attain. White, overlaid with pink, in mottles reminding one of the beautiful tints seen in Azaleas.

Rose Pink Enchantress A lovely rose-pink shade of vorite "Enchantress." The parent's practical wide-awake habit of growth and trustworthy blooming qualities have always made it popular, and this new coloring but adds greatly to an already first-class reputation.

The Beacon A splendid new red that blooms throughout formed, and will average from two and three-quarters to three inches in diameter. Color scarlet, with a brightening dash of orange.

Victory Exceptionally satisfactory and useful as a cut flower, owing to its great stability, its nice long stems, and the prodigality of its bloom. Color brilliant scarlet.

White Perfection All that its name implies. Bloom is abundant, of large size, and im-

Six Novelties In Carnations For 1912

PRICE 15 CENTS EACH: THE SET OF SIX FOR 75 CENTS

Afterglow A giant among Carnations, being of very rank growth and producing all season long its very large cerise-colored flowers in great One of the finest sorts ex-

Bonfire A splendid new velvety-scar-let Carnation which blooms throughout a long season. Flowers large, finely formed, delightfully scented and produced on long stems. No finer sort of this color is to be had.

James Whitcomb Riley Is the only pure yellow Carnation that is grown today. It is a variety easy to grow and of healthy constitution; flowers average three inches or more in diameter; have very pleasing clove fragrance, borne on fine stiff

Mrs. C. W. Ward A perfectly formed flower with full center; color, deep pink, several shades lighter than Lawson, deeper than Winsor, having strong, erect stems twenty-four to thirty-six inches in length. A vigorous, healthy grower and has never shown disease of any kind. A very early and free bloomer, producing fine flowers early in the season. The leader in its shade of pink. shade of pink.

Princess Charming An extra fine pink; than Enchantress in winter, with a longer, stiffer stem and produces equally well, and positively will not split; expected to displace Enchantress.

White Wonder A greatly improved White Perfection, which be gins blooming in September and continues throughout the season; snow-white, fragrant, absolutely perfect in form, large in size, on stiff stems, healthy and free and an easy rooter; grand in every way. The only variety that threatens to pass White Enchantress

Double Flowering Hardy Scotch or Sweet May Pinks These are dwarfer than the Carnation, growing about one foot in height, the colors being of the various shades of marcon, carmine and rose, beautifully laced and banded on white ground; flowers perfectly double, clove-scented, and the plants will stand outdoors year after year, being entirely hardy. PRICE 10 CENTS FACH. THOSE FOR

EARL OF CARLISLE-Various shades, maroon and rose, with

MARY GRAY—Reddish-purple, narrow white lacing. HER MAJESTY—Unquestionably one of the finest of the century. Color pure white.

BEAUTIFUL **FUCHSIAS**

If properly cultivated, and a suitable place be had where the plants are protected from the midday sun, few flowers can equal the Fuchsias in gracefulness and beautiful showy flowers perpetually coming on. The secret of success with Fuchsias is to keep the plants properly watered and nourished to stimulate fresh, continuous growth, and consequently flowers. This satisfactory result requires repeated repotting if plants are kept in pots, or if planted out, much mulching with cow manure and watering.

Double-Flowering Varieties

Price, 10 cents each; any six for 50 cents.

Avalanche Beautiful golden foliage and double, dark violet-purple corolla.

Gloire des Marches

and bushy. Tube and sepals deep scarlet; corolla very large and double, and pure white.

Phenomenal The largest Fuchsia we have yet seen. Tube and sepals are bright coral-red, beautifully the very richest violet shade. Habit is remarkably free, and it blooms more freely than any other large variety.

Purple Prince Fine double variety; sepals scarlet; corolla a beautiful distinct blue; very dwarf.

Rosain's Patri
very late. The tube and sepals are brilliant scarlet, thick and leathery in texture; corolla is very large, double and pure white.

Saply Freres Erect grower, very large flower; corolla very double of rosy-violet; long, recurving sepals of bright coral-red.

White Phenomena The flower is large and very double. It is a free bloomer and an exceptionally easy variety to grow. The flower is large and very dou-

Single-Flowering Varieties

Price, 10 cents each; any six for 50 cents.

DeMirable Sepals relieved, bright red, quite large corolla,

Lovely The tube and sepals white; corolla single; brilliant crimson; tinted magenta.

Speciosa Well known variety, producing large flowers two inches in length, tubes and sepals of which are blush, the corolla crimson. Some plants of this variety grown in eight or nine-inch pots will produce from 300 to 500 flowers

from December to May.

Wave of Life
Foliage bright yellow, corolla bright violet; sepals scarlet.

Black Prince.

Black Prince.

Trailing Queen

and then go trailing downard. It continues growing in this way until the vince are a solid wavy mass of the most elegant foliage and flowers. The flowers are borne in large, drooping clusters; very large, long, graceful.

FERNS

MOST BEAUTIFUL OF ALL DECORATIVE PLANTS

These beautiful plants are now generally cultivated. Their great diversity and gracefulness of foliage make them much valued as plants for vases, baskets or rock work, or as specimen plants for parlor or conservatory. Keep them out of the direct sunlight and water carefully, that the delicate roots lying near the surface may never become dry.

SPECIAL OFFER

Any five of the following Ferns in nice young plants for 50 cents. Strong four= inch pot specimens plants, any four for \$1.00.

Nephrolepis Elegantissima A of

popular Nephrolepis Piersoni Fern. Much more beautiful, and an improvement over the Piersoni. Is more dwarf and compact, the fronds broader and only half the length. The small size pinnae, or leaflets, are subdivided into perfect miniature fronds; the side pinnae stand at right angles to the midrib of the fronds, on edge instead of flat, giving both sides of the main frond the same beautiful appearance. It is impossible to conceive of the beauty and grace of this wonderful Fern from description—must be seen to be appreciated. Price, nice plants, 10 cents; large plants, 35 cents each.

Nephrolepis Whitmani An improvement on the Nephrolepis Elegantissima, with still more gracefully divided pinnae, giving the whole plant an airy, lace-like appearance; makes beautiful symmetrical plants even in small sizes, and large specimen plants are beautiful beyond description. Price, nice strong plants, 10 are beautiful beyond description. Price, nice strong plants, cents each; large size, from four-inch pots, 35 cents each,

Nephrolepis Elegantissima Compacta.

Nephrolepis Elegantissima Compacta Adwarf form of Nephrolepis Elegantissima, making dense, bushy, compact growth of ideal habit and shape. It forms a round, sym-metrical, compact mass of foliage. One of the most valuable Ferns. Price, 15 cents each; four-inch pots, 35 cents.

Nephrolepis Scotti Of much dwarfer and bushier fronds droop gracefully, and are not as long and coarse as the Boston. It is a rapid grower, and to see it in all stages of growth from a runner in the bench to a fourteen-inch pot specimen will convince you that it will be in great demand as a house Fern. Price, nice young plants, 10 cents each; strong plants, 35 cents each.

Boston or Fountain Fern.

Nephrolepis Exalta Bostoniensis (The Boston Fern)—In the vicinity of Boston no other plant is used so extensively as this graceful Nephrolepis, which differs from the ordinary Fern in having much longer fronds, which frequently attain a length of four feet. These fronds arch and droop over very gracefully, on account of which it is frequently called the Fountain Fern. Price, nice plants, 10 cents each, six for 50 cents; larger size, 35 cents, three for \$1.00.

Rephrolepis Scholzeli (The Plumed Scott from Scotti, possessing the merits of that most popular variety, but with the pinnae subdivided, giving it an airy feathery appearance. The fronds, like in Scotti, stand erect, with a graceful arch forming a plant of ideal shape, and they never break down, giving the plant a ragged appearance as is so often the case with other plumed forms; furthermore, the loose, elegant arrangement of the fronds, allowing a free circulation of air through the foliage, prevents the center of even the largest specimen from becoming defective or yellow. The smallest salable plants perfectly express the type, and in every size are models of beauty for table decoration. Price, 15c each; by express, 4-inch pot plants, 35c; extra large, 50c each. Nephrolepis Scholzeli Plumed

Pteris Wilsonii.

Pteris Wilsonii An ornamental Fern of unusual merit. One of the most dwarf of this class, having deep green foliage, leaves heavily crested, giving it the appearance of a tassel. A fine addition to the ornamental varieties.

FERNS

For Dishes

We have grown a large quantity of small Ferns suitable for Fern dishes. The use of ferneries as ornaments for the dinner table is now very general. Nothing makes so fine an ornament, or is so well adapted for the purpose. Price, 10 cents each; three for 25 cents; any six for 50 cents,

Pteris Wimsetti.

Pteris Wimsetti Green leaves, with the ends very peculiarly twisted. Is one of the best varieties for fern dishes, being a short, compact grower. Will stand much rough treatment.

Adiantum

Cuneatum

(Maiden Hair Fern.) A very beautiful and graceful Fern, its delicate fronds being much used for cut flower work.

Aspidium Tsussimense

Without question the most valuable of all Ferns yet introduced for fern dishes; of strong but dwarf and graceful habit; of good color and of better keeping quality than any other Fern we know. A clear, good grower and very ornamental.

Holly Fern.

Cyrtonium Falcatum (Holly

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is coarser than the Tremula Fern, it is very graceful and is becoming very popular. The leaf is a rich, glossy green, and each leaflet is about the shape and size of a Rose leaf. The fronds are fine for cutting on account of their lasting quality.

Pteris Mayii A dwarf variegated tily crested.

A very de-

Pteris Adiantoides

Fern, whether for growing in the room or planting out. Very similar to Falcatum, having the same deep green leaf. Grows very freely and attains a height of twelve to eighteen inches.

A very handsome Fern, nicely variegated, grows very rapidly into handsome plants.

Fern Dishes

For these we make the following special offer, selecting the varieties which are best adapted for this use. Selection of varieties must be left to us.

For 50 cents we will send eight beautiful varieties of our own selection, thi: being sufficient for a dish six to eight inches in diameter.

Selaginella Emiliana.

Moss Fern (Selaginella Emiliana.) An upright growing moss with delicate lace-like follage. Suitable for fern dishes or for table and house decoration.

Dracena Terminalis Superb species; rich crimson foliage, marked with pink carmine and creamy-white. Words cannot describe the exquisite coloring. This is one of the most admired of the decorative species, its elegant habit and extremely beautiful, lively coloring giving it marked value. It is a rapid grower, and for room adornment or as a vase plant for out-of-door use it is indispensable. Price, 25 cents each, three for 60 cents.

Dracena Indivisa Of all the plants in use for centers of vases, baskets, or for beds in the open ground, nothing is so valuable as this is. From its graceful drooping habit it is sometimes called the "Fountain Plant." Price, 10 cents each; three for 25 cents; extra large, 25 cents.

PALMS AND OTHER CHOICE DECORATIVE PLANTS

Palms have become an almost indispensable feature in all decorations, whether for apartments, conservatories, or for tropical bedding in summer. The following varieties of Palms are of easy culture in the parlor or conservatory. No home should be without one or more. It might be well to state here that young Palms do not always resemble the illustrations; the characteristic leaves usually appear the second year. We deliver the small plants by mail, postpaid; the large plants must be sent by express.

Kentia Belmoreana
The Kentias are among the best of the Palm species for general cultivation. This variety is one of the best in its class—graceful habit, bright green foliage, gracefully disposed; as a decorative plant for the window, dinner table or conservatory it scarcely has an equal. Price, small plants, 25 cents each; medium, 50 cents; larger, by express, 18 inches high, \$1.00.

Latania Borbonica Palm Color; plant of hardy constitution, and adapted to all decorative purposes within or without doors. Appreciated by all the

color; plant of hardy constitution, and adapted to all decorative purposes within or without doors. Appreciated by all the plant-loving community. Price, 25 cents; larger size by express, four-ineh pots, 51.05.

Phoenix Roebelini (Grand Novelty.) A new Palm is always interesting, but when the always interesting, but when the grace and lightness of Cocos Weddeliana, but it is more robust in growth and has tenfold the foliage of that fine variety. Price, nice four-inch pot plants, 50 cents each.

Phoenix Reclinata outdoor decoration. It is of very robust habit, and is very easily grown. Price, for nice plants, 25 cents each; strong four-inch plants, 50 cents each; larger, by express, \$1.00 each. Kentia Forsteriana This is one of the finest plants imaginable, and the easiest to grow of any of the Palm family. Being almost hardy, it is not injured by slight changes in temperature, and its stiff, glossy leaves enable it to stand the dry, hot air of the living room without injury. The leaves are deep, glossy green, fan-shaped, split deeply into segments. Price, small plants, 25 cents each; medium, 50 cents; larger, by express, eighteen inches high, \$1.00. Areca Lutescens One of the most valuable and beautileaves are gracefully curved on slender stems, and the entire foliage is gracefully disposed; the trunk and stems are goldenyellow. Price, nice plants, twelve to fifteen inches high, 50 cents; large specimen plants, twenty-six to twenty-eight inches high, \$1.50 each. Phoenix Reclinata A fine decorative Palm; one of the high, \$1.50 each.

Pandanus Utilis.

Pandanus Utilis (Screw Pine.) For majesty of form and gracefully arranged foliage, this is without a peer. As an ornament for the window, its glossy, dark green, serrated foliage renders it unusually attractive, while as a vase plant or single specimen in greenhouse or conservatory it cannot be surpassed. Price, 35 cents each. two for 60 cents.

Ficus Elastica (India Rubber Tree,) Very large, smooth, leath-ery leaves, evergreen foliage. Generally esteemed one of the finest house plants grown, the plant attaining a large size and tree shape. Price, twelve inches high, 35 cents; eighteen inches high, 50 cents; two feet high (by express only), \$1.00. Araucaria Excelsa (Norfolk Island Pine.) As a decorative plant for the house this is one of the handsomest and most serviceable. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances; its symmetry of form, grace and beauty of foliage are unequaled in the vegetable kingdom. It is easily grown in the house and is-highly or namental. Price, nice plants, twelve to fifteen inches high, three tiers, 75 cents each: larger plants, eighteen to twenty inches high, four and five tiers, \$1.00 each. These can be sent only by express.

Ficus Elastica.

The American Wonder Lemon

The Largest Edible Lemon in the World,

Superb fruit has been taken from the tree weighing over three pounds each. In addition to its fruit-bearing qualities it makes a very handsome specimen plant for house culture. The dark green foliage is very large and handsome, and the pure waxylike flowers with yellow stems are as fraggant as Orange blossoms, which it greatly resembles. The lemons have very thin rind and are full of rich acid juice. One is equal to eight or ten ordinary lemons. It makes delicious lemonade, and for culinary purposes has no equal. It is of the very easiest culture, flowering and fruiting in any good ordinary seil. Price, for very strong, young plants, 10 cents each, six for 50 cents; second size, splendid two-year-oid plants, 35 cents each.

Azalea Indica-Chinese Azalea.

OTAHEITE ORANGE

A grand pot plant, and one of great beauty and novelty. It blooms most freely during the winter, though it is likely to bloom at any and all times of the year. The fruit is about one-half the size of ordinary oranges, and very sweet and delicious. Price, 10 cents each, six for 50 cents; large strong plants, 25 cents each. Specimen plants from five-inch pots, 50 cents each.

AZALEA INDICA CHINESE AZALEAS

No plant has increased in popularity during recent years with such amazing rapidity as the Chinese Azaleas. A few years ago the annual importations of these from Belgium into the United States would hardly exceed twenty-five thousand. Today it reaches five hundred thousand. At Easter they are seen in every church and in the windows of our finest residences. The ease with which they can be grown, their diversity of color and freedom of flowering will always keep them in public favor. The plants we offer are all set with buds, and are beautifully trained specimens, and will flower in the spring time in any ordinary living room. In summer set outdoors in the shade and keep moderately wet. Plants twenty-four to thirty inches in circumference, 75 cents each; any three for \$2.00. three for \$2.00.

Azaleas are too large to be sent by mail; must be sent by express.

APOLLO-(Medium.) Crimson-scarlet; best red.
DE SCHRYVERIANA - Salmon with white, fine habit; very free. Easter.

ERNEST EECKAUTTE — Latest and finest novelty, a very double, nicely fringed deep carmine Azalea, of a robust growth with nice foliage which does not drop in transit; very free blooming from February until Easter.

MADAME VAN DER CRUYSSEN—(Late.) Glossy-rose, tinted with amaranth. By many thought to be the best of all.

NIOBE-Double white, very fine variety. Early.

large flower.

PROFESSOR WOLTERS-(Medium.) Beautiful variety. Rose, white bordered VERVAENEANA-(Early.) Clear pink, white margin, very

HARDY AZALEA MOLLIS

A beautiful species from Japan, with large flowers of fine shape. The colors run through all the shades of orange, yellow and carmine. Fine, bushy, showy hardy plants, used extensively in parks and public grounds. Price, extra strong, well set with flower buds, by express, only 50 cents each; three for \$1.00.

Sweet=Scented **JASMINES**

The Jasmine is a favorite greenhouse or house plant everywhere North, while in the South it is perfectly hardy. It is the idol of the poets, and one of the sweetest flowers. Among the species are found equally desirable subjects for decorating the greenhouse and the outdoor border, combining in every instance freedom and elegance with the most delicious fragrance.

GRANDIFLORUM—Foliage fine; flowers white, star-shaped and fragrant; blooms from November until May, easy culture. Price, 10 cents each; larger size, 25 cents each.

GRAND DUKE OF TUSCANY—Easily grown, even small plants bearing a profusion of double, creamy-white flowers, having a delicious perfume. A plant of this lovely variety will, when in bloom, scent up a whole yard or house. It is by far the most delicious in bloom and fragrance of all Jasmines. It is sweeter than a Tuberose, and that is saying a good deal for it. Will thrive outdoors and bloom through the season. A magnificent plant, and one of the most valuable and popular pot plants. It can be stored in a dry cellar in winter. It will please you. Try it. Price, fine plants, 15 cents each; large plants, 35c each. Extra large, bushy plants, eighteen to twenty-four inches high, by express only, 50 cents each.

-A flowering shoot is produced from every joint which terminates in a dense cluster of pure white, fragrant flowers; in bloom from October to February. Price, 8 cents each; fine, bushy plants, twelve to fifteen inches high, 25c.

POETICA—Similar to Jasmine Grand. Flowers smaller, but borne on large spikes. Makes a valuable climbing plant, though if desired can be grown bush form. Price, 10 cents each; fine, bushy plants, 25 cents each.

REVOLUTUM—A strong climbing plant, with glossy leaves and single, deep yellow, fragrant blossoms. A beautiful plant and easily grown. Almost hardy in this latitude. Price, 10 cents each; larger size, 25 cents.

JASMINE PRIMULINUM

A new and exquisitely beautiful flowering plant. Finest of all Jasmines for pot culture, or for the open ground in the Southern and Pacific states where it is hardy. It makes a very graceful plant with long, wavy stems, thickly clothed with handsome foliage, and when in bloom each stem or branch is almost a solid wreath of large, golden-yellow blossoms like immense Primroses—two inches across. Plants bloom when very small, and if trained up to a trellis or wall will climb a few feet in height, as it is really a semi-climber. But either as a climber or bushy pot plant it has few equals. Price, strong plants that will bloom soon, 10 cents each, six for 50 cents. Plants from four-inch pots, 30 cents each, four for \$1.00.

Maid of Orleans,

MAID OF ORLEANS-In this beautiful Jasmine there are combined some sterling qualities that place it a peer over existing sorts. Of easy culture, fine grower, good bloomer, elegant fragrance, and double flowers of chaste and waxywhite appearance. If you only have one Jasmine, let it be this one. Price, 15 cents each; larger size, 35 cents each.

Rhyncospermum Jasminoides or African Jasmine

A beautiful greenhouse plant, with glossy, evergreen foliage, producing masses of pure white Jasmine-like flowers of delightful fragrance. Of climbing habit and presents a beautiful appearance when properly trained. Flowers are desirable for bouquets. Price, 15 cents each; large size, 35 cents each.

OLEA FRAGRANS

(Sweet Olive)

An old favorite greenhouse shrub, succeeding admirably as a house plant, producing small, white flowers which are of the most exquisite fragrance, continuing to bloom almost the entire winter. Nice, strong plants, 25 cents each.

The Royal Plant CAMELLIA JAPONICA

The royal family of greenhouse plants. Leaves glossy-green; flowers of the most exquisite beauty and waxy texture. From pure white to crimson in almost endless variegation. The pure white ones are generally prized above the colored varieties. Their culture is nearly related to that of the Azalea, but their success is more certain. Requires shade and moisture throughout the hot season. Their time of blooming is winter and early spring. Requires a moderate and uniform temperature with as little artificial heat as possible. When set with flower buds great care must be taken in watering—when left too dry the buds are sure to drop. The varieties we supply are the best extant, the pick of a Continental collection, and embrace double white, double pink, double red and double variegated. Price for very large, strong plants, by express, \$1.00 each, three for \$2.50.

Golden Bells.

ABUTILON or FLOWERING MAPLE

The Abutilon or Flowering Maple is a plant of as easy culture as the Geranium and quite as satisfactory. It is beautiful both in leaf and flower, and is very profuse in bloom. A good plan, if you wish to flower them in the house during winter, is to plant in pots and plunge in the garden, as they can then be lifted in the fall without disturbing the roots. Price, 10 cents each, three for 25 cents. Extra large plants, 25 cents each, three for 60 cents.

DRIVEN SNOW-Very large, wide open, pure white flower; the most effective white variety to date.

ECLIPSE—Fine for baskets and vases, trailing in habit. Its foliage is very attractive, beautifully marked dark green and yellow. Flowers bright yellow, with crimson throat.

GOLDEN BELLS—Appropriately named. A well-grown plant of this variety has the appearance of being hung with an abundance of glittering golden bells, making a fine contrast against the bright green leaves. A strong, handsome grower. Flowers bell-shaped, of a rich golden-yellow. It blooms continually through the entire summer.

ROSAEFLORA - Despite later introductions, the best pink variety we have seen. The clear rose or pink of its flowers is fresh and beautiful; free bloomer.

ROBERT GEORGE—A free and continuous bloomer; flowers large, incurved, everlapping petals; orange, veined crimson; large, inc

SOUVENIR DE BONN-A very distinct and striking new plant, with large, bright green leaves, distinctly edged with a pure white band. The long-stemmed flowers are bright orange, veined with crimson, and stand well out beyond the foliage, producing a very pleasing effect. An excellent plant for large vases and porch boxes.

Aloysia Citriodora (Lemon Verbena)

This plant has the most fragrant foliage of any plant grown. The fragrance is that of the lemon. One plant will scent up a whole yard. Grows rapidly; exquisite. Can be wintered over in the cellar. Price, 10 cents each; three for 25 cents.

Sweet Alyssum.

SWEET ALYSSUM

(Double White)

The trusses are enormous, measuring at times one inch in diameter and five inches long. The flowers are perfectly double and of delightful fragrange. delightful fragrance. Price, 8 cents each, four for 25 cents.

AGERATUMS

Very useful for bedding or borders, and flowering continually throughout the summer. Price, 5 cents each, any six for 25c.

LITTLE BLUE STAR

-Of dwarf, bushy
habit, never attaining a height of over
six or eight inches. ing a six or eight inc.
six or eight inc.
It is extremely free flowering, the individual tufts of are very large and dense. The color is an intense blue, the most

beautiful ever seen in the Ageratum family.

INIMITABLE—A giant flowered type, much larger than other sorts now grown. Flowers lavender-blue, produced in immense heads on stout heavy stems. Plant grows nine to ten inches high and flowers freely the year around.

MONT BLANC - Large flowered white. Strong, compact

grower.

PRINCESS PAULINE—A novel variety, dwarf, compact habit. Its peculiarity consists of both blue and white being combined in the same flower, the body of the flower being white, while the stamens, forming an outer ring, are sky-blue, giving the flower a pretty variegated appearance.

ALTERNANTHERA

Beautiful dwarf plants of compact habit, growing about six inches high, and admirably adapted for edgings, beds or ribbon lines. Always attractive and highly ornamental.

AUREA NANA—Bright golden-yellow. Price, 6 cents each, 60

cents per dozen.

PARYCHOIDES MAJOR—When at its best the color of this variety is a clear carmine, the delicate foliage making a dense but soft cushion. Price, 8 cents each, four for 25 cents.

ACALYPHAS

The most important feature is its wonderful qualification for bedding, as it will stand bedding out like a Coleus; in fact, in the sunniest places it produces the highest coloring. The leaves are large, oval shaped, varying in size, the larger leaves measuring four and one-half inches wide and eight inches long. Habit of growth is compact, with free branching habit, rarely attaining a height of over twelve or eighteen inches. ACALYPHA TRIUMPHANS—Very bright, ovate, pointed leaves, light red, shaded and marbled darker. Price, 15 cents each; two for 25 cents.

hight red, shaded and married darker. Thes, to come can two for 25 cents.

ACALYPHA MARGINAT—Fine large foliage, dark olive margined rose. A very desirable variety, standing upright in hot and dry weather. Price, 15 cents each; two for 25 cents.

ACALYPHA MILTONIANA—Gracefully drooping, irregular leaves, long and slender; deep green with creamy-white margin. Price, 15 cents each, two for 25 cents.

Bougainvillea Glabra Sanderiana.

BOUGAINVILLEA SANDERIANA

Flowers soft rosy-crimson, borne very evenly all over the plant. Blooms when quite small, and may be trained in almost any shape. On account of the lasting qualities of its flowers, it is frequently called 'Chinese Paper Plant.' Price, 15 cents each; two for 25 cents.

OUR BEAUTIFUL BEDDING COLEUS

There is nothing in the line of bedding plants that can ever take the place of Coleus. Used in solid clumps or as edging to Canna beds, etc. Price, 5 cents each, any twelve for 50 cents; by express, twenty-five for \$1.00. Price of Coleus by the hundred when sent by express, \$3.00 net.

BECKWITH'S GEM-Beautiful fancy variety with large leaves

BECKWITH'S GEM—Beautiful fancy variety with large leaves of heavy texture and finely scalloped edges; center of leaf dark velvety-maroon, bordered with flery-red; edge is green, changing to creamy-yellow at the point of leaf.
BUTTERFLY—A crimson-bronze, old gold and green.
COUNT CUVIER—Center flery-red, surrounded with deep maroon, edged olive-green, serrated edge.

DUNERIA—The grandest Coleus of recent years; has a deep velvety texture; color crimson-maroon center, beautifully scalloped edge of light red; a fine, showy bedden EMPRESS OF INDIA—Crimson, with golden edge.

FIRE CREST-The major portion of the foliage is a bright carmine-crimson shade; edge is slightly marked golden-yel-low, which heightens the coloring; center of leaves blotched deep bronze.

deep bronze.

GOLDEN BEDDER—Clear yellow when well developed; edge somewhat crinkled; center rib of lighter yellow.

GOLDEN VERSCHAFFELTII—This is a beautiful yellow variety with scalloped edge, tinted delicately with bright red.

JAMES BARNSHAW—Yellow and crimson striped.

MISS REITA KIRKPATRICK—Large white center, shaded with yellow, broad green-lobed margin; large follage.

PROGRESS—A beautiful mottled red, green and bronze.

QUEEN OF THE WEST—Large leaf, and slightly serrated; outer band of bright oxide-green with margin of bright yellow and center wedge of creamy-white, the whole covered with blotches and spots of bright carmine and deep maroon.

SENSATION—Large-leaved variety; color crimson-maroon, with center light red.

SETTING SUN—Crimson, with brightest golden edge.

TRAILING BEAUTY—An excellent variety for hanging baskets and vases on account of its trailing habit; center of leaves fiery-crimson surrounded with deep maroon; deeply serrated edges of bright olive-green. edges of bright olive-green.
VERSCHAFFELTII—A rich velvety-crimson; best bedder.

CALADIUM ESCULENTUM, or Elephant's Ear

Very effective, and suitable for either a single plant on the lawn, masses in beds or margins of water; its very distinct leaves often attain a length of three feet by twenty inches wide, and have a rich, tropical effect. Price, for nice hulbs of Caladiums, 10 cents each, three for 25 cents, \$1.00 per dozen; large bulbs, 25 cents each, six for \$1.25.

CROTONS

The Crotons are among the finest decorative foliage plants known. Leaves are more or less véined and margined, sometimes entirely variegated with shades of yellow, orange and crimson. Crotons love heat, sunshine and moisture. We will send you the following choice kinds at 15 cents each, two for 25 cents.

ALICE—Broad leaves of red, yellow and green markings. Beautiful.

INTERRUPTUM—Long, narrow leaves, center yellow and red.

MAKOYANUM—Chocolate and carmine markings. Broad leaves.

NESTOR.—Olive ground. Pink midrib and green spots. Finest of all Crotons.

PICTURATUM—Long leaves of yellow, red and green.

QUEEN VICTORIA—A very bright variety. Medium long leaves with brightest crimson, yellow and green markings; very desirable.

SPIRALE—Leaves twisted like a corkscrew. Very pretty.

VEITCHII—Yellow, green and crimson. One of the best.

Clerodendron Balfouri.

Cestrum.

Cyperus Alternifolius.

CLERODENDRON BALFOURI

We can safely recommend this great Clerodendron as one of the most satisfactory plants for window culture now known. It is a vigorous, rapid, healthy grower, and produces an abundance of blooms which are bright crimson surrounded by pearly-white petals, producing a striking contrast against the dark green foliage. It can be used for a ine specimen pot plant, and can be grown to fine form by cutting off the ends of the growing shoots. A partially shaded position is conducive to rapid growth. Price, 10 cents each.

CESTRUM (or Night=Blooming Jasmines)

These beautiful Shrubs are cultivated for the delicate fragrance of their elegant flowers, which are borne in clusters; of easy cultivation.

LAURIFOLIUM—A handsome plant, with large, glossy foliage and pure white flowers. Price, 8 cents each.

AURIANTICUM—A winter-flowering variety of night-blooming Jasmine, with pure orange-colored flowers. Price, 10c each.

PARQUI—An excellent garden plant, growing rapidly. Foliage long and of a deep green color. Produces its richly fragrant flowers at every joint. Sweet only at night. It is also well adapted to house and window culture. Price, 10 cents each.

CORONILLA GLAUCA

A pretty flowering, beautiful plant. The flowers are peashaped, bright yellow and fragrant. Blooms freely during winter and occasionally through the summer. Of easy culture and one that will give general satisfaction. Price, 10 cents each.

CALCEOLARIA (Creole Queen)

Produces in the spring a mass of beautiful, pocket-like crimson flowers. Price, 8 cents each.

CUPHEA PLATYCENTRA

(Cigar Plant.)

This is a well-known ever-blooming plant of neat habit, growing twelve inches in height. The tube of the flower is scarlet, with the end partly white and crimson. These plants thrive beautifully in hanging baskets, vases, etc. They are also valuable as pot plants in the window. Price, 8 cents each, four for 25 cents.

cents.

Calla, The Gem.

CALLA, "The Gem"

The Gem is of strong dwarf habit. The foliage is of lustrous dark green, and is produced in great abundance. Its flowers are produced in the greatest profusion, being literally an everbloomer. It will bloom freely all summer out in he onen ground in Sen. freely all summer out in he open ground; in September it can be lifted and potted, and will continue blooming all winter. Price, 10 cents each, six for 50 cents; large plants, 20 cents each, three for 50 cents.

UMBRELLA PLANT

(Cyperus Alternifolius.)

An ornamental grass throwing up stems about two feet high, surmounted at the top with a whorl of leaves, diverging horizontally, giving it a very curious appearance. It is splendid for the center of vases or as a water plant. Price, 10 cents each, three for 25 cents.

LAGERSTROEMIA INDICA (Crape Myrtle)

A very popular and free-flowering shrub, or small tree, which produces blooms in great abundance throughout the summer. The flowers are beautifully fringed and are borne in large clumps. A massing of these, or a single specimen, makes a most striking effect. A favorite tub plant in this latitude, where it is not hardy enough to preserve its old wood during the winter, as in the South, where it is perfectly hardy. Here it dies down to the root, but comes up again in the spring. The best down to the root, but comes up again in the spring. The best way, therefore, is to keep the plants in the cellar over winter and transplant in rich soil early in the spring, watering freely during the summer, and no flower will produce better effect. Price, except where noted, 15 cents each, two for 25 cents. CRAPE MYRTLE PURPUREA—Of a peculiar purplish-crimson color.

color. CRAPE MYRTLE PINK-Colored a fine shade of pink.

MYRTUS CUMMUNIS

(The Jew or Bride's Myrtle.) This is a handsome, upright, evergreen plant, suitable for pot culture in the house; has small glossy green leaves that are very fragrant. This is scarce and rare. Flowers pure white, very fragrant. Hardy in the South only. Strong plants from three-inch pots, 20 cents each, three for 50 cents.

WHITE CALLA

Aethiopica—This is the well-known Egyptian Lily, or Lily of the Nile, with large white flowers, broad foliage, and it will prosper under very adverse circumstances. If you want large Callas, send to us, as we are headquarters for them. We have two sizes. Buibs to bloom next winter, 10 cents each; strong blooming bulbs, 25 cents each.

CALLA HASTATA

This is the yellow Calla. It is just like the others only the flower is a lemon-yellow. It is very distinct and will enrich anyone's collection. Price, i5 cents each; four for 50 cents.

CALLA RICHARDIA

Spotted Calla—The Richardia Alba, or Spotted Calla, is a plant of magnificent appearance. The leaves are of the richest green, spotted with pure white; the flowers are white, with a rich chocolate throat. It can either be grown in a pot, planted in a border or in a vase or rustic stand, the latter being a very effective way of showing its beauty. Price, 10 cents each; extra large bulbs, 25 cents each.

The Godfrey Ever-Blooming Calla

This new hybrid is a true ever-blooming variety. Compared with the ordinary White Calla, it gives three flowers to one, the flower being equally large, of perfect form and very much whiter. The plant is of dwarf, compact, strong growth, about eighteen inches high. Price, 15 cents each, four for 50 cents.

Genista Canariensis, Fountain of Gold

This beautiful plant well deserves the great popularity it has gained in the past two years. The drooping branches are covered with delicate sage-green foliage, and every twig tipped with a long raceme of exquisite pea-shaped blossoms of pure canary color, almost hiding the foliage, and suggesting the name, "Fountain of Gold." Price, 10 cents each; three for 25 cents.

LITTLE GIANT FEVERFEW

The great value of the old Dwarf Feverfew for cut flowers during the summer, fall and winter, is well known to florists and others. This variety surpasses it in every way. It is very dwarf, attaining a height of from twelve to eighteen inches. The flowers are larger, of more perfect form and of the purest white. Price, 10 cents each, three for 25 cents.

· Heliotrope Centifleur.

GIANT=FLOWERING HELIOTROPES

THESE ARE UNIVERSAL FAVORITES ON AC-COUNT OF THEIR DELIGHTFUL FRAGRANCE.

Flower equally well as bedding plants in summer, or as pot plants in the house during the winter.

Price, 8 cents each; three for 20 cents.

ALBERT DELAUX—Foliage is a bright golden-yellow, marked

slightly with a delicate green.

BUISSON FLEURI—Plant semi-dwarf; extremely beautiful in growth, free grower, easily propagated; the plant is covered with bloom, trusses extremely large; florets large and flat-faced; color rosy-violet with star-shaped eye.

CENTIFLEUR—Dwarf in growth, bushy, with fine, neat foliage; a healthy, sturdy variety, completely covered with a bouquet of bloom. The sprays of bloom are the largest that we have ever seen; the florets are wide and flat; color lovely deep heliotrope, with conspicuous white eye, and deliciously fragrant.

LUER d'OPALE—Very free flowering, trusses extremely large, florets very broad, azure-lilac passing to pearl-white with yellow eye.

MADAME DE BLONAY—Fine, large, strong foliage, producing very large trusses of pure white flowers.

HYDRANGEAS

Shrubby plants, hardy from here south. They bear great heads of flowers, which remain in perfect condition for about two months. The plants maintain a showy appearance all summer and fall.

OTAKSA MONSTROSA—Color of bloom intense rose, shaded white; borne in much larger clusters than Otaksa, quite smail plants bearing blooms of enormous size, which are very lasting in quality. The variety is free in growth and very free in the production of bloom; one of the finest novelties of the year. Price, 15 cents each, two for 25 cents.

RAMUS PICTUS—Red Branched Hydrangea. We consider this variety the most elegant Hydrangea for pot culture or for tubs grown. It is much handsomer than Otaksa, the foliage being darker green, with black stems, making it very distinct, flowers rosy-carmine, changing to blue, the dark green foliage and purple-black stems being in contrast with rosy-carmine flowers. Price, 15 cents each, two for 25 cents.

THOMAS HOGG—Pure White Hydrangea. A pure white variety with trusses of flowers measuring fifteen inches in diameter. The plants, when full grown, attain a length and width of six feet. Perfectly hardy, and is one of the finest plants for cemeteries. Price, 10 cents each, three for 25 cents.

Hibiscus Peachblow.

HIBISCUS

Large growing tropical shrubs with very glossy foliage. The plants, under the hottest sun, produce enormous flowers in great numbers and make noble specimens. They can be grown in tubs and kept for years. The blooms average five or six inches in diameter, and are gorgeously colored. The plants can be wintered over in a warm, dry cellar.

Double Flowering Varieties

Price, 10 cents each, any three for 25 cents; in extra large size at 25 cents each, three for 60 cents.

AURANTIACA-Large, double orange-colored flowers. Very novel and attractive.

MINIATUS SEMI-PLENUS—Semi-double flowers, light ver-

MINIATUS SEMI-PLENUS—Semi-double flowers, light vermilion-scarlet; petals waved and recurved; flowers noticeable for the absence of formality, but very handsome.

PEACHBLOW—One of the finest plant novelties offered in recent years; flowers double, from four to five inches in diameter; charming, rich clear pink color, with a small deep crimson center; entirely new and most beautiful shade. RUBRA—A very pretty double red Hibiscus. Flower deep cherry-red, very large and double.

SUB-VIOLACEOUS—Flowers of enormous size, beautiful carmine, tinted with violet. Probably the largest flower of the Hibiscus family, and an unusually free bloomer.

Single Flowering Varieties

Price, 10 cents each, any three for 25 cents; in extra large size, 25 cents each, three for 60 cents.

COOPERII TRICOLOR-Foliage beautifully variegated with

COOPERII TRICOLOR—Foliage beautifully variegated with dark green, pink and white, flowers crimson. This beautiful tricolor plant is one of rare magnificence, and is unequaled by any other plant in brilliancy of foliage.

CARMINATUS PERFECTUS—Full, round flower of perfect shape; soft carmine-rose, with a deep crimson eye.

DENISONII—The most distinct of all Hibiscus. On account of the difficulty in propagating, it will always be scarce. Color a delicate carmine, and changes to pure white.

DECORUS—Foliage very large and lobed; flowers enormous, on long stems, of a beautiful rosy-carmine color; the stamens and pistils are very showy; the stigma is large, circular and golden-yellow.

GEN. DE COURTIGGIS—A very grand, large-sized flower; single light scarlet; very showy.

GRANDIFLORUS—Rich, glossy foliage; blooming profusely through the summer, literally covering the plants with scarlet-crimson single flowers.

ROSE SINENSIS—Flowers red and very large, averaging nearly five inches in diameter.

five inches in diameter.

VERSICOLOR—A variety combining in its flowers all colors of the whole family, being handsomely striped crimson, buff, rose and white.

Rare New and Choice Old Impatiens

Price, 10 cents each; any three for 25 cents; any seven for 50 cents.

Some of these are entirely new and distinct in color. All are true everbloomers, are good bedders and make splendid pot plants for the house. The Impatiens delight in a light, rich soil, and thrive best in a partially shaded position. They are a mass of bloom all the time, are splendid bedders and superb pot plants for the house. When grown in pots care should be taken to avoid overwatering.

ATROVIOLACEA — Deep purplish-

violet.
CARMINEA—Bright carmine.
ALBA RUBRA MACULATA—White,
tinted pink and sometimes blotched.
This is a beautiful variety.
HYBRIDA ROSEA—Rosy-white.
SULTANI IMPROVED — Certainly
the freest-blooming bedding or
house plant in cultivation. The
plant is literally covered with brilliant, rosy-scarlet flowers. For
summer bedding or winter blooming in the house it has no equal.
THE QUEEN—In form and foliage
it is like Sultani, but color of flower is a handsome shade of salmon,
tinged with pink.

tinged with pink.

An excellent variety for cultivation in the house, being a free grower, with very beautiful, broad, glossy green leaves. Price, 10 cents each, three for 25 cents. Strong plants from four-inch pots, 20 cents each, three for 50 cents.

GERMAN or PARLOR IVY

A rapid-growing and succulent plant, well adapted for covering trell's work quickly or training in the parlor. Leaves glossy green and flowers yellow, in clusters. Price, 10 cents each, three for 25 cents.

LANTANAS

Or Shrubby Verbenas, the Finest Plants that Grow

The brilliant colors, robust growth and profuse blooming habit of the Lantana, render it one of the finest bedding plants that grow. The varieties here described give a wide range of color, and include the most distinct and profuse blooming varieties.

Price, 10 cents each, three for 25 cents. For bedding, twenty of our selection for \$1.00.

-About one foot high; approaches the trailing variety in habit; as the first growth droops toward the ground, successive growths rise above these until it forms a dome-shaped plant covered solid with bloom of the brightest shade of orange-red with golden centers; a leader among bedding plants.

AURORA—Large flowered, dark and light shades of pink, with yellow

AURORA—Large non-recs, and center, center, center, ALBA PERFECTA—Pure white; very fine.

HARKETT'S PERFECTION—A new variety with beautiful, fresh and yellow flowers and golden variegated foliage.

MICHAEL SCHMIDT—Flowers fresh and sparkling, of a brilliant yellow, passing into purple-vermilion.

NEW WEEPING LANTANA—Fine for baskets, vases, pots or window boxes. Produces a great abundance of delicate, drooping, leafy vines, covered nearly all the time with clusters of lovely lilac flowers with white eyes. vines, covered nearly all the time with clust ers with white eyes. SERAPHINE—Dwarf; red with yellow center.

ULTIMA --- A magnificent pure golden-yellow.

MOONFLOWERS

IPOMEA GRANDIFLORA--The True Moonflower. A very rapid sum-IPUMEA GRANDIFLUKA—The True Moontlower. A very rapid summer climber, blooming the first season. No insects attack the leaf. The flowers are immense; pure white, sweet-scented, five inches in diameter, borne very profusely, and, as they open at night, are very striking. Being a free bloomer, the effect on a moonlight night is very charming. Try it. Price, 10 cents each, three for 25 cents.

IPOMEA LEARII—The Blue Moonflower. Flowers are trumpetshaped, of a rich violet-blue, with five purple rays. Price, 10 cents each, three for 25 cents.

iPOMEA MAXIMA—Its pure white, abundant blooms average six to eight inches across, and often surpass that magnitude. Price, 10 cents each, three for 25 cents.

Oleander Rosea.

PASSIFLORA—Passion Flower

PFORDI - A beautiful sort; blue flowers.

cents each.

CONSTANCE ELLIOTT — New Hardy Passion Flower.

This beautiful variety has flowers very large and pure ivory-white. Excellent for cemetery purposes. Price, strong plants, 10 cents each.

JUSTICIA, or Brazilian Plume

Is a strong, rapid grower, and throws up long stems on which are produced fine, plume-like flowers, the ends of each petal drooping in a most charming manner. Either for house or outdoor culture. JUSTICIA CARNEA—Large pink flowers. Price, 15c. JUSTICIA HYDRANGOIDES—Large flowers, lilac and white. Price, 10 cents each.

MADERIA VINE

The most liked of all climbers. The leaves are light green above and rosy-chocolate underneath, flowers white and deliciously fragrant. Grows well in garden or pot, hanging baskets or vases. Makes fine shade for verandas. Give tubers same care as Dahlias. Price, 5 cents each, six for 25 cents.

Passion Flower.

TWO BEAUTIFUL PLUMBAGOS LIGHT BLUE AND CREAM=WHITE

The Plumbagos are always satisfactory plants, either for pot culture or for the garden. They are constant bloomers, and their delicate and graceful flowers are very useful for cutting.

capensis—A well-known favorite, and always valuable because it produces large trusses of beautiful light blue flowers. Price, 10 cents each.

CAPENSIS ALBA—The counterpart of Plumbago Capensis, excepting in color, which is creamy-white. A constant bloomer; a splendid new sort. Price, 10c each.

OLEANDERS

These old-fashioned shrubs are becoming immensely popular again. No plant makes more handsome specimens in tubs for the veranda or yard. Can be wintered in the

OLEANDER ROSEA—Has double pink flowers. The old favorite. Very sweet. Price, 15 cents each.

LILLIAN HENDERSON—Has double white flowers of the largest size. Fragrant like the old double pink. Price, 15 cents each.

YELLOW OLEANDER (LUTEA)—A new and scarce variety with light yellow-colored blossoms. A decided novelty. Price, nice plants, 15 cents each.

WE WILL SEND THE THREE VARIETIES OF OLEAN-DERS, VERY FINE PLANTS, FOR 40 CENTS

Large well branched plants from four-inch pots, 30 cents each; three for 75 cents.

CHINESE PRIMROSE

Few house plants afford better satisfaction than this. It requires to be kept cool, a north window suiting it best. Care should be taken in watering it that no water gets on the buds, as it causes them to decay. In the summer they can be turned out into a shady border. The plants we offer are fine, and the colors will please. White, pink and red.

PRICE, 10 CENTS EACH. THE THREE DISTINCT SORTS FOR 25 CENTS

Justicia Carnea.

PRIMULA OBCONICA GIGANTEA—(Always in Bloom.) This is a charming new plant for winter; in fact, we know of none that is better adapted to home culture than this one. It is not susceptible to changes of temperature that most plants are subject to. It bears its elegant panicles and sprays of bloom of a delicate pink and white in the greatest profusion. It is certainly elegant. Price, 10 cents each, four for 35 cents; large plants from four-inch pots, 25 cents each, four for 75 cents.

PRIMULA OBCONICA GIGANTEA KERMESINA-Beautiful deep crimson.

PRIMULA OBCONICA GIGANTEA ALBA — The pure white flowers greatly enhance the beauty of the existing lilac, rose and crimson shades.

PRIMULA OBCONICA GIGANTEA LILACINA—Beautiful lilac.

PRIMULA OBCONICA GIGANTEA ROSEA-Lovely rose.

LINUM TRIGYNUM (Yellow Flowering Flax)

· Clear, bright yellow flowers resembling small Morning Glories. Very attractive for house culture, as there are so few yellow winter flowering plants. Price, 10 cents each.

for 25 cents.

Oxalis Ortgiesi

It grows twelve to eighteen inches in height, branching freely and loaded at all times with clusters of bright golden, star-shaped flowers, which do not close at night, like other Oxalis. Beautiful as the flowers are, it is still a splendid plant without them, on account of its highly ornamental foliage. Price, 15 cents each, two for 25 cents.

Silver=Striped Peperomia

So thick and waxy-like are the leaves of this parlor gem that nearly everyone takes it to be an artificial plant. The leaves are distinctly variegated white and green, and have the er. Price, 10 cents each, three appearance of being powdered with frosted silver.

Oxalis Ortgiesi.

New Marguerite Mrs. F. Sander.

PARIS DAISIES, or MARGUERITES

MRS. F. SANDER-Unlike all other Marguerites, its color is of the purest glistening white throughout; in size it frequently measures five inches across; the center of the flower is a mass of closely arranged fringed florets; these are surrounded or edged by the broad, shining white ray petals, forming a flower which reminds one forcibly of a glorified double Pyrethrum. These are produced on long stems with a freedom not known in other varieties of the Marguerite. Strong young plants, 15 cents each, two for 25 cents.

QUEEN ALEXANDRA-The flowers are pure white, the greater percentage coming full double, but even the semi-double and single flowers, which appear on the same plant, are very handsome. Should be in every collection. Price, 10 cents each, three for 25 cents,

NICHOLSON'S WHITE-(Marguerite.) Nothing can be imagined that is finer. All know well the old varieties of Paris Daisies-how beautiful and much sought after for decorations of all kinds. The new variety blooms constantly. Nothing is so airy and graceful as these blossoms of large white petals showing a yellow disc. Price, 10 cents each. three for 25 cents.

NICHOLSON'S YELLOW -- (Marguerite.) The yellow Paris Daisy similar to the Nicholson's White, but a rich golden color. The two varieties go handsomely together. Price, 10 cents each, three for 25 cents.

Giant Flowering PANSIES

It is impossible to do justice to these lovely flowers in a printed description. Cold type cannot convey an idea of the indescribable richness. the varied and exquisite coloring, the large size, perfect form and great substance of the blossoms. Plants are compact and bushy, and produce great quantities of flowers borne well above the foliage on strong stems. Owing to their vigor, this strain withstands the hot and dry weather better than any other variety, and produces its great beautiful blossoms in profusion all summer. The plants we offer are from seed of selected flowers of the Giant Trimardeau, Bugnot and Cassier strains in the following named colors, brilliant fine red, margined, striped, golden, purple, black, white, violet and gold. Price, 5e each, 35c per dozen, forty for \$1.00. oring, the large size, perfect

RUSSELIA MULTIFLORA

This is a grand new plant. The primary stems are strong and grassy. The flower panicles are extremely long and are covered with tassels of flowers one over the other. Color a grand coral-red. The flowers are tubular, and about one inch in length, and are produced so very freely as to cover the entire plant. It is well named many flowered. Always in bloom. No better plant is grown for baskets, vases and window boxes. Price, 10 cents each.

PETUNIAS

The Double Petunia is one of the finest bedding plants for massing, mixed borders, or for vases. The brilliancy and variety of its colors, combined with the duration of its blooming period, render it invaluable for garden decoration. Our collection is unsurpassed for brilliancy of color and size of bloom. Price, 10 cents each, three for 25 cents.

ARISTIDES-Rosy-purple, beautifully frilled; edges white.

GEM-Beautifully variegated, carmine-rose and white.

MAJESTIC-Rich deep purple, shaded crimson.

Double Petunia.

Salvia St. Louis.

SALVIA, FLOWERING SAGE

The Salvia is of easy culture, attaining a height of two to three feet. The flowers are very attractive, are fine for bedding, the scarlet variety especially. Price, 6 cents each; 60 cents per dozen; twenty-five for \$1.00.

MRS. PAGE — A Splendid New Dwarf Salvia. The grandest addition to our list of bedding plants. It forms a compact bush, completely covered with rich scarlet flowers. As a border or vase plant it will be indispensable.

ALBA—A white variety of Splendens, identical in every respect except in color, which is pure white.

PURPUREA — New Purple Salvia. An entirely new color in the Salvias; rich purple, heavily shaded maroon. A strong grower and persistent bloomer. A beautiful contrast to the scarlet varieties.

ST. LOUIS—New Salvia. A great improvement over the old Salvia Splendens. Grows two and one-half to three feet high, forming large, bushy plants covered with immense flower spikes, twelve to sixteen inches in length, of a vivid scarlet. Comes into flower early, continues until frost.

PILEA SERPAEFOLIA (Artillery Plant)

Very desirable for filling in hanging baskets, window boxes, vases, etc. It also makes a graceful plant as a single specimen. It has graceful frond-like leaves; flowers small and produce a snapping sound when water is thrown on the foliage. Price, 10 cents each, three for 25 cents.

PENNESETUM RUEPPELIANUM

(Purple Fountain Grass)

A beautiful annual ornamental grass, growing about two and a half feet high, producing long, graceful cylindrical, purplish plumes. An excellent ornamental plant for all bedding purposes, and the most appropriate we know of to use as an edging to a bed of Cannas. The grass-like foliage is long and slender, and the plumes bend and wave with the slightest wind. Although not hardy, can be stored in the cellar throughout the winter. Price, 10 cents each, three for 25 cents; 75 cents per dozen.

SWAINSONIA GALEGIFOLIA

A native of Australia; extremely graceful; trained at a window or on a trellis, presents a lovely sight of light green foliage, and a splendid profusion of sprays, resembling Sweet Peas in form.

PURE WHITE—Large, milk-white, exquisite. Price, 15c.

PINK—Beautiful pink, with white blotches. Price, 15 cents each, or the two varieties for 25 cents.

SANSEVIERA ZEYLANICA

This beautiful house plant is well adapted for decoration of sitting rooms, halls, etc., as it stands dust and neglect, of watering with impunity. Leaves grow to a length of from three to four feet, beautifully striped crosswise with broad white variegation on a dark green ground. A rare and beautiful plant, and should be abundantly grown for positions out of sunlight, where other plants do not thrive. Price, small plants, 10c each; large, handsome plants, 25c.

Silk Oak.

SILK OAK TREE

(Grevillea Robusta.) A magnificent plant for decorative purposes, of rapid growth, fully cut foliage, rivaling a rare Fern. Price, nice plants, 10c each; 3 for 25c.

Sanseviera Zeylanica,

Solanum Jasminoides Grandiflora.

Smilax

For using as a green with cut For using as a green with cut flowers this vine has no equal, its hard texture enabling it to keep for several days without wilting after being cut. It is also fine as a parlor or window plant. Price, 5 cents each.

Parrot's Feather

(Myriophyllum Proserpinacoides.)
An aquatic hanging plant is a novelty indeed, and we have it to perfection in this dainty little jewel. Its long trailing stems are clothed with whorls of the most exquisite foliage, as finely cut as the leaves of the cypress vine, and much more delicate. Planted in a water-tight hanging basket, so water can be kept standing on the surface, it will trail finely. Price, 10 cents each.

Tecoma

(Tecoma Jasminoides.) In (Tecoma Jasminoides.) In style of growth this some-what resembles some of the Jasminiums, though belong-ing to an entirely different family. Its flowers are tubular shaped, white, with a beautiful pink throat. It is naturally a climber, but can be grown in bush form cents each, two for 25 cents

by keeping it well cut back. Price, 15 cents each, two for 25 cents.

Solanum Jasminoides Grandiflora

A beautiful plant of climbing habit, attaining a height of three to five feet, but can be grown in bush form. Its flowers are starshaped and borne in clusters, large, pure white, with a violet tinge on back of petals and on the buds. Price, 10c each.

Poinsettia Pulcherrima

This is the plant which produces the large clusters of red leaves or flowers which are seen in all the flower stores at Christmas. Price, plants from three-inch pots, 15 cents each.

Euphorbia Splendens

(Or Crown of Thorns.) A curious plant with thick fleshy stems which are covered with stout sharp

Euphorbia Splendens.

Euphorbia Splendens.

Makes handsome plants.
Savior was crowned with.

Savior was crowned with.

large plants from four-inch pots, 30c each, two for 50c.

Saxifraga Sarmentosa

(Or Beefsteak Plant.) A handsome plant of low habit. Leaves nearly round, and striped freely with silvery bands. Blooms white, of great beauty, and borne in spikes nearly twelve inches high. Adapted for hanging baskets, vases, etc. This is also known as Strawberry Geranium. Price, 8c each, four for 25c.

Strobilanthes Dyerianus.

Strobilanthes Dyerianus

(Royal Purple.) This plant will undoubtedly become universally popular on account of its brilliant and exquisite coloring, its extraordinary easy growth and usefulness as a decorative plant. It surpasses the finest Coleus, Begonias or Bertolonias in the exquisite coloring of the leaves, besides which the long racemes of lovely violet blossoms, with which the plant is covered in midwinter, greatly enhance its value, beauty and usefulness. The undulation on the jsurface of the foliage is furnished with a bluish metallic hue, shading into light rose with a light green margin. (See illustration.) Price, 10 cents each; three for 25 cents. 25 cents.

The Hardy Double English Violet

Needs no words of praise to introduce it to our customers. It speaks for itself. Here we have a Violet entirely hardy, perfectly double, a deep violet color and most deliciously fragrant. It surpasses the well-known "Marie Louise" Violet in richness of color, being many shades darker, and far excels it in-its delightful odor; this is one of its greatest merits. It is entirely free from disease of any kind, will grow and bloom in any garden and in any situation. It is entirely hardy and can be left out in the open ground all winter. Nothing is more appropriate for cemetery plots than the Hardy Double English Violet. Price, young plants for this season's blooming, 15 cents each, four for 50 cents.

Of all the delightful perfumes that of the Sweet Violets is the most delicate and pleasing. If grown in the house for winter flowers, they should be kept at a low temperature, as they will not bloom freely when it is too warm. If left in the open ground during winter, protect with a covering of leaves.

Lady Hume Campbell.

Lady Hume Campbell

The flowers are very large, often over an inch in diameter, perfectly double, like little Roses, lovely deep azure-blue, and delightfully fragrant. Price, 10 cents each.

Marie Louise

Bold, fine flowers, very fragrant and very prolific. The color is of a dark blue; flowers double. This is the favorite double or blue Violet that you see in the florists' windows. Price, 10 cents each; three for 25 cents; \$1.00 per dozen, postpaid.

Princess of Wales.

Princess of Wales

The largest of all Violets. This is the largest and most productive Violet in cultivation. For richness and purity of color and fragrance of flower, it is immeasurably superior to all other single blue varieties. Large, heavy foliage. The grand single flowers are true blue, of a round, symmetrical form, almost as large as Pansies, and delicately fragrant. It has that sweet simplicity peculiar to the Violet. Extremely free-flowering, a single plant producing hundreds of flowers through the season. Price. 10 cents each. season. Price, 10 cents each.

WANDERING JEW

(Tradescantia Multicolor.) Most beautifully variegated purple, scarlet and white. Price, 10 cents each; \$1.00 per dozen, postpaid.

STEVIA SERRATA

Most excellent for bouquets. Produces one mass of tiny star-shaped pure white flowers. The plants grow about eighteen inches high, stem branching freely and almost completely cov-ered with the corymbs of flowers. Very pretty in beds, and al-most unequalled for cutting and florists' work. Price, 10c each.

NIEREMBERGIA GRANDIFLORA

A valuable plant, either for the flower garden, or for planting in baskets, pots, vases, window boxes, etc. The leaves are small and pointed, flowers pale bluish-white, one and a half inches in diameter, and salver shaped. They are borne in great abundance all during the summer, and by fall fifty flowers can, almost at any time, be counted on each plant that is growing in the garden. They may be lifted in October without wilting, and will-be showy for a long time in the window or conservatory. Any soil will suit them. Price, 10 cents each, three for 25 cents, fifteen for \$1.00.

Mammoth Verbena.

Mammoth Verbenas

The Verbena is one of the prettiest and most popular of all flowering plants suitable for forming beds on the lawn. Commences to flower and spread from the first day plants are set until late in autumn, every day becoming better and more handsome. Colors range through all the different shades of scarlet, purple, blue, white, etc. Price, 6 cents each; 60 cents per dozen; twenty-five for \$1.00.

The Water Hyacinth

The Most Odd, Beautiful and Valuable Plant for Easy Growth.

It forms a lovely rosette of its curious shining green leaves, and throws up spikes of the most exquisite flowers imaginable, resembling in form a spike of Hyacinth bloom, but, as beautiful as many of the choicest and most costly Orchids. Each flower is about as large as a silver dollar, in color a beautiful lilac-rose, sparkling as if covered with diamond dust. The upper petal, which is the largest, has a metallic-blue blotch in the center, and in the center of that a small, deep golden-yellow spot. In the windows the most beautiful effect is produced by using a glass vessel of some sort, with shells and white sand so arranged as to conceal a small amount of soil. In summer it can be grown in the yards in a pool or tub of soil and about three inches of water. Price, 10 cents each, three for 25 cents. It forms a lovely rosette of its curious shining green leaves, and

ODORLESS FERTILIZER FOR POT

Flowers are like people—their health depends upon their food. It must be nourishing, but not too rich, to force growth and cause reaction. The one chemically correct flower food for house

Walker's Excelsior Brand

It has no odor whatever, and can be used dry or dissolved in water for sprinkling. Use it and your flowers will flourish and their health will last.

Peonies as They Grow on Our Trial Grounds.

HARDY PEON

This family is one of the most important in existence, and the more they become known the greater will be the demand. Great improvements have been made both in size of bloom and color; these range through the various shades of rose, pink, crimson, purple, white and yellow, some parti-colored, and many beautifully scented. All perfectly hardy, and will luxuriate in almost any soil. Forming most attractive objects during May and June.

Standard Varieties of Double Peonies

-Fine, large five-inch bloom, very floriferous, opens light flesh-colored pink, finishing blush-white, with an occasional creamy spot; somewhat resembling an immense Carnation; an excellent variety for all purposes. Price, 25c each.

ANDRE LAURIES—Rosy-red; very free late bloomer; an old well-known variety, considered very useful, probably the most widely planted of any Peony. Price, 25 cents each.

BOADICIA—Rosy-white, flushed creamy-white, high built, full center. A superb flower. Price, 35 cents each.

L'ECLITANTE—Flowers large and full, deep carmine, tinged with velvety-crimson; very beautiful. Price, 30 cents each.

DUCHESSE DE NEMOURS—Superb cup-shaped; sulphur-white flowers, fading to pure white. In all Peonies there is nothing so exquisitely chaste and beautiful as this variety in the half open bud state; excels as a cut flower. Don't omit it. Late. Price, 35 cents each.

EDULIS SUPERBA—Beautiful brilliant pink, with silver reflex; large, well-formed full flower on strong stem; blooms early with Festiva Maxima, and is a good sort to plant with that Price, 25 cents each. variety.

GRANDIFLORA ROSEA - Brilliant rosy-carmine. Price, 25 cents each.

HUMEI-Very large, compact and striking cherry-pink flower; among the very best, highly cinnamon-scented; graceful in habit and grown very largely for cut flowers and valuable for landscape work. Price, 25 cents each.

LADY LEONORA BRAMWELL-Late midseason; compact, vigorous habit, color delicate silvery-pink, shaded with lilac and chamois; three nankeen petals tipped with crimson at the center; fine bud. Largely grown for cut flowers. Exceedingly fragrant, in fact, the most fragrant of all Peonies. Rare and fine. Price, 35 cents each.

QUEEN VICTORIA—Large, full, compact bloom; opens flesh-white, changing to pure white; center petals tipped with car-mine spots; a grand white Peony for any purpose. More of this is being planted for cut flowers than any other variety. Price, 25 cents each.

SPECIAL OFFER—This entire set of ten standard varieties of Peonies for \$2.25.

NEW AND RARE COURONNE d'OR (Calot) (Crown of Gold)—Immense, very full

COURONNE d'OR (Calot) (Crown of Gold)—Immense, very full ball-shaped bloom; pure snow-white, with yellow reflex; carmine edges on some center petals; grand. Price, 50c each.

FLORAL TREASURE—Very large and full; clear pink, shading to lighter at center; a splendid hemisphere of fragrance; long, strong stems to uphold the big bloom, sometimes six inches across; very vigorous and floriferous. Price, 50c each.

FELIX CROUSSE—All Peony enthusiasts are familiar with the fact that it is difficult to get a red Peony that is a self color—that is, a full, rich, even shade of red without being suffused with a shade of another color. Felix Crousse fills the bill. A rich, even, brilliant ruby-red, exceptionally flery, bright and effective; very large, full bell-shaped bloom. We place this in the front rank of all red Peonies—nothing like it in color. Price, 50 cents each.

FESTIVA MAXIMA—This is not only the finest white in existence, but in most quarters it is regarded as the queen of all the Peonies. Mr. Harrison says: "This flower has reached the ultimate beyond which we cannot go." It combines enormous size, with wondrous beauty, often seven to eight inches in diameter; color snow-white, flecked with an occasional clear purple spot on edge of center petals; in addition, it is very fragrant; a glorious flower impossible to describe the content of the content of the price of the content of the price of the content of the price of the

eight inches in diameter; color show-white, necked with an occasional clear purple spot on edge of center petals; in addition, it is very fragrant; a glorious flower impossible to describe; magnificent. Price, 35 cents each.

JENNY LIND—Midseason; large bloom on long stem; strong grower, free bloomer; color bright pink, silvery reflex, with narrow white petals, interspersed with center petalage; striking variety. Price, 50 cents each.

MONSIEUR KRELAGE — Deep currant-red with amaranthine center. The French growers evidently spilled their paint pot after producing this superb variety as there is nothing in Peonies of its color. Large, flat flowers as big as a plate, perfect in outline, grand in every way. Price, 40c each.

MADAME BOLLET — Large, very double flowers; clear rose with white reflex, lingulated with carmine; late bloomer. Price, 35 cents each.

MARIE STUART — Large bloom, coming in clusters; outer petals soft pink, center pink and sulphur-white; very chaste bloom. This is a variety that pleases everybody. Price, 40 each.

SPECIAL OFFER—We will send one each of these eight new and rare Peonies for \$3.25.

Beautiful Double Herbaceous Peonies

The Old-fashioned Peonies of Our Grandmother's Garden. The three varieties, Officinalis Rosea, Officinalis Rubra and Officinalis Alba, which commonly make up this section in the Peony family, represent the best in free early flowering and

reliable kinds.

OFFICINALIS ROSEA—Deep cerise-pink; very striking. Price,

25 cents each.

OFFICINALIS ALBA—Pure white; large and full flower. Very popular for cemetery planting. Price, 25 cents each.

OFFICINALIS RUBRA—Deep crimson; excellent for early cut flowers. Very effective. Price, 25 cents each.

SPECIAL OFFER—The above three Peonies in strong roots

for 60 cents, postpaid.

SUMMER FLOWERING BULBS

Flowers from our collection of named Gladioli.

Gladiolus America.

GLADIOLUS, The Twentieth Century Flower

ROM the dawn of time there have been flowers of surpassing merit, for special purposes, but before the introduction of the Gladiolus none combined all of the good qualities needed to commend it for universal culture. Of surpassing beauty as a single flower, charming in masses and ideal for planting against shrubbery, are qualities which make it invaluable for elaborate grounds. The Gladiolus is of such easy culture and so inexpensive that it may be given a place in the humblest carden. The Gladiolus has attained a high place in the hearts of flower lovers, but many of these are not familiar with the great beauty of form and the exquisite coloring of the newer varieties; even the rare and expensive Orchids fail to compare the richness of their beauty with these superb new Gladioli. The many new shades and countless combinations of rare and reautiful colors in our collection of named varieties and superb mixtures are a revelation even to those who are familiar with the Gladiolus in its best forms. They will give you a succession of bloom and gorgeous array of flowers beyond comparison.

When you have seen these in the fullness of their beauty, and realize how easily they may be grown, you will agree with us in the estimate of our Gladioli. A garden planted wholly with Gladioli would be a constant joy and never become monotonous.

CULTURAL DIRECTIONS FOR GLADIOLI

Soil—Plant in full exposure to the sun, in any well-enriched garden soil, avoiding contact with manure, which should never be fresh; in fact, it is better to thoroughly manure the soil in the fall and respade in the spring. When soil is stiff clay, fill the drill with sandy loam; water when necessary during the early stages of growth and again when buds show color. Here in Ohio we plant from the middle of April to the middle of May. For general culture, mass planting in square, oblong or round beds, will be found especially desirable. Set the bulbs from four to six inches apart in each direction; staking will be found nnnecessary, as the plants will help support each other. Few if any plants require less attention than the Gladiolus. The lack of cultural requirements is one of the many strong points of the flower. Before the ground freezes, dig up the bulbs, cut off the stalk growth, and store in a cool dry place. The old bulb may be removed a few weeks later when convenient. It will be found beneficial always to grow Gladioli from bulbs produced in our stimulating Northern atmosphere. The effects will be readily apparent when the bulbs are developed in the genial and humid climates of our Southern and Middle states.

SPECIAL OFFER For 20 cents we will send one bulb each of the meritorius Gladioli AMERICA, AUGUSTA and MR. FRANCIS KING, peers in their respective types. Try them and they will not disappoint you.

Our Collection of TWELVE NAMED GLADIOLI

Price. 6 cents each: the set of Twelve for 65 cents, postpaid,

Here are twelve sorts, tested and tried, giving a wide range of color and markings, which we will send for 65 cents, postpaid. They will surely give satisfaction.

AUGUSTA-Lovely pure white with blue anthers. Strong spike, often having two or three branches.

BRENCHLEYENSIS - Vermilion-scarlet; an old variety, but much planted on account of brilliant color.

CANARY BIRD-A lemon-vellow of good size and substance; one of the few satisfactory yellows.

CERES-Pure white, streaked and spotted lilac.

ISAAC BUCHANAN-Fine yellow; one of the best.

JESSIE-Fine velvety-red; long spikes of flowers.

MME. MONNERET—Delicate rose, with white stripe in center of each petal, carmine blotch on salmon ground.

MARIE LEMOINE—Long spikes of well-expanded flowers, up-per division of a pale creamy color, flushed salmon-lilac; the lower divisions spotted purplish-violet, bordered deep Hardy.

MAY—Makes a large spike of well-expanded flowers, much like that famous old variety Eugene Scribe. White, edge of petals delicately touched with pink, and two lower petals penciled with a peculiar light brown.

MRS. FRANCIS KING—A new variety that is praised by all who have seen it. The flowers are large, in good sized spikes, with fine strong stems for cutting. Color a pleasing shade of light scarlet.

MRS. BEECHER—Beautiful deep rosy-crimson. Large, well opened flower, with white throat, freely marked.

OCTOROON-A very distinct and beautiful salmon-pink.

Six Extra Fine NEW and RARE GLADIOLI

Price, 15 cents each, the six varieties for 75 cents.

AMERICA—Conceded to be one of the finest varieties for cutting of bedding ever sent out; color a beautiful soft fleshpink; Orchid-like in its coloring and texture; growth and

pink; Orchid-like in its coloring and texture; growth and habit perfect.

BARON HULOT—Dark violet-blue, good sized flowers.

KLONDYKE—A clear yellow, with a vivid crimson-maroon blotch in the throat; a splendid free grower.

PROPHETESSE—Large, round, pearly-white blooms with a conspicuous crimson throat. Healthy grower and early bloomer.

PRINCEPS—An especially fine variety, with immense wide-open Amaryllis-like flowers of a rich, dazzling scarlet, marked with white on the lower portion, which serves to intensify the brilliancy of the scarlet.

TACONIC—Bright lively pink, flecked and striped with shades of the same color, the petals lightening to the faintest blush in the throat. The markings on the lower petals are deep crimson, running into a thin stripe of pale lemon-yellow.

Our Superb Mixture of Select Gladioli

It contains only kinds of proved merit and high quality. The most critical grower can wish for no better value. In the preparation of this mixture over 75 varieties are being used, every desirable variety known is represented. The flowers are of the largest size in their respective types, the spikes are of correct form, with plants of vigor and vitality. Superb pink, red, scarlet, crimson, cerise, blues, tints of illac, light and yellow shades are a part of this mixture. Undoubtedly this mixture is superior to any other in the value it gives. It has been prepared especially to provide the amateur with a typical collection of the modern Gladioli. We recommend a free and liberal planting. They are so good and so cheap that we know the bulbs will give a magnificent return, while the spikes of bloom are always in demand as cut flowers. Price, 4c each, 12 for 40e, \$2.50 per 100.

Tuberose.

Dwarf Excelsion Pearl Tuberose

A splendid variety, the A spiendid variety, rich finest ever introduced; greatly superior to the common Pearl; grows about eighteen inches high, blooms very early, matures perfectly; flow-ers pure white, large ers pure white, large size, very double and in-tensely sweet. Price, 5 cents each, three for 10 cents, twelve for 30c.

Amaryllis

Valuable alike for house, conservatory or garden. For pot culture they should be well drained and potted in soil composed of leaf mold and light loam, although they grow well in any rich soil.

AMARYLLIS TREATIE, The Beautiful Fairy Lily—Stems about a foot high, flowers very large, pure white, sweet-scented. Perfectly hardy south of Baltimore; can be left in open ground over winter. In Northern states bulbs should be lifted in October and stored in cellar over winter, like Gladioli, or can be planted in pots. Beautiful plants either for summer or winter. Price, 5 cents each, six for 25 cents.

BELLADONNA-A fall blooming sort with beautiful shellpink flowers, on stems eighteen to twenty-four inches high. They are exceedingly fragrant and very free of bloom. Price, 25 cents each.

EQUESTRE—Bright salmon-pink, with a distinct snow-white blotch at base of petals. Price, 20 cents each.

FORMOSSISSIMA (Jacobean Lily)—Crimson-velvet color, flowering early in the summer. Price, 15 cents each, two for 25 cents.

JOHNSONII—A strong growing sort with brilliant red flowers five inches in diameter, with a distinct white stripe in the center of each petal; very fragrant. Price,

Summer=Flowering Oxalis

They are very effective in masses or beds, and are particularly valuable for edgings. The bulbs, when planted three inches apart, produce an unbroken row of elegant foliage and pretty flowers. The bulbs, which are planted the first of May, or earlier, will flower by the first of June, and will furnish a neat and attractive border the whole season. They are also very beautiful grown in handing baskets. hanging baskets.

LASIANDRIA-Beautifully cut foliage and rosy-pink.

DIEPPA-Beautiful clover-like foliage, pure snow-white flowers.

ROSEA-Old rose or salmon.

FINE LARGE BULBS — ANY OF THESE KINDS, 20 CENTS PER DOZEN, THREE DOZEN FOR 50 CENTS

Gloxinia.

Gloxinia

The coloring is exquisite—the ground of many pure white, with throats of blue, scarlet-rose, crimson or velvety purple; or the tubes are of a bright color, with white throat. The bulbs should be started in a warm place, and kept growing in a partially shaded place, protected from hard rains. They will bloom until late in summer, when they should be dried off, letting the leaves die, and can be kept over winter in a cellar free from frost. Dry bulbs in mixture, price, 10 cents each, three for 25 cents, eight for 50 cents.

Storm King.

Queen Victoria.

Wm. Agnew.

DAHLIAS

We may safely say that perfection has been attained with this splendid flower. The Dahlia succeeds best in a strong loamy soil, and if the soil around the plants is mulched with coarse manure it will assist them very much during the heat of the summer. Plants should be set about four feet apart.

Price, 15 cents each; any four for 50 cents.

Note—All Dahlias are supplied in strong, divided field-grown roots. In some cases the demand for certain varieties exhausts our supply of roots, after which we send out growing plants which give equally good results.

—SHOW AND— FANCY DAHLIAS

Price, 15 cents each, four for 50 cents.

Show and Fancy Dahlias include all the globular-shaped flowers, and are now classed under one head by our New England Dahlia Society as all show Dah-lias. Following are the best varieties in this class.

ARABELLA-Very fine form. Color pale primrose, tipped and shaded old rose and lavender.

JOHN THORPE—Very large; soft rich pink. Very fine form. Flowers of immense size, full, regular form, high, round center.

MRS. WELLSLEY - White, tipped crimson; very showy.

QUEEN OF YELLOWS—Very large, pure canary-yellow. A strong, sturdy, branching grower, of medium height; profuse bloomer. The best yel-low single Dahlia ever produced.

RED HUSSAR-Intense scarlet; very large and fine,

either for exhibition or as a cut flower.

STORM KING—This superior variety is a very early and profuse bloomer. The flowers are snow white, of perfect form and full to the center. As a cut flower it is the florist's ideal, while for grouping or as a specimen plant it is one of the very best.

Decorative Varieties

This class and type of Dahlias is fast coming to the front, and will soon outrival the Cactus Dahlia. The dowers are large and flat with long, broad, loosely formed petals. The plants are very robust in growth and produce flowers freely, and cannot be equalled for the garden, or for decoration and exhibition purposes.

Price, 15 cents each; any four for 50 cents.

BLACK BEAUTY—A beautiful dark, velvety marcon.

CATHERINE DUER—Cherry-scarlet overlaid with crimson. darker at center; its iridescence is unique and very striking, winning much favor as a cut flower variety.

CLIFFORD W. BURTON-Largest; canary-yellow.

ELDORADO-Ball shaped; copper color; very fancy.

FRANK L. BASSETT—Bright rosy-purple; free blooming; dwarf. HENRY PATRICK-Large pure white.

SYLVIA—Best described as a giant Nymphaea. Flowers four to six inches in diameter; of fine form and full to the center, which is white, shaded to soft pink on the outer petals.

WILLIAM AGNEW—Best red ever introduced, of intense glistening scarlet-crimson; immense size, perfect form, and always a mass of color. Very effective for all purposes.

Cactus Varieties

Cactus Dahlias are at present the most popular group of all the Dahlia family. They have long, twisted and narrow petals of most beautiful colors, blended together in the most exquisite manner possible.

Price, 15 cents each; any four for 50 cents.

COUNTESS OF LONSDALE—Extremely profuse bloomer; one of the very best. A pleasing blending of amber and salmon-

FLORADORA-A remarkably free flowering, bright blood-red.

KRIEMHILDE—A magnificent new variety bearing perfect flowers of fresh delicate pink, shading to deep rose-pink. The center petals ultimately develop into white, giving the mature flower a captivating pink and white effect, unusual to this class.

branching habit; extremely profuse bloomer, bearing the flowers well above the foliage. STANDARD BEARER - Brightest scarlet.

STRAHLEIN KRONE—Intense cardinal-red, rich and glowing. A very early and profuse bloomer.

WINSOME-A fine, large, creamy-white flower of rare beauty.

Cactus Dahlia Floradora. (For description see page 62.)

Six Grand Giant Dahlias

The six sorts here offered are, without exception, the largest and most perfect double-flowering Dahlias now grown, flowers of all of them attaining a size of between 5 and 6 inches across under ordinary cultivation. Price, 20g each; set of six for \$1.00.

CUBAN GIANT—(New.) Flowers 6 to 7 inches in diameter; dark, glowing crimson shaded marcon; tall, strong grower with projecting flower stems. GETTYSBURG—An extremely large Decorative Dahlia; full, round, high center. Bright, rich scarlet. An early and extremely profuse bloomer for so large a flower.

GRAND DUKE ALEXIS—The flowers are of the largest size known in Dahlias, being 18 inches in circumference, and of most beautiful form, petals being rolled up so that they overlap each other. Color pure snow white, slightly tinged with delicate pink at center.

JACK ROSE—Brilliant crimson-red, similar in shade

cate pink at center.

JACK ROSE—Brilliant crimson-red, similar in shade to the popular "Jack" Rose, which suggested its name; perfect for garden decoration or for cutting, QUEEN VICTORIA — Deep yellow, finely quilled. Flowers are of entirely distinct shape, globular in form, somewhat quilled. Extremely profuse bloomer on long stems, flowers being cut in sprays.

SOUV. DE GUSTAVE DOAZAN—(New.) Mammoth flowers with long, even petals one to one and three-fourth inches wide; center rounded up and much darker than balance; a brilliant orange-red.

Pompon or Bouquet Dahlias

Price, 15 cents each, four for 50 cents.
Flowers small, of the most perfect shape; very useful for cut flowers.
CATHERINE—Purest yellow, large for its class.
LITTLE BEATRICE—Pale pink, with fine purple veins on underside of semi-quilled petals.
LITTLE PRINCE—Deep crimson, tipped white.
LITTLE BESSIE—Creamy-white; quilled petals.

HARDY PERENNIAL PLANTS, ROOTS AND FOR PERMANENT PLANTING IN BORDERS OR BEDS

NDER this class is included all hardy plants, the foliage of which dies to the ground each winter. Every spring a new and stronger growth may be expected. Until hardy plants come into general use we cannot hope for artistic, interesting and beautiful gardens in this country. The charm of a garden of hardy plants rests in the constant change and successional variety, which, from spring until fall, develops new interest, and enables the possessor each day to find some new feature of form and beauty. Let the gardens be well and thoroughly stocked with all forms of hardy plants, combined with the finer forms of flowering shrubs, and our gardens will graiffy our desires and charm the senses. The range of selection among hardy plants has gradually broadened until now the purchaser with judicious choice may stock the garden with plants which afford flowers in succession from early spring until late fall, and in such profusion that one can "cut and come again" throughout the entire season.

New Achillea, The Pearl.

ACHILLEA—THE PEARL

It commences to bloom early in July, is a perfect mass of beautiful flowers till frost, the same bloom keeping perfect two or three months. Its flowers are pure white, perfectly double, and produced in large sprays, making it one of the finest cut flowers for bouquets, vases, baskets, etc., or for any kind of decorations. For cemetery planting it is the most valuable of all flowers. Price, 10 cents each, three for 25 cents.

AQUILEGIA OR COLUMBINE

New, large-flowering hybrids. The flowers of this new strain are greatly enlarged, and the range of colors and shades has been increased. They, of course, are hardy perennials, luxuriating in the moister situations in the garden, where they form permanent clumps, growing from one and one-half to two feet high. The large, unique, long spurred flowers, gracefully hung on long stems, are not only brillantly effective on the plant, but equally desirable when cut for vase and house decoration. Price, 10 cents each; six distinct sorts for 50 cents.

ASCLEPIAS TUBEROSA

(Butterfly Flower.) A beautiful hardy native plant. Flowers brilliant orange-red, on stems two feet high, each producing several heads of flowers. It is one of the showiest of our autumn flowers, and should be planted largely. Price, 10 cents each, three for 25 cents.

ANCHUSA ITALICA
(Dropmore Variety.) A vastly improved form of the Italian Alkanet, with three to four feet of coarse, leafy growth and a continuous show of deep blue clusters all summer. Price, 15 cents each.

ASTERS

(Michaelmas Daisies.) Bloom all summer in great profusion.

NOVAE ANGLIAE—Its deep bluish-purple flowers make a charming show after many fall plants have succumbed to the cold. Price, 10 cents each, three for 25 cents.

TARTARICUS—Blooms in the fall with the Golden Rod, and makes a beautiful sight. The Tartarica is a very distinct species from Asia, has large leaves and sends up a stem six to seven feet high and covered with huge panicles of light purple flowers. 10c each, three for 25c.

BAPTISIA (False Indigo)

(Australis.) A strong-growing plant, about two feet high; suitable either for the border or wild-garden, with dark green, deeply cut foliage, and spikes of dark blue flowers in June and July. Price, 15 cents each, two for 25 cents.

CALLIRHOE (Poppy Mallow)
(Involucrata.) An elegant trailing plant, with finely divided foliage, and large saucer-shaped flowers of bright rosy-crimson with white centers, which are produced all summer and fall. 10c each, three for 25c.

CASSIA (American Senna)

(Marilandica.) A plant growing from three to four feet high, bushy, with large panicles of bright yellow, curiously-shaped flowers in abundant auxiliary clusters from July to August. The beautiful pinnate light-green foliage is very pleasing. A very desirable plant. Price, 15c each, two for 25c.

New Double White Anemone Whirlwind

A beautiful semi-double form of the autumn-blooming White Anemone. Strong growth and healthy foliage and free bloomer. The flowers are two and one-half to three inches across, with several rows of large white petals; very durable, lasting much longer than those of a single variety. One of the finest hardy plants for cemetery planting, and excellent for cut flowers. Price, 10 cents each, three for 25 cents.

OUEEN CHARLOTTE

A grand new variety of Anemones, with large semi-double, delicate pink flowers two to three inches in diameter, on upright stalks two to two and one-half feet high; perfectly hardy. It blooms in September. Price, 10 cents each, three for 25c.

CAMPANULA, Canterbury Bells

A grand old class of garden biennials so well known as to scarcely need description. Their immense heads of bell-shaped flowers during

to everybody. Nothi among hardy Come in several colors, in-cluding blue,

white, pink.
Nice roots,
for immediate flowerflower-15c; 2 ing, 15 for 25c.

Coreopsis Lanceolata Grandiflora

The perfectstrain of long popular hardy plant. Flowers are rich golden-yellow, borne in great profusion nearly the en-tire summer. 10c each.

DELPHINIUM (Hardy Larkspur.)

The Hardy Larkspur is one of the most important and most satisfactory plants in the herbaceous garden. Their long spikes of flowers are produced continuously from June until late in the fall if the precaution is taken to remove the flower stem's before they can produce seed. Price, 10c each, for 25 cents. three

FORMOSUM-Probably the best known and most popular of producing Larkspurs, long spikes of deep blue flowers with white eye; one of the best.

ALBUM-A pure white form of the above.

DIGITALIS

(Foxglove—Gloxinaeflora)
These are among the most satisfactory of our early summer-flowering hardy perennials, succeeding under almost all conditions, and with but trifling attention will give a wealth of flowers during July and August.
The Gloxiniaeflora varieties have been used extensively, with very good effect, in a number of our larger public parks for naturaliz-

parks for naturalizing in shrubberies and other semishady situations. shady situations. This strain embraces a wide range of color from pure white to deep pink.

Price, 15 cents each; two for 25 cents.

Larkspur.

Bleeding Heart.

DIELYTRA SPECTABILIS (Bleeding Heart)

These pretty spring bloomers, with their graceful, drooping sprays of heart-shaped pink and white flowers, are very ornamental and bloom freely early in the season. The plants, being hardy, increase in size and bloom from year to year; large clumps. Price, 20 cents each; three for 50 cents.

EULALIAS OR PAMPAS GRASS

These beautiful hardy grasses are deserving of the highest commendation. For the lawn they are invaluable, being very showy and ornamental and of easy cultivation. They form large clumps five to seven feet high and are perfectly hardy in all parts of the country. Price, 15 cents each, or one of each variety, 30 cents.

GRACILIS UNIVITTATA — An extremely graceful and beautiful hardy plant, with narrow green leaves and silvery-white midrib. Nothing is more beautiful than a well developed clump of this variety; can be grown in any soil. Price, 15 cents each; three for 30 cents.

JAPONICA ZEBRINA—The most dis-

APONICA ZEBRINA—The most distinct and showy of all the Eulalias; the variegation of the foliage is entirely different from that of any other plant, being evenly striped crosswise with broad bands of golden-yellow. with broad bands of golden-yellow. Perfectly hardy, a sturdy grower, in-creasing in size and beauty from year creasing in size and beauty from year to year; a plant that has been established two or three years often producing fifty to one hundred of its beautiful large plumes. Price, 15 cents each, three for 30 cents.

JAPONICA VARIEGATA—A favorite ornamental plant, having long, narrow leaves, striped with white and green. Price, 15c each, three for 30c.

DIANTHUS BARBATUS (Sweet William)

The Sweet William is a fine old plant which produces great asses of bloom of extremely rich and varied colors. The flowmasses of bloom of extremely rich and varied colors. The flow-ers are very lasting and fine for cutting. The plants offered are grown from the finest strain to be obtained in England, where hardy plants are universally grown and where new and improved varieties are constantly being produced. Good strong plants, 15 cents each; four for 50 cents.

Gaillardia Grandiflora.

GAILLARDIA GRANDIFLORA (Blanket Flower.)

Flowers large, brightly colored and of perfect form. Blooms from June till October or November. Center of flower deep maroon, with petals of orange, crimson and red, shaded into rings of color. Grows two feet high; one of the best for cutting. Price, 15 cents each, two for 25 cents.

HEMEROCALLIS FLAVA (Lemon Lily)

Few plants present a more striking appearance on the lawn or border than a large clump of this clear lemon-colored Lily, which is produced in the greatest profusion, lasting in flower a long time. Price, 15 cents each; four for 50 cents.

Funkia Cordata Alba.

FUNKIAS (Day Lilies)

CORDATA — A handsome, showy plant with beautiful large broad leaves. Flowers large, pure waxy-white, borne in large trusses. Very fragrant. Price, 15c each; two for 25c.

UNDULATA VARIEGATA—Leaves eight to ten inches long, two to three inches wide, beautifully variegated yellow and green. Flowers deep blue. Price, 15 cents each; two for 25c.

Hollyhocks.

DOUBLE HOLLY-HOCKS

The flowers, which are as elegant in shape as a Camellia, form perfect rosettes perfect rosettes of the most lovely shades of crimson, yellow, pink, orange, white, etc. They require a deep, rich soil, and will repay in quantity and quantity and beauty of bloom any extra care. offer a fine assortment in separate colors of double pink, red, white and yellow. BAND OF CLOUD—Crimson-amaranth, shaded lighter; lavender center, with base of gold.

NAME OF TOWN—Deep mahogany-red, base of petals lighter.

EXCITED BEAR—Large, deep violet-blue; very fine.

AIR AFTER BATTLE, HEAVY WITH SMOKE—Blotched and veined violet-red, center of purple and gold.

FLOWER IN WINE—White, bordered reddish-amaranth, center flushed gold.

SHALLOW WAVES—Fine porcelain-blue, blotched deeper; centers illust flushed with gold.

rosy lilac flushed with gold.

IRIS GERMANICA—GERMAN IRIS

The true "Fleur-de-Lis," the national flower of France. They are perfectly hardy, thripe anywhere, grow and bloom luxuriantly, particularly if plentifully supplied with water or if planted in moist situations, as on banks of ponds, etc. Plants well established produce from 50 to 100 spikes of bloom, deliciously fragrant and fine for cutting. In beauty the flowers rival the finest Orchids. Price, 15 cents each, four for 50 cents. CANARY BIRD—Falls creamy-white, uppers light canary-yellow; medium sized flower.

CELESTE—Falls bright blue, uppers delicate grayish-blue; all having a lavender effect.

FLORENTINA ALBA—Sweet-scented, free flowering white. HONORABILIS—Fine yellow uppers, lower petals of maroon.

MME. CHEREAU—Very delicate and distinct; white, edged blue.

PARISIENSIS—Large, showy, deep purple, delicately penciled white.

A NOVELTY IN GERMAN IRIS

PALLIDA DALMATICA—One of the finest of the Germania type of strong, vigorous habit, growing in good soil four feet high, with exceptionally large fragrant flowers, standards lavender, falls lavender shaded blue; exquisite in every way and fine for massing. Price, 15e each, four for 50c.

Lily Auratum.

Lilium Album.

Five Best Hardy Lilies for Summer Blooming

One each of these five grand Lilies for 75 cents.

AURATUM—(The Golden-Rayed Lily.) This grand summer-flowering sort is now considered Queen of Lilies. It produces its handsome richly colored flowers in large clusters, as shown in the illustration, and blooms profusely from June to Cetober. When expanded, flowers measure from eight to ten inches in diameter; are composed of six pure white petals, each of which is distinctly striped the whole length with a clear yellow-golden band and thickly studded with crimson spots. Gracefully formed, deliciously fragrant. Large, sound bulbs, imported direct from Japan, price, 30 cents each; three for 75 cents.

SPECIOSUM ALBUM—Among the showiest of all Lilies and perhaps the most robust and the most radiantly beautiful. Very fragrant and hardy, with broad, flat stems and immense heads of flowers—often fifty flowers in a cluster. No garden complete without some. Price, 25 cents each, three for 65 cents.

LONGIFLORUM—Bermuda grown. Widely used for forcing for Easter holidays. Its flowers have more substance and last longer in bloom than the Bermuda Lily. Quite hardy and beautiful in the open ground, blooming in June and July. Flowers snow-white and trumpet-shaped; very fragrant. Price, 20 cents each, three for 50 cents.

DOUBLE TIGER—(Tigrinum Fl. Pl.) This magnificent Lily is borne in immense clusters on tall stems; the flowers are very large, frequently six inches across, and very double; color deep fiery-red, spotted with black. Price, 15 cents each, two for 25 cents.

SPECIOSUM RUBRUM—One of the most popular and satis-factory of all Lilies; is considered by many as the finest of all Lilies. Flowers are bright crimson and white spotted. Splendid large flowers, borne in clusters; stem two to three feet. Price, 25 cents each, three for 65 cents.

IBERIS SEMPERVIRENS (Candytuft)

A perfectly hardy pure white-flowering plant, especially adapted to cemetery planting and as borders to taller growing early flowering perennials. Blooms in April and May. Price, 10 cents each, three for 25 cents.

Lychnis.

LYCHNIS (Lamp Flower)

LYCHNIS CHALCEDONICA — Heart-lobed stars of brightest vermilion arranged in large flat panicles, make this variety as showy as a Geranium, and an excellent cutting sort. Price, 10 cents each, three for 25 cents.

LYCHNIS VISCARIA, DOUBLE RED-Forms a dense tuft of evergreen foliage, and in June sends up spikes of handsome, double, deep red, fragrant flowers, remaining in perfection for six weeks. Price, 10 cents each, three for 25 cents.

LINUM PERENNE (Perennial Flax)

A decidedly handsome little hardy plant for hardy border or rockery. Foliage is fine and graceful, while flowers are shaped like those of Phlox and appear all through the season.

BLUE—Clear, delicate, light blue. Very desirable as hardy perennials. Price, 10 cents each, three for 25 cents.

Iberis (Candytuft).

LILY OF THE VALLEY

Forced in immense quantities for cut flower work by florists as they are useful in so many different combinations, but their main, hold upon the affections of plant lovers is their hardiness and humility. The Lily of the Valley will thrive in any kind of soil and throw up its beautiful, modest, fragrant white bells in the out-of-the-way nooks, the shady spots, the neglected corners, where bolder and more ambitious flowers would scorn to bloom. Will also adapt itself to pot culture in winter, its delicate, permeating fragrance making it especially desirable. Price, 5 cents each; 35 cents per dozen; \$2.50 per hundred.

STOKESIA CYANEA or Cornflower Aster

Grows eighteen to twenty-four inches high, flowers lavender-blue; four to five inches in diameter, borne from June to October. Price, 10 cents each, three for 25 cents.

SALVIA PRAETENSIS (Meadow Sage)

A strong growing hardy plant of upright habit; valuable as a background to more dwarf perennials in beds or for grouping in mixed borders. Flowers deep blue. Price, 15c each, two for 25c.

PENTSTEMON (Beard Tongue)

Price, 15 cents each,

BARBATUS TORREY—Throws out spikes three to four feet, covered with bright flowers.

scarlet flowers.

PUBESCENS — Bright rosy-purple: July and August. One and one-half feet.

GLOXINIOIDES "SENSATION"—A beautiful strain, bearing spikes of large Gloxinia-like flowers in a great variety of bright colors, including rose, cherry, crimson, purple, lilac, ctc. The plants grow two and one-half feet high, and bloom from early summer till frost. For bedding they rival—Phloxes, Fetunias, etc. Should be given some protection in Should be given some protection in winter.

RUDBECKIA

GOLDEN GLOW—The grandest Hardy Perennial introduced in years. Grows five to seven feet and flowers from early summer until frost. Flowers are produced on long stems in enormous quantities and resemble golden-yellow Cactus Dahllas. Price, 10 cents each, three for 25 cents. Dahlias. Price, 10 cents each, three for 25 cents.
PURPUREA — Large drooping petals col-

PURPUREA — Large drooping petals colored reddish-purple, with a remarkably large cone-shaped center of brown, thickly set with golden tips in spiral lines. Price, 15 cents each, two for 25 cents. NEWMANI—Grows one and one-half to two feet; plentifully supplied with broad single flowers of orange-yellow, with a prominent brown cone. Price, 15 cents each, two for 25c.

PHYSOSTEGIA (False Dragon Head)

SPECIOSA ALBA—A pure white, midsummer blooming hardy plant, growing three feet or more in height. Flowers small, tubular in form, growing thick together on good length spikes. A very beautiful free flowering plant. Price, 15 cents each: two for 25 cents.

VIRGINICA—Forms tall, handsome clumps, with many spikes of rosy-purple flowers, through July and August. Price, 15 cents each, two for 25 cents.

SAGE, Holt's Mammoth

variety of unusual substance, strong flavor and superior lity. Price, 10 cents each, three for 25 cents.

OUR GARDEN COLLECTION OF HARDY PHLOX

The plants we will send you are strong one-year field grown roots, and will bloom profusely the first season. Among hardy perennial plants no class is of more importance than the Phloxes, succeeding in almost any position and flowering from early in summer until late in fall. They also improve from year to year, require little care and contain a range of color not found in any other hardy plant.

PRIZE COLLECTION OF HARDY PHLOX

Price, 10 cents each, three for 25 cents, seven for 50 cents.

ATHIS-Deep clear salmon. Some claim this to be the showiest variety in cultivation.

BEAUTY-Bright lavender-rose, with large, deep red eye; extra fine.

BERANGER—Ground color white, delicately suffused with rosy-pink and distinct amaranth-red eye; very dainty.

BRIDESMAID-Pure white, with large crimson eye.

COQUELICOT — Medium. A pure orange-scarlet, with crimson eye. The finest and brightest standard red.

ECLAIREUR—Medium. Brilliant rosy-magenta, with large, lighter halo; enormous florets. An excellent variety.

INDEPENDENCE—An excellent large-flowering early white; none better. An exceptional variety. Blooms all summer.

LA VOGUE-Pure mauve, with aniline-red eye.

LA PERLE DU NORD-Pure white; large, deep, distinct red eye; extra fine. MME. P. LANGIER—Most popular red. Vivid crimson, darker eye. Makes a magnificent display when planted in rows or

MISS LINGARD—Longest spikes of any Phlox, blooms from the ground up. Waxy white, with lavender eye. NIOBE—The deepest, darkest, richest colored of all Phlox—velvety violet-red with crimson hues; grand trusses.

PANTHEON-Medium large, clear, bright pink.

R. P. STRUTHERS—Showy in the extreme; a bright, clear cherry-red, with distinct claret eye. Produces a mass of

VON LASSBURG-Purest white, individual flowers very large.

Mammoth Oriental Poppy,

BRILLIANT

Perfectly hardy. grandest Poppy in cultiva-tion. Among hardy peren-nials the Oriental Poppy an unrivaled tion for gorgeous effective-ness in gardens and hardy ness in gardens and hardy borders. Height, two to three feet. Flowers are of enormous size, often six inches across, deep crimson, base of each petal shiny black; borne on long stems. Fine for cutting, as the bloom keeps for a week after being cut. We offer both seed and plants. Price, seed, 10c per packet; plants, 15c each, two for 25 cents.

Tritoma Pfitzerii

Tritoma Pfitzerii.

A grand improvement on Tritoma Uvaria Grandifora. The flower spikes, which are produced with considerable more freedom than in the old variety, are of gigantic size, frequently four and one-half feet high, with head so floom over twelve inches long, of a rich orange-scarlet, shading to salmonrose on the edge; a first class acquisition. Price, 15c each, four for 50c.

YUCCA FILAMENTOSA

Adam's Needle—A tropical-looking plant; long, narrow leaves that remain green the entire year. It throws up a long flower stem in the summer three or four feet high, bearing large spikes of creamy-white, bell-shaped flowers that retain their beauty a long time. Price, 15 cents each, two for 25 cents.

PLATYCODON (Chinese Bell Flower)

GRANDIFLORUM—Blooms constantly from July until late in September; flowers large, bell-shaped, of a deep shade of blue. An extremely rapid-growing plant; will do well in any ordinary garden soil. Perfectly hardy, making a dense branching bush two to three feet high. 10c each, 3 for 25c. ALBUM—Pure white flowers. Price, 10 cents each, three for 25 cents.

SHASTA DAISY

In growth the plants are as strong as a common field Daisy, very tall, well branched, with fine cut foliage and huge white flowers borne in profusion on long stiff stems. The flowers are pure, white with gold center, petals very long and center soft and velvety. It is a very pretty hardy plant and one of the novelties that has come to stay.

Price, 10 cents each, three for 25 cents.

Hardy Ornamental Climbing Vines

Ampelopsis.

AMPELOPSIS VEITCHII (Boston Ivy)

The tendrils of this climbing vine at nearly every point cling firmly to the smoothest surface of rock or wood. The glossy leaves assume in the autumn the most beautiful tints of scarlet and crimson. The handsomest vine possible for growth on house walls, especially the foundation and first story, round the doors and windows. It is quite hardy, but some protection of straw may well be used immediately around the roots in winter. Price, extra heavy roots, 30 cents each, three for 75 cents.

AMPELOPSIS QUINQUIFOLIA

(Virginia Creeper, or American lvy.) This well known climber is one of the best for covering trees, trellises, arbors, etc.; its large deep green foliage assumes brilliant shades of yellow, crimson and scarlet in the fall. Field grown plants, 25 cents; extra large plants, 35 cents.

AKEBIA QUINATA

A fast grower, perfectly hardy, and one of the most gracefully hardy climbers with deep green foliage, producing in large clusters, bunches of violet-brown flowers, which have a pleasant cinnamon odor. Fine for covering trellises and verandas. Strong plants, from four-inch pots, 25 cents each.

Hardy Climbing Sweet Pea PINK BEAUTY

This is one of the most desirable hardy climbing plants, attractive both in flower and foliage, producing clusters of large pink flowers the entire summer. As a cut flower it is very valuable. As a porch climber or for covering fences it is invaluable and should be in every garden. It is perfectly hardy and will endure our severest winters. Price, 15 cents each, two for 25 cents.

ARISTOLOCHIA SIPHO (Dutchman's Pipe)

Brownish flowers, resembling a miniature pipe; splendid for archways or verandas. Extra strong, four to five feetlong, by express, 50c each, 3 for \$1.25,

Hardy Ornamental Climbing Vines

Clematis Paniculata

CLEMATIS PANICULATA

We cannot well say too much in praise of this vine. A clean, thrifty, robust-growing vine of graceful habit, with attractive glossy foliage, covered in August and September with a sheet of clustered snow-white bloom of the most delicious fragrance. No other vine so completely covers itself with flowers. An arbor or portico over which this Clematis is trained is a wall of white for the time being and what makes it the more striking is that nearly all other vines have ceased blooming at that time. Perfectly hardy, grow rapidly. Price, 15c each, three for 40c; extra large field-grown plants, 30c each, three for 75c.

HARDY CLEMATIS

The Clematis we offer this season are exceptionally fine. Many failures in the growing of Clematis are the result of too shallow planting; the crown of the roots should be set at least three inches below the surface of the soil. They delight in a rich, cool soil in an open, sunny position. For covering walls, trellises, or verandas, old trees or ruins, or as specimens on the lawn or for massing in large beds on the lawn, they have scarcely an equal, certainly no

Superior.

JACKMANI—The flowers, when fully expanded, are from four to six inches in diameter; intense violet-purple, with a rich velvety appearance and distinctly veined. Flowers continuously from July until cut off by frosts. Large two-year-old roots, 40 cents each, three for \$1.00.

HENRY!—Fine, large, creamy-white flowers. A strong grower and very hardy, one of the best of white varieties; a perpetual bloomer. Price, large two-year-old roots, 40 ceach, three for \$1.00.

MME. EDOUARD ANDRE—Large-flowering red Clematis. A very unique variety, color a beautiful wine-red, large flowers with heavy petals; a fine contrast to the other sorts. Price, large two-year-old roots, 40 cents each, three for \$1.00.

CHINESE CINNAMON VINES

Pride of the Flowery Kingdom. Beautiful Leaves, Dainty Flowers, Exquisite Perfume, Most Desirable Easily Grown Rapid Climber in the World.

This Oriental Gem of the Far East comes to us a marvel of beauty and fragrance. Its rapid growth, abundant foliage and modest, sweet-scented flowers give it supremacy over all foreign modest, sweet-scented flowers give it supremacy over all foreign and domestic climbers. The handsome, glossy, heart-shaped leaves and clusters of fragrant white flowers make a window, arbor or veranda a perfect bower of beauty. They stand the severest winter, and burst forth in all their beauty and splendor very early in the spring. No one should miss planting this charming vine. Once planted, it will last a lifetime. Price, of Cinnamon Vine Tubers, or Roots, extra quality, sure to grow, 8 cents each, four for 25c.

Chinese Cinnamon Vine.

HARDY ORNAMENTAL CLIMBING VINES

KUDZU VINE

Pueraria Thunbergiana — A twining vine of remarkable rapid growth, attaining a length of forty to fifty feet in one season from established roots which are hardy, though the vine dies down every winter in the North. Foliage large and lobed, purple pea-shaped flowers in clusters, borne late in the season. A fine vine for arbors, verandas, etc. Price, 20 cents each, three for 50 cents.

HONEYSUCKLES

The dear old Honeysuckle is never out of place, at the rich man's mansion or the poor man's cottage. For a cheap, hardy, robust yet lovely vine, it is the chief standby.

AUREA RETICULATA—A variety with beautiful variegated foliage; leaves are netted and veined with clear yellow; flowers yellow and fragrant. Price, 10 cents each.

CHINESE EVERGREEN—Blooms at intervals through the summer and retains its foliage late in winter; flowers nearly white; quite distinct. Price, 10 cents each.

HALL'S JAPAN—This is the most constant bloomer of the class, being literally covered all summer with beautiful yellow and white flowers. Price, 10 cents each.

SCARLET TRUMPET—A strong, rapid grower; blossoms very freely the entire season; bright red trumpet-shaped flowers. Price, 15 cents each.

NE EACH OF THE FOUR HONEYSUCKLES FOR 40 CENTS

DNE EACH OF THE FOUR HONEYSUCKLES FOR 40 CENTS

CHINESE WISTERIAS

Flowers in clusters; sometimes gives a second crop of flowers in the fall. This is one of the most popular of our hardy vines, growing very rapidly, climbing to a height of fifty feet or more. It flowers in early spring in long, drooping racemes, resembling in size and shape a bunch of grapes. We can supply two varieties, Blue and White. Price, 20 cents each.

Honeysuckle-Chinese Twining.

Hardy Ornamental Flowering Shrubs

Double White Althea.

ALTHEA, or ROSE OF SHARON

Flowers of large size, bell-shaped, double, full, and of brilliant and striking colors, borne in great profusion in August and September; make beautiful ornamental hedges. We offer them in two colors, double rose and double white. Price, 15 cents each, four for 50 cents; extra large, by express, 25 cents each.

Flowering Almond.

Pink Flowering Almond

A branching shrub two to four feet, with broad, lanceolate, bright green leaves. Native of China and Japan. Flowers dou-ble, rose color and borne in great profusion inwearly spring. One of the first spring. One of the first shrubs to flower. One of the best of flowering shrubs and highly recom-mended. Price, 35c each.

White Flowering Almond

Same as the pink variety in growth and habit, but bearing white flowers. They should be planted together. Price, 35c each.
Almonds are too large to send by mail; must be sent uy express.

Cydonia Japonica

Cydonia Japonica
(Japanese Quince)
Hardy anywhere. These
rank among our choicest
shrubs, growing to a
height of five or six feet, but they stand
the knife well, and with proper pruning
may be grown in any form. As a single
shrub on the lawn they are very attractive, and for the edges of borders or
groups of trees they are specially adapted. Their large, brilliant scarlet flowers
are among the first to bloom in the
spring, and they appear in great profusion before the leaves are fully developed. Price, 20c each, three for 50c;
extra large, by express, 35c each.

CALYCANTHUS

The well known sweet-scented shrub. It bears in May a pro-fusion of dcuble purple blos-soms which have a strong, de-licious pineapple fragrance, very popular. Price, 15c each; ex-tra large, by express, 30c each.

Hardy Ornamental Flowering Shrubs

Hydrangea Arborescens Grandiflora Alba.

THE KING OF ALL SHRUBS

New Hydrangea Arborescens Grandiflora Alba or "Hills of Snow." The Most Valuable Hardy Shrub Ever Introduced.

Hardy Shrub Ever Introduced.

This beautiful hardy American shrub is the finest addition to this class of plants found in many years. The blooms are very large, of pure snow-white color, resembling a little the hardy shrub so well known, the Snowball, in color and make-up, only they are much larger in size and much more striking. One of its most valuable features is its coming into bloom just after the passing of all the early spring shrubs, while its long season of bloom, from early June through August, renders it a valuable plant not only to the florist, but to the owner of every garden. It is perfectly hardy, standing twenty degrees below zero. The form of the panicle is much like the tender varieties of Hydrangeas. Its foliage is of a soft, velvety texture, not nearly as coarse as that of the Hardy Hydrangea Paniculata Grandfidora. This Hydrangea is bound to be the most widely grown and most useful of all in the Hydrangea family. It will be a most valuable plant to everyone buying from this catalogue. Price, nice young plants, strong and healthy, 15 cents each, or four for 50 cents. Strong, two-year field grown plants, 25 cents each; three years old, by express, 50 cents each.

Hydrangea Paniculata Grandiflora.

HYDRANGEA PANICULATA GRANDIFLORA

This is a grand plant, very showy and attractive, lasting in bloom for months. Without question the finest hardy shrub. Grows three to four feet high and is very bushy and compact. Blooms in July, at a time when no other shrub is in flower, and the flowers remain beautiful until destroyed by frost. The flowers are pure white, afterwards changing to pink, and are borne in immense pyramidal clusters more than a foot long and nearly a foot in diameter. Will bloom same season planted. Strong, one-year field grown plants, 20 cents, three for 50 cents. Extra large plants, by express, 35 cents.

VIBURNUM (The Snowball)

Masses of Snowballs give for spring the same showy effect produced by Hydrangeas in fall. They are all large, hardy, quick-growing shrubs valuable for creens, groups and specimens. The more showy species carry their flowers in balls. Price, 15c each; ex-tra large, by each.

DEUTZIAS

DEUTZIA CRENATA FLORA PLENA ROSEA—Four feet in height. Flowers double, of a pure white, beautifully tinged with rose. Price, 15c each; extra large, by express, 30c each.

DEUTZIA FLORA PLENA ALBA—This elegant variety resembles Deutzia Rosea, except that the flowers are pure white in color. It excels all others in size of flower and bloom. Price, 15c each; extra large, by express, 30c each.

DEUTZIA LEMOINEI—Without doubt, one of the very best dwarf hardy shrubs; flowers very large and produced in cone-shaped heads of purest white, which open out very full. Price, 15c each; extra large, by express, 30c each.

BERBERIS THUNBERGI

For a low, ornamental hedge that will take care of itself so far as pruning is concerned, there is nothing will take the place of Berberis Thunbergi. Its graceful and compact habit, bright red leaves and berries in the fall make it one of the most ornamental hedge plants. Set plants in row 18 to 24 inches apart. Any ordinary garden soil will suit it. Price, 15 cents; \$10.00 per 100. Extra large, by express, 30 cents each; \$20.00 per 100.

RHODODENDRON (Rose Bay)

RHODODENDRON (Rose Bay)
Through its blooming season in May and June, no shrub in Nature's garden, the world over, can compare with this. In winter the great leathery leaves of the Rhododendrons form rich banks of green, quite different in character and color-tone from the tints of the conifers. They will grow in any good soil, but are finest in a somewhat sheltered situation, where the soil is deep, well drained and mulched with leaves. In hot dry weather soak the ground say about once a week. A protection of leaves and brush during the winter will be beneficial. The plants we offer are strong and bushy, well set with flower buds, and will flower nicely the first year. Of the best varieties, hardy anywhere with slight protection. We can supply good stock in colors as follows: Blush, Deep Purple, Pink, Red, White and Rosy-Lilac. Price, \$1.00 each, must be sent by express.

LILACS

This grand shrub is always scarce, but this year we have procured a fine stock of strong, thrifty plants. It is doubtful ifa nything in the whole range of flowering shrubs surpasses this in grace and elegance, or in hardiness and usefulness. As a decorative plant on the lawn or in the border it is without a peer, and its pure white, graceful plumes of sweetly fragrant flowers add grace and beauty to bouquets, vases, etc. As a cemetery plant it is without a rival. The varieties we offer are new and unusually fine. Double and single in colors as follows: White, Reddish Purple and Lilac. Price, 30 cents each, four for \$1.00.

RED DOGWOOD (Cornus Sibirica)

A valuable shrub when planted singly or in groups or masses, distinguished by its bright colored bark. A strong growing variety, with clusters of large, fine white flowers. It ranks next to the Magnolia among flowering trees. Very conspicuous and ornamental in winter, when the bark is blood red. Price, 20 cents each, three for 50 cents; extra large, by express, 30 cents each.

Spirea Van Houtte.

SPIREAS

VAN HOUTTE—The grandest of all the white Spireas; it is of compact habit and a beautiful ornament for the lawn at any season, but when in flower it is a complete fountain of white bloom, the foliage hardly showing. Clusters of 20 to 30 white florets make up the raceme, and are set close along the drooping stems. Price,

15c each; extra large, by express, 30c each.

Weigelia.

WEIGELIAS

Shrubs that bloom in July. Flowers produced in such great profusion as to almost entirely hide the foliage.

CANDIDA—This is the very best of all the white-flowered Weigelias; a strong, upright, erect grower; flowers pure white and produced in great profusion. Price, 15 cents each; extra large, by express, 30 cents each.

ROSEA—One of the most conspicuous shrubs that we cultivate, flowers pink. It is a dwarf grower and admirably adapted to small lawns or gardens. Price, 15 cents each; extra large, by express, 30 cents each.

EVA RATHKE—The finest Weigelia in cultivation. A variety that is at once a remarkably free bloomer, flowering continuously throughout the summer and autumn; of an entirely distinct color, being a rich ruby-carmine, quite different from anything heretofore offered. Price, 15 cents each; extra large, by express, 30 cents each.

Blue Spirea.

Blue Spirea.

BLUE SPIREA, CARYOPTERIS MASTACANTHUS — Blue Spirea is a fitting name for this remarkable new hardy plant. It is a sturdy, upright grower, and is extremely floriferous. The dense flower heads are of a rich lavender-blue, a rare color among flowers. Price, 15 cents each; extra large, by express, 30 cents each.

BILLARDI—A narrow, dense shrub five feet high, with dense panicles of rich pink flowers from July on. Price, 15 cents each; extra large, by express, 30 cents each.

NEW CRIMSON SPIREA, ANTHONY WATERER—It outshines all the Spireas in brilliancy of color—a bright crimson. If makes a low, compact bush fifteen to eighteen inches high, and is covered nearly the whole growing season with large umbels of deep crimson flowers. Price, 15 cents each; extra large, by express, 30 cents each.

→ SELECT FLOWER SEEDS →

Many of our most beautiful garden flowers are raised from seeds. Considering their ease of culture, the quick results, gorgeous effect and low cost of flower seeds, they should be more extensively employed for garden decoration in this country. In the gardens of Europe immense quantities of flower seeds are utilized, with which an endless variety of happy effects are produced.

All the seeds herein offered are grown for us by the most experienced seedsmen of this country and Europe, and are the best that money can buy. Every ounce of seed we send out is fresh.

GENERAL CULTURAL DIRECTIONS—Most flower seeds germinate well in a fine, sandy loam, partly protected from the sun. Heat and moisture are the two essential points to start life in seeds. A general and fatal error is to start the seed too deep; small seeds should be barely covered with fine earth; large seeds by about half an inch. After sowing, the ground should be watered with a very fine sprinkler, regularly. Many seeds are killed by drought.

ABRONIA UMBELLATA

A Verbena-like point, bearing rose-colored, fragrant flowers. Splendidly adapted for rock work and hanging baskets. Price, per packet, 5 cents.

AGROSTEMMA (Rose of Heaven)

An attractive free-flowering hardy perennial of easy culture, producing bright colored flowers on long, slender stems like a single pink; blooms the first season; fine for cutting; one to two feet; mixed varieties. Price, 5 cents per packet.

ANTIRRHINUM (Snapdragon)

ANTIRKHINUM (Snapdragon)

Nothing has been more improved in the past few years than the Antirrhinum and they are now very popular and fashionable. Sown in spring they bloom from midsummer until frost. They succeed best in light soil in a sunny position. They are hardy perennials, but can be treated as annuals.

QUEEN VICTORIA—New giant flowered, immense spikes of purest white. Price, 10 cents per packet.

GIANT FLOWERED MIXED—A mixture of the newest varieties, having flower spikes nearly a foot long of most brilliant colors. Price, 5 cents per packet.

DWARF MIXED—Finest Tom Thumb. Splendid for edging. Price, packet, 5 cents.

Price, packet, 5 cents.

AGERATUM (Tom Thumb Varieties)
(Illustrated on page 47.) Dwarf, compact-growing plants six to eight inches high, flowering freely throughout the season from spring-sown seed; splendid for bedding, edgings or pot culture. Blue, 5 cents; White, 5 cents; Mixed, per packet, 5 cents; one-fourth ounce, 15 cents.

ACHILLEA (Double White Yarrow)

One of the best hardy white perennials in the list. Grows about two feet high, and from spring till frost is covered with heads of purest white double flowers. A grand plant for cemetery decoration. Easily grown from seed, flowering the first season if sown early. Packet, 5 cents.

ABUTILON (Chinese Bell Flower)

(Illustrated on page 47.) Free-flowering plants with drooping, bell-shaped flowers, some varieties being richly veined and striped. They are of easy culture, and are well adapted to the garden in summer and the house or greenhouse during the winter. Tender perennials. Extra fine mixed. Price, per packet, 8 cents.

ANEMONE

ANEMONE

Anemones bloom very quickly from seed and make splendid garden or pot plants, and the bulbs are good for an annual display of beauty for years after. Flowers large, some single, and of all colors. It is certainly interesting to grow these charming flowers from seed.

ST. BRIGIO'S STRAIN, DOUBLE AND SINGLE—A beautiful selection of the Coronaria, comprising semi-double and double flowers in a wonderful array of colors; seed sown by midsummer produce flowering plants the following spring. Mixed colors. Height, one foot. Packet, 10 cents.

COMMON VARIETIES—Mixed. Packet, 5 cents.

AQUILEGIA OR COLUMBINE New, Large-Flowering Hybrids.

The large, unique, long-spurred flowers, gracefully hung on long stems, are not only brilliantly effective on the plant, but equally as desirable when cut for vase and house decoration. Price, 8 cents per packet; set of four varieties for 25 cents.

CERULEA (Rocky Mountain Columbine)-Flowers large, petals white, sepals deep blue, spurs very long; one of the most beautiful.

Long-Spurred Columbine "ROSE QUEEN"-A splendid novelty, bearing profusely long-spurred, single flowers shading from light pink to dark rose color, with white center and yellow anthers.

NIVEA GRANDIFLORA—Large single flowers in mixed shades

of white and blue.

SKINNERI (Mexican Columbine)—Spurs long and contracted and scarlet in color; petals and sepals yellow and green.

SPLENDID MIXTURE—Of the best and finest colors, double sorts. Packet, 5 cents.

ALYSSUM

A favorite little annual, because of its fragrance and abundance of bloom. Sow seed very early in the open ground. Dainty little plants for hanging baskets or small pots. Good

Dainty little plants for hanging baskets or small pots. Good for cutting or buttonhole bouquets.

SWEET—Racemes of small white flowers, honey-scented, and never out of bloom. Packet, 5 cents.

LITTLE GEM—An improved variety; much larger flowers, of a pure white, and, if possible, more floriferous than the old Sweet. Packet, 5 cents; half ounce, 20 cents.

ANCHUSA (Cape Forget=me=not)

ITALICA—A rare and little known annual of great beauty which will thrive in a shady, out-of-the-way place, where scarcely anything else will grow. It resembles a large, beautiful Forget-me-not. Color a shade of deep blue. Blooms all summer. Packet, 5 cents.

ANAGALLIS

GRANDIFLORA—Six inches. Bushy garden annual, rich Browallia-like flowers, one inch across. They are universal favorites for planting in beds of the flower garden where their numerous blue or red flowers, expanded whenever the sun shines, are very effective.

MIXED COLORS—Packet, 5 cents.

AMARANTHUS (Joseph's Coat)

AMAKANITIUS (JOSEPH'S COAT)

These plants afford brilliant contrasts of color, being useful for tall borders and groups, also where foliage effects are desired. The leaves and stems are of different shades of red, blended with green; two to three feet high.

TRICOLOR—A hardy annual with leaves of red, yellow and green; well known as "Joseph's Coat." The colors are especially brilliant if grown in rather poor soil. Packet, 5c.

ACONITUM NAPELLUS (Monk's Hood)

A hardy perennial, growing in any good garden soil, produc-Ing long spikes of curiously-shaped blue flowers. Well adapted for planting among shrubbery or in shady corners of the garden. Three to five feet. Packet, 5 cents.

For seeds of Climbing Vines see page 85,

PERB DOUBLE ASTERS

This beautiful flower is being constantly improved, and is now one of the most desirable and effective of our garden beau-As a bedder it is beyond description, and large beds of these lovely flowers greet you almost everywhere. Indispensable for flowers, fine as pot plants and alike desirable to show at fairs and exhibitions. They are easily grown, very hardy, and offer cut flowers, fine as pot plants and alike desirable to show at fairs and exhibitions. They are easily grown, very hardy, and offer themselves for use at a time when other garden favorites are gone, and the select strains we offer cannot fail to give satisfaction to the most critical flower lover.

Giant Comet Asters.

GIANT COMET ASTERS

The plants grow about eighteen inches high on long, stiff stalks; bear in abundance their beautiful flowers. These flowers, with their long, twisted petals, strikingly resemble Japanese Chrysanthemums of very large size, larger in fact than those of any other Aster, so that, all in all, they are ideal Asters for cut flowers.

One packet each of the above six Giant Asters, 50 cents.
GIANT COMET ASTER THE BRIDE—At first pure white, then
changing to blush and pink, finally to rosy-red; the plants
have all these shades at one time, making a splendid effect. Price, 10 cents per packet.
GIANT COMET MIXED—Price 8 cents per packet.

GIANT OSTRICH PLUME

Pure white. This magnificent class of Asters bears some resemblance to the Giant Comet, differing somewhat in the candelabrum form of growth. Its greatest merit, however, is in the flowers, which are of immense size, made up of very long, loosely formed petals, rivaling the best Japanese Chrysanthemums. White and pink, each 10 cents per packet, OSTRICH PLUME—All colors mixed. Packet, 8 cents.

HOHENZOLLERN ASTERS

This new race of Asters closely resembles the Giant-flowering Japanese Chrysanthemums. The flowers are very large, with beautifully curled and twisted petals and long stems, which makes them invaluable for cut flowers; it is also a very fine bedding and pot plant. Price, 10 cents per packet. White, pink and mixed.

WASHINGTON

This splendid variety is the largest Aster grown, bearing flowers five to six inches in diameter; very double; mixed colors. Price, 10 cents per packet.

VARIOUS ASTERS

QUEEN OF THE MARKET—The earliest of all Asters. Grows about nine inches high and very branching; the fine double flowers are produced very freely on long stems, making it valuable for cutting; the colors are deep blue, white, pink and deep rose. We offer seed in the finest mixture of the above colorings. Price, 5 cents per packet.

GERMAN QUILLED ASTERS—These are great favorites on account of their free-blooming qualities, and the low price of the seed commends them to many who want a nice Aster for

account of their free-blooming qualities, and the low price of the seed commends them to many who want a nice Aster for cutting. Price, 5 cents per packet.

TRUFFANT'S PEONY-FLOWERED—A valuable and standard variety. The most perfect Peony type known. Tall-growing, and bearing an enormous quantity of extra large double flowers splendidly incurved and of every shade, from pure white to glowing crimson. Twenty colors or more mixed. Price, 8 cents per packet.

DWARF QUEEN—A large-flowering dwarf Aster; very double; one foot; excellent for ribbon borders, beds or pots; finest crimson. Price, 5 cents per packet.

TRIUMPH—A dwarf-growing Peony-flowered Aster; flowers perfectly double; of faultless form; deep scarlet; very rich. Packet, 5 cents.

PERENNIAL MIXED (Starworts, or Michaelmas Daisies)—Single-flowering, hardy, herbaceous plants, thriving in any garden soil. If sown early in the spring they will flower the first season. Price, 5 cents per packet.

Excelsion Mixture of Tall Asters

This is a mixture of the most beautiful, striking and distinct colors of all the above tall-growing Asters, selected from the cream of Truffaut's, Victoria, Crown and other desirable sorts, and includes many kinds especially purchased for this mixture. This is the finest mixture of Tall Asters ever offered, and the most critical lover of this flower will be astonished at the wide range of colors and varieties given in this truly Excelsion Price, 10 cents per packet.

Branching Asters.

BRANCHING ASTERS (Late Flowering)

The branching Asters are quite different in several respects from other Asters. They are of very strong, vigorous branching habit. The flowers are of very large size, each flower being carried on a long, upright stem, making them very great favorites for florists' bouquets, etc.

MANY-FLOWERED, DOUBLE
New types. These improved, branching Sunflowers are exceedingly popular for the garden and for cut flowers. Bushes three to four feet high, bearing from base to summit a continuous succession of flowers from June until frost, Flowers four to five inches across, borne on long stems in a few weeks from seed. Mixed, all colors, per packet, 5 cents.

HELIOTROPE

It is but little known that seed sown in February and March will produce large flowering plants the first summer. Our mixture contains seed from many named sorts and will produce fine plants with proper treatment. Culture directions on package. Mixed varieties, very choice. Price, packet, 5 cents.

HELIOTROPE, LEMOINE'S GIANT HY-BRIDS—Their fragrance is delicious. The colors are from pure white through all shades of violet and blue to deep indigo. Large and glossy leaves are borne on strong, erect stems, growing about two feet in height. Price, packet, 10c.

DOUBLE HOLLYHOCKS

Seeds should be sown in June or July to have flowering plants the next summer; or, if sown in the house early in the spring, they will bloom the first year. Seed saved from one of the finest collections and will produce very large double flowers of striking hearty. ing beauty.

CHARTIERS IMPROVED DOUBLE WHITE-

Packet, 8 cents.

CHARTIERS IMPROVED DOUBLE ROSE —

Packet, 8 cents.
CHARTIERS IMPROVED DOUBLE CARMINE—

Packet, 8 cents.
CHARTIERS IMPROVED DOUBLE SULPHUR-YELLOW—Packet, 8 cents.
One packet each of the four colors for 25 cents.
DOUBLE MIXED, all colors, from best named collection in Europe. Packet, 10 cents.

HUNNEMANNIA, or BUSH ESCHSCHOLTZIA

This is a most beautiful plant and we want every one of our customers to plant at least one packet of it.

The plants grow into a shrubby bush, two feet high, and produce large cup-shaped flowers three inches across on stems twelve inches long. The color is of clear, bright yellow, the petals are broad and crinkled, like crushed satin. The flowers keep in water for two weeks. Large packet, 8c.

IMPATIENS SULTANI

One of the prettiest plants for pot culture and outdoor planting in a half-shaded situation; remarkable for long duration of bloom. Charming for winter blooming. When the plants are only a few inches in height they commence blooming, sending out perfect masses of rosy flowers. Packet, 10 cents.

Hardy Pink.

ICE PLANT

(Mesembryanthemum crystallinum)

Curious plant for hanging baskets, rockwork, vases Curious plant for nanging baskets, rockwork, vases and edgings. The leaves and stems are succulent and fleshy, and appear as though covered with lee crystals. The whole plant is peculiarly brilliant in the sunshine. Succeeds best in dry sandy loam and in a warm situation. Can be grown in pots or open border. Tender annual trailer. Six inches high. Packet,

JOB'S TEARS (Coix Lachryma)

An old-fashioned but valuable remedy for sore throat, goitre and teething babies, when the seed is strung on linen thread and worn around the neck as a chain. Also used to advantage in basket making and raphia work. Packet, 5 cents; ounce, 15 cents.

JACOBAEA (Senecio)

ELEGANS, FL. PL. — A showy free-flowering hardy annual. It produces in great profusion branching spikes of bright Cineraria-like double flowers, one and a half inches in diameter, from spring until fall, and will bloom all winter in a cool greenhouse. Excellent for bouquets. Mixed colors. Packet, 5 cents.

KOCHIA TRICOPHYLLA (Summer Cypress)

A highly ornamental annual of rapid growth which forms regular pyramids about three feet high, having a cypress-like appearance. The leaves are slender and of a light pea-green until September, when they change to carmine and blood-red. Its bright autumn coloring has given it two other names: "Mexican Fire Plant" and "Burning Bush." The flowers are minute but countless. Sow indoors in April and plant out in May, or sow in open ground about May 1st. Plants do best in a sunny exposure. Packet, 5c.

Kochia. (Summer Cypress.)

LARKSPUR

This is one of the best known of garden flowers. A vast improvement has been effected, by careful selection and attentive cultivation, in size and color of the blossoms, and the general habit of the plant. Hardy annuals.

DOUBLE DWARF MIXED—Packet, 5 cents, DOUBLE STOCK FLOWERED—A tall, branching va-riety, with long spikes of flowers. Mixed. Packet 5 cents.

SENSITIVE PLANT

(Mimosa Pudica)

Chaste and elegant in foliage, the leaves being deli-cately pinnated, while it bears small pink flowers in globose heads. It affords much amusement by its sensitive character—even when slightly touched the leaves instantly close and droop. Packet, 5 cents.

MARIGOLD

A well-known free-flowering plant, of easy culture, with rich and beautiful varied double colored flowers. The African are best for large beds, while the French are adapted for small beds or a foreground for taller plants. Half-hardy

annuals

AFRICAN ELDORADO-Immense flow ers ten to fourteen inches around, exceedingly double; quilled like a Dahlia; primrose, lemon, orange and golden shades; three feet. Price, 5

gotten snades; three feet. Frice, 5 cents per packet.

PRIDE OF THE GARDEN—Immense flowers, densely double; color golden-yellow; a feature of this variety is the compact, dwarf habit. Price, 5 cents per packet.

DWARF DOUBLE FRENCH MIXED-Yellow, brown and crimson, beautifully striped; two feet. Packet, 5c.

MIGNONETTE

ARGE-FLOWERING — The common Sweet Mignonette; very fragrant. Packet, 5 cents.

ALLEN'S DEFIANCE—Mammoth spikes, more fragrant than any other. Florets of immense size and the cut flower frequently keeps three weeks. Packet, 5 cents.

PARSON'S WHITE—Large spikes of bloom; the stamens are pure white and fragrant. Packet, 5 cents.

NEW MIXED SORTS—A fine mixture of a lot of new large-flowering sorts; a most magnificent mixture, and will give a varied and beautiful bed. Packet, 5 cents.

NICOTIANA SANDERAE

(Carmine Tuberose, Flowered Tobacco)

Bushy, much-branched plants two feet high, the whole plant laden with flowers from base to summit — literally ablaze with handsome carmine-red fragrant blossoms, thousands of which are produced on a single plant, having a short, stout tube; they do not close up in the day time, but remain open all day;

the fragrance is decidedly delicious.

Packet, 8 cents.

NICOTIANA AFFINIS—Very fragrant white flowers. Packet, 5 cents.

LAVENDER (Lavendula Spica)

Well known sweet-scented, hardy perennial; should be extensively grown in the mixed border. Three feet. Packet, 5 cents.

SALVIA SPLENDENS

Large Flowering Scarlet Sage

Under our hot summer sun this "flame-colored beauty" is the most gorgeous of all plants. For months the blaze of flaming scarlet is intensely brilliant. A single plant will carry as many as two hundred spikes of flowers each ten inches long. Packet, 5 cents.

SUNFLOWER

MAMMOTH RUSSIAN-Enormous flow-The well-known old Sunflower, with coarse, tall plants from four to eight feet in height, and bright yel-low flowers. Packet, 5e; 1/4 lb., 15c.

LEMON VERBENA (Aloysia)

The delightfully fragrant foliage of this favorite plant makes it very desirable for cutting; it is easily grown from seed. Packet, 5c.

LOBELIA

Charming little plants for small beds, edging baskets, etc. Graceful and pretty, and colors exceedingly clear. A most charming pot plant for window culture, blooming in four weeks and making the prettiest little pot flowers. PRIMA DONNA—Rich velvety crimson-maroon

PRIMA DONNA—Rich velvety crimson-maroon flowers. 5 cents.

CARDINALIS—Cardinal Flower. An extremely brilliant scarlet bloomer, two feet high. Of easy culture. Hardy. Packet, 8 cents.

GRACILLIS—The flowers are bright blue with white center; fine for baskets, vases, etc., trailing gracefully and blooming profusely; half hardy annual. Six inches high. Packet 5 cents.

et, 5 cents.

FINE MIXED—A number of the choicest and best varieties are to be found in this mixture. Packet, 5 cents.

LANTANA

Fine mixed, rapid growing, constant blooming perennial plant for pot cul-ture in winter or garden decoration in summer; clusters of orange, white, pink, etc. Packet, 5 cents.

LYCHNIS (Burning Star)

A blaze of brilliancy for months, if plants are kept from seeding. Star-like blossoms covering the dwarf, bushy plants like a cloud. Perfectly hardy, and blooms even better the second sea-son than the first. Intensely bright scarlet. Packet, 5 cents.

PEONY

(Double Chinese Herbaceous)

Grand, hardy, herbaceous plants, well-known ornaments of our gardens, with large double flowers in pink, crimson and white.

MIXED COLORS—Packet, 10 cents.

Sensitive Plant (Mimosa Pudica).

NASTURTIUMS

A MARVELOUS range of new colors has been developed in this favorite flower, which for three or four months of the season makes a better display than almost any other plant. No other annual will produce such a lavish profusion of flowers for so long a time with the same small outlay of time and labor. The maximum of bloom is produced in thin soils, and never flags through the hottest weather. In soils too rich leaves predominate. Plant the seeds an inch deep, and thin seedlings to ten or twelve inches apart. The varieties offered below were selected, after exhaustive trials, from a very large number of sorts as being the best and most distinct.

CHAMELEON NAS= TURTIUMS

When a plant of this novel sort is in full bloom one can find upon it flowers of almost

every shade of color and form of marking known to Nasturtums. No matter what color a flower may be when it opens, it is continually changing until it fades. Unlike many flowers which are notable because curious, those of the Chameleon Nasturtium are always beautiful and attractive.

DWARF CHAMELEON—Packet, 5 cents; ounce, 15 cents.

TALL CHAMELEON—Packet, 5 cents; ounce, 15 cents.

FRINGED CHINESE PRIMROSES

(Illustrated on page 53.)

This charming and beautiful flowering plant is indispensable for winter or spring decorations in the home or conservatory. It is one of our most important of winter-blooming pot plants.

ALBA MAGNIFICA—The finest pure white, with bright yellow eye, beautifully fringed. Packet, 10 cents.

CHISWICK RED—Large, brilliant scarlet. The brightest of all Packet 10 cents.

all. Packet, 10 cents.

CHOICEST MIXED—This mixture contains nothing but the finest sorts, and cannot fail to give entire satisfaction. Packet, 8 cents.

PRIMULA OBCONICA

Primula Obconica is as near an ever-blooming plant as is possible to obtain. It has been known to flower for over twelve months without a break. Packet, 10 cents.

HARDY PRIMROSES

VERIS—(English Cowslip.) Flowers of different colors, yellow, brown and yellow edged, etc.; very fragrant; six inches. Packet, 5 cents.

VULGARIS-The common yellow English Primrose; flowers fragrant and of a light canary-yellow. Packet, 5 cents.

AURICULA—(Primula Auricula.) A well-known favorite of great beauty; half-hardy perennials; six inches; mixed.

Packet, 5 pents.

TALL OR CLIMBING NASTURTIUMS

Beautiful and luxuriant climbers for trellises and arbors; of easiest culture, bearing gorgeous flowers in profusion until killed by frost. Price, 5 cents per packet; ounce, 15 cents; set of six varieties, 25 cents.

EDWARD OTTO-Beautiful shade of brownish-lilac.

MOONLIGHT—Cream-white; very large flowers.
SCARLET—Brilliant scarlet.
PRINCE HENRY—Cream, spotted and tipped scarlet.

PRINCE HENRY—Cream, spotted and tipped scarlet.
TWILIGHT—Large flowers, chamois-yellow, shaded with
orange-rose and splashed scarlet.
BUTTERFLY—The color is a light lemon-yellow, marked on the
three broad lower petals with a blotch of rich terra-cotta
red, the two upper petals are marked in shades of bright red.
TALL NASTURTIUMS MIXED—Of many bright colors; very
effective when planted in long rows or masses. Packet, 5
cents; ounce, 10 cents; one-quarter pound, 25 cents.

Our Superfine Mixture of TALL NASTURTIUMS

This mixture is composed of seeds from flowers of distinct colors in proportions that will produce the best results. The mixture cannot be surpassed. A most beautiful strain, flowering profusely and having a wide range of bright and distinct colorings, embracing rose, pink, salmon, purple, velvety dark maroon, light yellow, and deep orange in self colors, as well as most showy striped and blotched varieties. These are all of strong, vigorous growth, throwing out running shoots that can be trained upon strings or wires, or can be readily made to climb the ordinary paling fences or wire netting. They are also very showy planted at the top of a steep slope and allowed to run down the bank. They are equally beautiful simply trailing on level ground. Price, for large packet, 10 cents; ounce, 20 cents; one-quarter pound, 50 cents. This mixture is composed of seeds from flowers of distinct

TOM THUMB NASTURTIUMS Dwarf or Bedding Varieties

Their neat, compact growth, rich-colored flowers and free-blooming and long-lasting qualitiès, together with their adapt-ability to almost any soil or situation, make them unsurpassed for garden decoration. Price, 5 cents per packet; ounce, 15 cents; set of six varieties for 25 cents.

CRYSTAL PALACE GEM—Sulphur, maroon spots.
CLOTH OF GOLD—Compact plants, with bright golden-yellow leaves and brilliant scarlet flowers.

THEODORE-Deep purplish-green leaves; flowers dark

BRONZE-COLORED—A peculiar burnished bronze color. DEEP SCARLET—A very bright and vivid scarlet.

LADYBIRD—Rich golden-yellow, each petal barred with two broad veins of bright ruby-crimson.

MIXED TOM THUMB NASTURTIUMS—This includes many

showy colors, having both light and dark foliage in mixture. Price, 5 cents per packet; ounce, 10 cents; one-quarter pound, 25 cents.

"Special" Mixture of DWARF NASTURTIUMS

This mixture contains eighteen different varieties of Dwarf, or "Tom Thumb" Nasturtiums, and no better annual exists; for filling beds or borders with a continuous supply of flowers they are unexcelled. Their handsome foliage shows a variety of green shades, including both light and very dark bluegreen leaves, with distinct veins, as well as the old, well-known tints, and the flowers are also greatly improved in coloring and in marking. Both this mixture and the "special mixture" of Tall Nasturtiums include varieties having blooms of a velvety texture new to the species, and some showing odd colors heretofore unknown among flowers. Price, large packet, 10 cents; ounce, 15 cents; one-quarter pound, 50 cents.

CELESTIAL, or CHRISTMAS PEPPER

Small conical fruits. This sort is used as an ornamental plant during the Christmas season. A fine sharp-flavored Pepper of transcendent beauty, setting its fruit early and continuing until cut down by frost. A well-grown plant will show peppers in every stage of growth, and in three or four different colors, according to the stage of ripeness, creamywhite, pink and vivid scarlet, all on the bush together, a most novel and wonderful sight. Beautiful pot plants—in fact, few pot plants make such an attractive show as does the Pepper when in full bearing. Price, 5 cents per packet.

GIANT TRIMARDEAU—Largest of all. The blossoms are simply enormous, perfect in form, and run through all the various colors, from the lightest shade to darkest purple. Packet, 10 cents.

GIANT ODIER, CASSIER AND BUGNOT—A superb mixture of these famous, large-flowered, spotted Pansies. The petals are large, of various colors, in the center of three, or sometimes of all five, of which are dark velvety blotches, shading out toward the edges and ending in fine hairy lines.

Packet, 10 cents.

GIANT PEACOCK—A striking variety, the upper petals being of a beautiful ultramarine-blue, while the lateral and lower are of a deep claret, with white margin. Packet, 10 cents.

International Mixture of Pansy Seed

The result of our observation of the various strains produced, and of the favorites in our market, prompted us to prepare our International Mixture. It consists besides all the leading kinds of commerce, of seeds of the Giant, Bugnot, Cassier and Trimardeau, with flowers measuring, when well grown, three inches in diameter, and such beautiful colors as gold-bronze, silver edged, marbled, mahogany spotted, claret-red, and many others. Our International Mixture will produce for you, as it has for others, a Pansy bed which will be the wonder of the neighborhood and the joy of the owner. Price, packet, 10 cents. packet, 10 cents.

Mixture of Scarlet and Red Pansies

This is a mixture of special selections of Pansies with red and scarlet flowers. It is partly made up of such varieties as Meteor, Red Riding Hood, Cardinal, Fiery Faces and also from some special selections we had made for this mixture by several Pansy specialists. A bed of these Pansies presents a striking and beautiful effect and will please every lover of this favorite flower. Packet, 10 cents.

Any three packets of above named Pansies for 25 cents.

Bedding Pansies

A selection for bedding purposes, large flowers of good subtance:

King of Blacks,

Striped, Yellow.

Emperor William (blue), Red.

Gold Margined. Prince Bismarck (bronze),

Purple, Psyche (white with violet blotches),

Rosy Lilac, White Marbled,

Per packet, 5 cents; any four packets, 15 cents; or the whole collection for 30 cents.

FINE MIXED BEDDING PANSIES-Per packet, 5 cents.

ENGLISH FACED CHOICE MIXED—From a splendid English collection of the largest-flowering varieties. Packet, 5 cents.

Poppy Snowdrift

riowers as pure as the driven snow; large, double and full, yet soft and loose like a great ball of snow. A mass of tin bloom is a grand sight. Its habit of growth is stout and compact, not attaining the height of most other large Poppies, which makes its enormous blossoms show to better advantage. Packet, 5 cents. Flowers as pure as the driven snow; large, double and full,

POPPIES

Well-known hardy annuals and perennials flowering in great profusion throughout the summer. As early in spring as ground can be worked sow the seed where flowers are to bloom and cover lightly, since if planted too deep the seed will not germinate and the annual varieties do not bear transplanting. To insure a continuous bloom during a long season the flowers should be cut regularly and no seed pods allowed to form.

DANEBORG, or DANISH CROSS

Very showy variety, producing large flowers of brilliant scarlet, with a silvery-white spot on each petal, forming a white cross. Packet, 8 cents.

VIRGINIA—Large, beautifully fringed flowers of pure white edged with soft pink; exquisite when cut. Packet, 5 cents.

ADMIRAL—A single peony-flowered variety of surpassing beauty, having large, smooth-edged flowers of glistening white, with a broad band of brilliant scarlet around the top. These two colors form a very strik-

Giant Pansy.

Special Poppy Mixture

Comprises not only all the Double and Single Poppies described, but also a number of other sorts, specially purchased for this mixture, including some entirely new ones. Will make a grand display. Packet, 10 cents.

Hardy Iceland Poppies

These Poppies produce flowers the first year from seed. The colors range from the purest white to the deepest orange and scarlet and have a delicious fragrance. For vases or house decorations they rank among the loveliest.

SINGLE MIXED—Packet, 5 cents.

DOUBLE MIXED—Packet, 10 cents.

Giant Hardy Oriental Poppies

BRILLIANT—Enormous flower of deep flashing scarlet, entirely hardy anywhere. Packet, 10 cents.

GIANT ORIENTAL MIXED—A fine mixture of salmon-scarlet, rose, lilac, purple-blotched, orange, etc. Packet, 10 cents.

PHLOX DRUMMONDI GRANDIFLORA

Or large-flowered section. These are decided improvements over the old class, with much larger flowers, a better range of colors and of more compact growth.

ALBA—Pure white; very large. Packet, 5 cents.

LARGE BLOOD-RED—The darkest colored. Packet, 5 cents.

STAR-EYED (STELLATAS)—Rose color, grand large flowers.

Each flower having a white star eye. Packet, 10 cents.

GRANDIFLORA—Choice mixed; all colors. Packet, 5 cents.

SEMI-DOUBLE—Best mixed. Packet, 5 cents.

PHLOX DRUMMONDI NANA

This new strain is of dwarf, compact habit, growing about six inches high; splendid for pot culture or for ribbon lines and for massing.

DWARF—In choicest mixtures. Packet, 5 cents.

STAR=SHAPED PHLOX

Of dwarf habit, bearing pretty star-shaped flowers, varying from violet-blue to deep rose and blood-red, margined with white; choice mixed. Packet, 5 cents.

HARDY PHLOX

PHLOX DECUSSATA—These rank among the finest herbaceous perennials for beds or borders. Mixture of the finest colors. Packet, 10 cents.

LARGE FLOWERING PETUNIAS

HOWARD'S NEW STAR—Each flower shows a large distinct five-pointed white star on a bright crimson or purplish-crimson ground. Late in the fall, when the weather becomes cooler, the edges of the white star become feathered with fine lines of rose and crimson, while in other flowers the entire white portion is suffused with soft rose-pink. The plants begin to bloom early and flower profusely. Per packet, 10 cents.

GIANTS OF CALIFORNIA—Gigantic flowers often five inches in diameter of every conceivable shade of crimson pink.

GIANTS OF CALIFORNIA—Gigantic flowers often five inches:
in diameter, of every conceivable shade of crimson, pink,
larender, pure white, etc. One of the chief points of excellence is the deep throat and diversity of veinings in the
throat. Many of the flowers have a clear yellow throat,
while others have a pure black one, so deep that it seems
to show no veinings. Packet, 10 cents.
BLOTCHED AND STRIPED—Flowers with star-shaped
blotches of symmetrical form; fine for bedding and window
boxes. Price, packet, 5 cents.
FINEST MIXED—A choice strain, including many of the
large-flowering varieties.

Packet,
5 cents.

5 cents.

Double Portulaca.

PORTULACA

There is scarcely any flower in cultivation that makes such a dazzling display of beauty as a bed of many-hued brilliant-colored Portulacas. They thrive best in a rather rich, light loam or sandy soil and an exposed, sunny situation. Half-hardy annual

DOUBLE MIXED - All colors. Packet, 5 cents.

BIRD OF PARADISE (Poinciana)

This is a rare novelty and a very interesting plant. The flowers are golden-yellow, red and purple, of beautiful shape, measuring nearly two and a half inches across. They are produced in very large trusses which bloom in great profusion

Bird of Paradise.

the first year if sown early in the spring, and will produce a large plant three to five feet tall. It can be grown inside in winter if desired. When once grown it is sure to be planted each year. Try it. Mixed, packet, 5 cents.

SCABIOSA (Mourning Bride or Sweet Scabiosa)

One of the handsomest summer border plants, producing in great profusion very double flowers in a variety of shades and colors; a splendid flower for table bouquets, etc. Hardy anone to two feet.

nual; one to two feet.

SNOWBALL—The plant is a strong grower, and the flowers are very large, perfectly double and as white as snow. They are produced very freely. Packet, 5 cents.

LILAC COLOR—Packet, 5 cents.

ROSE COLOR—Packet, 5 cents.

DOUBLE—All colors mixed. Packet, 5 cents.

DOUBLE MIXED COLORS—Dwarf habit; fine colors. Price, packet, 5 cents.

SCHIZANTHUS (Butterfly or Fringe Flower)
The Schizanthus has been called the "Poor Man's Orchid," on account of their easy culture and resemblance in form and on account of their easy culture and resemblance in form and variety of coloring to some of the floral aristocrats. May be sown outdoors in spring, where they are to remain, or started inside and transplanted when the weather is suitable. A sowing made in autumn will give an abundance of bloom through the winter. We offer a splendid mixture of this Interesting flower at 5 cents per packet.

TEN=WEEKS STOCKS

TEN=WEEKS STOCKS

One of the most popular plants, either for bedding, massing or pot culture; for brilliancy and diversity of color or profusion and duration of bloom is unsurpassed. The Ten-Weeks Stocks are generally cultivated, and bloom from ten to twelve weeks after being sown; they grow from six to eighteen inches high, and when grown in light, rich soil they bear an immense quantity of bloom, each plant forming a perfect bouquet of delightful fragrance. Half-hardy annual.

EARLY TEN-WEEKS STOCKS—Pure white; very sweet. Packet, 5 cents.

EARLY TEN-WEEKS STOCKS—Rich crimson. Packet, 5c. EARLY TEN-WEEKS STOCKS—Clear blue. Packet, 5 cents. EARLY TEN-WEEKS STOCKS—Purple. Packet, 5 cents. EARLY TEN-WEEKS STOCKS—Pight pink. Packet, 5 cents. EARLY TEN-WEEKS STOCKS—Clear yellow. Packet, 5c. ONE PACKET EACH OF THE SIX VARIETIES FOR 25c. EARLY TEN-WEEKS STOCKS—Twelve of the finest colors mixed. Packet, 8 cents.

mixed. Packet, 8 cents.

SALPIGLOSSIS (Painted Tongue)

The Salpiglossis is one of the greatest favorites among annuals, partly because of its easy culture, but principally for its beautiful, almost Orchid-like flowers, which it produces from early summer until late fall. Seed should be sown early in spring in a hotbed or window and transplanted when weather is settled or directly out of doors after danger of frost.

NEW 'EMPEROR" SALPIGLOSSIS

The new Emperor strain is a very great improvement on the older type in its increased size of flowers, their improved shape and larger variety of colors, and more than all else in their singularly beautiful veinings of gold. These are the only flowers, to our knowledge, that show a glint of gold in their coloring. Packet, 8 cents.

GRANDIFLORA, MIXED-Large flowers, most vivid. Packet,

5 cents.

Newest and Best Sweet Peas

The crop of Sweet Peas was practically a failure in the United States the past season, and we are obliged to offer a smaller list of varieties than usual. The ones here offered are of the very best and most dependable kinds. Sweet Peas should be sown as early in spring as possible. The soil should be rich, the drills six inches deep. Cover first about an inch, and as the plants grow fill in until the drill is fuil.

Three of the Most Recent Novelties in Sweet Peas

New Varieties that have been Tested Thoroughly and Found to be Distinct and Novel

Price, 10 cents per packet; 25 cents per ounce

COUNTESS SPENCER—Bright, clear pink showing a little deeper at the edges. The form is open, and the margins of the petals are wavy. Both standard and wings are very

KING EDWARD SPENCER - Bright crimson-scarlet; wings unusually large.

RUBY SPENCER-The flowers are large, wavy and fluted, of a bright scarlet color, and usually four on a stem.

SPECIAL OFFER-One packet each of the above three novelties for 25 cents; one ounce of each for 60 cents.

COUNTESS OF SPENCER HYBRIDS MIXED

Composed exclusively of Giant Waved "Spencer" varieties, including several new hybrids of exquisite colors and shades. This mixture contains an equal proportion of colors of the Countess of Spencer hybrids, and is one of the most superb combinations ever offered in a catalogue. Packet, 8 cents; ounce, 20 cents.

OUR GRAND LARGE-FLOWERING MIXED SWEET PEAS

The finest mixture possible, as only the large-flowered or "Grandiflora" type (Eckford's) is used. More than one hundred different colors. They are perfectly magnificent. Packet, 5 cents; ounce, 15 cents; one-quarter pound, 35 cents.

Select List of the Best Standard Large= Flowering Sweet Peas

Price, 5 cents per packet, any six for 25 cents. One ounce of any one variety, 15 cents.

AURORA - Extra large size, beautifully flaked with bright orange-salmon on a creamy-white ground.

AMERICA-Bright blood-red striped on a white ground.

APPLE BLOSSOM - Bright rosy-pink, beautifully blended; white.

BLANCHE FERRY—Earlier than any other sort. Wings are nearly white, while the standards are a deep rose-pink. Dwarf grower.

CAPTAIN OF THE BLUES-Fine large blue, lavender shaded. EVELYN BYATT — Standard, scarlet-orange; wings rose-orange. Medium size, open form.

KING EDWARD-Bright scarlet. A solid deep color and very large sized flower.

KATHERINE TRACY --Bright pink; a large, bold, perfect flower of great substance.

LOVELY-Very large and of fine form. A delicate shell-pink tinged with yellow. There are often four flowers on a stem. A delicate shell-pink

MOUNT BLANC-Of dwarf growth and extremely early; a pure paper-white.

OTHELLO—Very dark maroon, self-colored flower.
PHENOMENAL—Large flower, nearly white, having a distinct edging of lilac, which gives it a peculiar and very attrac-

PRINCE OF WALES—Bright rose; large flower; the prettiest of the bright red varieties.

SENATOR—Purplish-maroon, heavily striped on white ground.

Darkest striped variety.

The Marvelous Japanese Air Fern REQUIRES NO SOIL OR WATER

And Will Keep for Years Without Any Attention

DON'T FAIL TO GET ONE OF THESE WONDERFUL PLANTS—A CHARMING DECORATION FOR THE HOME

With the Air Fern we offer a beautiful brass basket five inches in diameter and two and one-half inches deep, made of heavy brass, carefully lacquered and will not tarnish. The fern basket is suspended by a ring and three brass chains seven inches long. The Air Fern has a spread of about ten inches. Our illustration does not do full justice to the beauty of the combined effect of Fern and basket.

The Japanese Air Plant comes from far-off Japan, and, like most everything else from that strange land, is full of interest and mystery. It seems to live on air, as water, earth, sunshine and care are all unnecessary and it is not affected by cold. In its original state the Air Plant is a sea moss growing in the waters of the rivers and along the shores of the Island Kingdom—Japan—where it is gathered and shipped to Europe to be cured by a secret process known only to one or two people in Germany. One of its peculiarities is to show the approach of change in weather, which is indicated by the many little fronds on each plant fuffing out or becoming much larger and then returning to their normal state.

We will send the Fern and Basket complete, postpaid, to any address in the United States, for Must not be included in club rates.

SWEET WILLIAM

These make matchless border plants, with heads of bloom of great size and wonderful beauty; should be in every garden; height one and a half feet.

PERFECTION, SINGLE MIXED-

A splendid strain; flowers or many bright colors, large size and varied markings, includauricula-eyed varieties. ing Packet, 5 cents.

DOUBLE, MIXED-Fine double flowers, which, however, to our fancy, are not so beautiful as the single. Packet, 5 cents.

Sweet William.

VIOLET

A fine collection of many fine varieties and colors—blue, lavender, white. Many of the finest scented varieties are included; mixed sorts. Packet, 6 cents.

MAMMOTH VERBENAS

For garden beds or massing the Verbena is unrivaled; flowers of the most brilliant colors, blooming continually from spring until late in the autumn. Although perennials, these form luxuriant plants and bloom profusely the first season.

VERBENA WHITE—(Sea Foam.) Large and sweet-scented. Packet, 5 cents.

DEFIANCE-Scarlet. Packet, 5 cents.

SHADES OF BLUE, MIXED-Packet, 5 cents.

MAMMOTH PINK-Packet, 5 cents.

MAMMOTH VERBENAS, MIXED-The individual florets on properly grown plants over one inch across—or larger than a 25-cent silver piece. They bloom freely, are vigorous in growth, and contain all of the beautiful new colors and shades. Mammoth mixed colors. Packet, 5 cents.

VALERIANA (Hardy Garden Heliotrope)

Showy plant; grows in any garden soil; does well in the shade; hardy perennial; grows two feet in height and blooms the first season from seed. Fine for bouquets. We offer a very choice mixture of bright rose, red and white varieties. Packet, 5 cents.

VINCA

(Madagascar Perwinkle, or Old Maid)

Ornamental free-blooming plants; seed must be sown early and then the plants will bloom the first summer. They can be taken up in the fall like Chrysanthemums, potted and kept in bloom through the winter.

MIXED COLORS-Packet, 5 cents.

Viscaria.

VISCARIA

Very free-blooming annuals, closely allied to the Lynchnis; they form compact plants about a foot high, and are covered from early summer till fall with their bright flowers, shaped somewhat like a single Pink, borne on long, slender stems; it is best to sow them where they are to bloom, thinning out to prevent overcrowding.

MIXED COLORS-Packet, 5 cents,

WALL FLOWER

These old European favorites are not as much grown and appreciated in this country as they deserve, due, no doubt, to the fact that they are scarcely hardy in very cold are scarcely hardy in very cold locations, but in sheltered locations with protection they winter safely in Northern states, though, perhaps, it is better to sow the seed annually in spring, and winter the young plants over in the cold frame. They are worth the trouble, making nice bushes plants, one and one-half feet high, bearing in the spring long spikes of most deli-ciously fragrant flowers of va-rious colors, crimson, purple, yellow, apricot, mahogany, pink, etc.

FINE GERMAN DOUBLE, TALL, MIXED — Spikes of deliciously fragrant double flowers, combining many shades of color, chocolate-brown and orange-purple predominating. Per packet, 8 cents.

DOUBLE, LARGE-FLOWERING, SUPERB, DWARF, MIXED—Finest double dwarf branching, comprising rich yellow, brown, violet, white. Packet, 8 cents.

Mammoth Verbenas.

Zinnia.

ZINNIAS

(Youth and Old Age) The Double Zinnia is one of the easiest grown and most showy narden annuals. The plants come quickly seeds, are easily transplanted, and make a fine display in a bed or border or among shrubbery. flower lasts for several weeks, and the plants bloom abundantly destroyed by frost.

IMPROVED DOUBLE STRIPED-A good strain, representing all the leading colors, all striped. This is really the finest strain of Striped or Zebra Zinnias in cultivation. Pkt., 5c. IMPROVED TALL DOUBLE, MIXED COLORS - Saved only

from select flowers, perfect in colors. Packet, 5 cents.

IMPROVED DWARF DOUBLE MIXED—Extra large, perfectly formed, double flowers; very fine; mixed colors. Packet,

POPULAR CLIMBING VINES

ASPARAGUS VERTICILLATUS

A beautiful climber, having feathery foliage and scarlet berries which are quite ornamental; hardy perennial; about ten to fifteen feet high. Packet, 5 cents.

AMPELOPSIS VEITCHIJ (Japan or Boston Ivy)

(Illustrated on page 69.) A hardy perennial climber, with glossy-green leaves, which change to searlet in the autumn. Most valuable for covering walls. Price, per packet, 5 cents.

ALLEGHENY VINE

Mountain Fringe or Adlumia Cirrhosa-Hardy climbing plant, native of the Allegheny Mountains; very attractive and picturesque; dainty, feathery, pale green foliage; flowers delicate rose-pink and white. Price, per packet, 5 cents.

BALLOON VINE (Love in a Puff)

Annual. A rapid growing climber; flowers white; seed ves-sels look like miniature balloons. Price, packet, 5 cents.

BRYONOPSIS

An ornamental climber of the Gourd family, bearing green fruit, which changes in color as the season advances to bright scarlet, striped white. Packet, 5 cents.

CANARY BIRD VINE

This handsome annual climber belongs to the Nasturtium family. The vines grow to a height of twenty feet, thickly covered with flowers, of clear golden-yellow. Packet, 5 cents.

CENTROSEMA GRANDIFLORA

A neat, hardy perennial vine, ten feet high, with clusters of purple and white pea-like flowers. Packet, 5 cents.

CYPRESS VINE

The most graceful climbing plants, with fern-like foliage, bearing clusters of small, star-shaped flowers.

SCARLET — Very brilliant. Packet, 5

cents. WHITE - Beautiful and graceful. Packet, 5 cents.

MIXED—Packet, 5c.

CLEMATIS

Large Flowering—(Illustrated on page 71.) Beautiful climber with lovely flowers in blue, white, purple, etc. Hardy, can remain in permanent situation. Mixed, main in permanent situation. price, packet, 10 cents.

COBEA SCANDENS

Elegant, rapid-growing climbers, attaining a height of twenty to thirty feet. Can be grown in the garden in summer, or in the greenhouse or conservatory in winter. Their luxuriance renders them particularly desirable for covering arbors, walls, etc.; flowers large and bell-shaped.

MIXED COLORS-Packet, 5 cents. ORNAMENTAL GOURDS

Cobea Scandens. Well-known climbers with the

THE KUDZU VINE
The New Japanese Flowering Bean The New Japanese Flowering Bean

This is the most rapid growing vine known. It has a tuberous root, which is perfectly hardy, and in spring sends up vigorous shoots, which will quickly shade an entire piazza front. It will grow twenty feet the first summer from seed sown in the open ground in May.

Its foliage is very luxuriant, and its rose colored fragrant flowers are produced in large clusters. For covering porches, arbors, fences, stumps, dead trees, etc., with a luxuriant curtain of foliage, and in the shortest possible space of time, there is no climber that can equal it. Packet, 8 cents.

MAURANDYA

For greenhouse or outdoor planting; blooms the whole season; fine, tubular, bell-shaped flowers; white, purple and rose mixed. Packet, 5 cents.

SMILAX

Perennial climber for greenhouse or window gardens; foliage and stems light green, graceful; excellent for decoration. Packet, 5 cents,

(Everlasting or Hardy Sweet Pea.)

Showy, free-flowering hardy perennial climbers for covering old stumps, fences, etc., continually in bloom; fine for cutting, ALBUS—Pure white, very desirable. Packet, 5 cents. SPLENDENS—Brilliant rosy-red. Packet, 5 cents. MIXED-Packet, 5 cents.

HUMULUS JAPONICUS VARIEGATA

A strikingly beautiful variety of the Japan Hop Vine; the leaves are liberally and distinctly striped and blotched with silvery-white and gray on deep green. It is a rapid summer climber, in three or four weeks' time attaining a height of twenty to thirty feet; resembling the common hop, but, being an annual, attains full perfection the first season. The foliage is luxuriant, making a dense covering. One of the best plants for covering verandas, trellises, etc. Heat, drought and insects do not trouble it. Packet, 5 cents.

TALL MORNING GLORIES

Seed of the well-known Morning Glory is so cheap, the flowers so bright, and the vines of such rapid growth, that it should be planted largely to cover trellises and unsightly out-

FINE MIXED—A great variety of colors of the popular old-fashioned Morning Glory. Packet, 5 cents; ounce, 10 cents.

GIANT IMPERIAL JAPANESE MORNING **GLORIES**

These grand new Morning Glories from Japan are remarkable for the large size and exquisite new colors of the flower. The vines grow quickly to a height of twelve to twenty feet. They are of all shades of red, and innumerable shades of blue, from pale lavender to richest indigo and royal purple; also white, yellow, gray, slate, copper color, brown, bronze, almost black, and many other odd shades. Many varieties have a distinct marginal band of a different color, some are elegantly spotted with pink, crimson, blue, brown, etc. Packet, 5 cents; ounce, 15 cents.

MOONFLOWER

GRANDIFLORA WHITE—Annual. (Illustrated on page 52.) The vines are literally covered with thousands of the immense white flowers, many of them measuring over seven inches across. Beginning to flower early in August, the vines are nightly covered with pure white flowers, emitting a rich Jasmine odor. Planted in rich ground, in a sunny situation, the vines attain a height of twenty-five feet in a season. Pkt., 5c. HEAVENLY BLUE—Foliage very large, heart-shaped; flowers four to five inches across, in large clusters and produced in such abundance as to nearly hide the foliage. Color, most magnificent sky-blue. Price, 8 cents per packet.

THUNBERGIA (Black=Eyed Susan)

Beautiful, rapid-growing annual climbers, preferring a warm, sunny situation; used extensively in hanging baskets, vases, low fences, etc.; very pretty flowers in buff, white, orange, etc., with dark eyes; mixed colors; four feet. Price, packet, 5 cents.

WILD CUCUMBER (Echinocystis Lobata)

A very rapid-growing climber which reaches a height of thirty feet in one season. It is covered with beautiful clusters of white sweet-seented flowers followed by an abundance of or-namental prickly seed pods. It will quickly cover a trellis, pillar, an old tree or an unsightly building and will reproduce itself from self-sown seed every year. Hardy annual. Pkt., 50.

Other Standard Flower Seeds

In this list we name, with prices, other Standard Flower Seeds, which, from lack of space, were omitted from the preceding descriptive list. It is needless to say that the seeds of each are the best possible to procure—the best seeds grown.

AMBROSIA-Hardy annual with long spiral stems. Packet, 5c. CACTI-Mixed sorts; thirty to fifty kinds. Packet, 8 cents.

CYPERUS, or UMBRELLA PLANT—Grows finely in water with rich soil or mud, throwing up long stalks with narrow green leaves; easily raised from seed. Packet, 5 cents.

DELPHINIUM—(Perennial Larkspur.) Showy and well-known hardy perennials, producing splendid spikes of flowers throughout the summer. Packet, 5 cents.

DIGITALIS—(Foxglove.) Fine mixed; long racemes of beautifully spotted flowers. Packet, 5 cents.

EDELWEISS—(Gnaphalium Leontopodium.) Famous and true Edelweiss of the Alps; flowers of a downy texture, pure white, star-shaped. Packet, 5 cents.

EUPHORBIA MARGINATA—(Snow-on-the-Mountain.) Packet.

EUPHORBIA MARGINATA—(Snow-on-the-Mountain.) et, 5 cents.

FERNS-Mixed; sports of many varieties. Packet, 15 cents.

GODETIA—Showy annuals of dwarf, compact growth, bearing freely large flowers three or four inches across, of exquisite colors and shades that glisten in the sunlight like satin; finest mixed. Packet, 5 cents.

GYPSOPHILA PANICULATA—(Baby's Breath.) Miniature white. Packet, 5 cents.

IRIS KAEMPFERI—(Japan Iris.) Mixed colors. Packet, 5c. LILY OF THE VALLEY—(Convallaria.) Packet, 5 cents.

LINARIA CYMBALARIA—(Kenilworth Ivy.) Lavender and purple. A charming, neat, hardy perennial trailing plant. suitable for baskets, vases, pots and rock work. Packet, 5c. MIMULUS TIGRINUS—Fine spotted varieties. Packet, 5 cents. MIMULUS MOSCHATUS—Musk plant. Packet, 5 cents. MOMORDICA BALSAMINA—(Balsam Apple.) Packet, 5 cents. PASSIFLORA CERULEA—(Passion Flower.) Packet, 5 cents. SOLANUM CAPSICACTRUM—(Jerusalem Cherry.) A miniature tree-like plant, suitable for either garden or pot culture; round orange-scarlet fruits. Packet, 5 cents.

SPECIAL MIXTURES OF FLOWER SEED

MIXTURE OF CLIMBERS-A packet of seeds containing over twenty beautiful annual climbers, useful for covering outhouses, trellises, etc. Packet, 5 cents.

FLOWERS FOR BOUQUETS-This mixture contains seeds producing flowers suitable for cutting for vases and bouquets, nearly all having long stems and will furnish a constant supply of cut flowers throughout the entire season. Packet, 5 cents.

Special Collections of Flower Seeds

e made up with our usual large-sized packets of choice, fresh seeds. They are put up ready for shipment before the rush of the busy season, consequently no changes can be made in them. These collections are

VELVET LAWN GRASS MIXTURE

Nothing adds more to the attractiveness of a home than a well-kept, close, velvety lawn. Our lawn grass seeed is the very best quality mixture of the finest varieties of natural grasses, embracing such as are of neat growth, hardy and best adapted to produce a permanent and fine turf. The quantity of seed required per acre is from three to four bushels. Our Velvet Lawn Mixture is a compound of grasses that ripen successively, thereby always presenting a green and cheerful appearance. Lawns sown with only one or two grasses turn brown under our hot sun, and remain in that condition until the cool months of autumn revive them. Our mixture can be relied upon to produce the best results. Price, quart, 30 cents, postpaid; by express, five pounds, about one peck, \$1.50; twenty pounds, \$5.00. Must not be included in Glub Rates.

STANDARD VEGETABLE SEEDS

The seeds offered on this page include the leading varieties and those worthy of special notice. They are in every sense good, reliable and valuable. WE GUARANTEE OUR SEEDS TO BE STRICTLY TRUE TO NAME, PURE, OF HIGH EXCELLENCE, AND TO GROW, if properly treated, to the extent that should any prove otherwise we will refill the order without charge, or send any other seeds that may be selected, to the amount paid for same. SENT POSTPAID AT PRICES NAMED. IF ORDERED SENT BY EXPRESS, DEDUCT 8 CENTS PER PINT OR POUND.

HOME VEGETABLE COLLECTION

SPECIALLY SELECTED FOR TOWN AND CITY HOME GARDENS

Most people residing in town and cities have not time or room sufficient to grow an extended garden. But vegetables fresh from the home garden are so far superior to those which can be purchased that we have made a special list for city people. One packet each of the following in full-sized packets, postpaid for 25 cents.

Lettuce—Early Silesia, Radish—Lady Finger, Cucumber-Early White Spine. Spinach-Thick-Leaved.

Beet-Early Egyptian. Turnip-Purple-Top.

Beans-Stringless Green Pod. Parsley-Dwarf Curled.

NOT ALLOWED IN CLUB RATES—PRICES ON NURSERY STOCK ARE PLACED VERY LOW AND WE CANNOT ALLOW THEM TO BE INCLUDED IN CLUB RATES, NOR MAY THEY BE TAKEN AS PREMIUMS.

Dwarf Apple

Bears Abundantly at 2 and 3 years old. Plant at Least a Dozen Trees. Can be planted 6 feet apart.

The trees here offered are young and thrifty and will make a very rapid growth and bear quickly. When fruit trees or shrubs are received before they can be planted, they may be safely kept for any length of time by having the roots packed in boxes of moist soil and stored in a cool cellar or shed. It is important to order fruit early, that they may be planted out before the foli-

All nursery stock must be sent by express, unless otherwise stated in the offer.

When offered by mail, postage is paid by us; if by express or freight, charges are to be paid by purchaser; but larger stock will be sent.

SPECIAL NOTE—As our Nursery is a separate and distinct department from our Greenhouses, it is necessary that all nursery stock orders be shipped direct from the Nursery, and we therefore ask customers to kindly keep such orders separate from the Plant and Seed Orders.

Nursery stock will not be shipped with other plants.

APPLES AND OTHER LARGE TREES OR PLANTS CANNOT BE SHIPPED UNTIL SPRING OPENS. USUALLY ABOUT MARCH 1st; AFTER THAT DATE ORDERS WILL BE FILLED PROMPTLY. GRAPE VINES AND OTHER SMALL FRUITS CAN BE SENT WHEN DESIRED.

TREES BY MAIL—We have a choice lot of small one-year-old trees suitable for mailing to our customers in distant states, thus saving them heavy express charges. We know many will avail themselves of this opportunity of getting trees who could not otherwise do so.

DIRECTIONS FOR PLANTING SENT WITH EVERY ORDER.

DWARF APPLES (Bear Very Early)

Perhaps no other fruit is attracting so much attention at the present time as Dwarf Apples, especially for garden and yard planting. They can be planted six feet apart and do well. They begin to fruit the second or third year, and bear abundant crops. The fruit is just as large, same flavor, etc., as that borne on the standard trees. The great advantage is the early bearing of fruit. The trees never get over six or eight feet high. Very profitable, bear four to six bushels per tree.

We can supply the following choice dwarf kinds: Bismarck, King, R. I. Greening, Baldwin, Hubbard's Nonesuch, Northern Spy, Wagner, Wealthy, McIntosh. The very cream of varieties. Try a dozen or more trees, and gather fruit from them in a very few years. Price, three-foot trees, 40 cents each; \$4.00 per dozen; \$30.00 per hundred.

List of Best Standard Apples

Each, \$0.40 Dozen, \$4.00 Dozen, 3.50 Dozen, 3.50 .35 Each,

BEST WINTER VARIETIES

Winter Banana Apple This valuable new Apple has a decided Banana flavor, fruit is

Winter Banana Apple

wellow, beautifully shaded and marbled with bright crimson. Flesh lemon-yellow, creamy texture like a well ripened fall pippin, rich, of highest quality and a good keeper—from November until May. Tree a remarkably strong grower, of Iron-clad hardiness, with a large foliage that never blights or mildews and produces enormous crops every year. A truly wonderful fruit. The entire crop of Hood River, Oregon, Banana Apples sold at \$12.00 per box of less than one bushel. The highest price ever paid for Apples. Why not have a few good trees? Ours are genuine.

BEN DAVIS—Large, handsome, striped, valuable, BALDWIM—Large, bright red, crisp, juicy, rich. KING—Large, striped, productive.

NORTHERN SPY—Striped, rich, delicious flavor. RHODE ISLAND GREENING—Juicy, rich acid. ROME BEAUTY—Yellow, shaded red; tender, juicy. STARK—Striped light and red; juicy, early. TALMAN SWEET—Medium, dull russet; crisp, juicy. STARK—Striped light and red; juicy, early. TALMAN SWEET—Medium, dull russet; crisp, juicy. STARK—Striped light and red; juicy, early. TALMAN—MEGIUM to large; yellow, shaded red; firm, juicy, sub-acid; excellent shipper.

SOME CHOICE FRUIT NOVELTIES

The Giant Himalaya Berry
length if left untrimmed. It is usually trained to a wire or over a trellis as a grape vine. The berries are almost coreless and very rich; they need very little sugar in cooking. They have a flavor all their own, and are surpassingly good for pies, jellies and jams. Perfectly hardy; makes enormous yield. Introducer claims that from two vines he picked \$31.00 worth of fruit one year, and \$54.00 worth the next. It is well worth giving a trial. Our plants are genuine. Price, 25 cents each; \$3.00 per dozen by mail prepaid.

The Logan Berry A hybrid between the Raspfruit is as large as the largest Blackberry. The duced in immense clusters. The color is a clear, dark red. It partakes of the flavor of both the Blackberry and the Raspberry—mild, pleasant, vinous flavor, delicious and peculiar to this berry alone. Seed small, soft and few. Berries very firm, and carry well. Strong grower; enormous bearer. Fruit ripens early, just after Strawberries. Price, 20 cents each; \$2.00 per dozen, by mail, postpaid.

Crystal White Blackberry Berries of fine, translucent white, of good size, sweet and pleasant. Canes prolific, but not entirely hardy. Should be planted near other sorts to fruit well. Price, 10 cents each; 75 cents per dozen.

Japanese Wineberry
berry family. The fruit it borne in large clusters and each berry is at first tightly enveloped by the large calyx, forming a sort of burr. For jelly making, canning and preserving it is without an equal. Price, 10 cents each,: \$1.00 per dozen, by mail, postpaid.

Himalaya Berry.

New Dewberry Premo

Much like Lucretia, but very distinct, and exceedingly early, being seven to ten days ahead and all cleaned off when Lucretia is beginning. Quality and size uniform. Was found in a Lucretia patch. Price, 10 cents each; \$1.00 per dozen.

Strawberry-Raspberry Valuable for the extreme North, as the fruit is borne on the young growth, and is of course hardy in any climate. This is an entirely new fruit, both in habit of growth and form of fruit. Bushes grow one to three feet high and are covered with Raspberries in the shape of Strawberries. Price, 15 cents each, \$1.00 per dozen.

Garden Elderberry
few bushes. Price, 10 cents

Everyone is fond of Elderberries. Ours are selected for fruiting and producing the finest berries. Try a each; \$1.00 per dozen, postpaid.

Paw Paw, or Northern Banana Grows everywhere and produces large fruit resembling the Banana. Price, 25 cents each; \$2.00 per dozen, postpaid.

Sassafras Valuable as an ornamental tree and the roots are fine for making tea, which is highly prized as a beverage and spring medicine. Price, 20 cents each; \$2.00 per dozen, by mail.

Improved Dwarf Juneberry

A good substitute for the large or Swamp

Huckleberry. The fruit is borne in clusters,

rich sub-acid, excellent as a dessert fruit or canned. Price, 10 cents each; \$1.00

per dozen, by mail, postpaid.

Rocky Mountain Cherry This shrub originally grew wild in the Rocky by cultivation, and is claimed to be, when fully ripe, the best fruit of the season. It is jet black and about as large as English Morello Cherry. Price, 25 cents each; \$2.50 per dozen, postpaid.

Japanese Wineberry.

SPECIAL NOVELTY OFFER—We will send one nice plant of each of the above eleven Choice Fruit Novelties, by mail, postpaid, for \$1.75 or two nice plants of each by express (not prepaid) for \$3.00. You will be well repaid if you get this valuable collection.

MULBERRY TREES DOWNING'S EVERBEARING

A fine rapid growing tree with large foliage and attractive for the lawn, and at the same time bears a delicious fruit for about three months. (See cut.) Price, five to six feet, 50 cents, \$5.00 per dozen; small trees, postpaid, 35 cents each.

NEW AMERICAN

Fruit large, black, of fine quality and tree vigorous, a good bearer and highly ornamental for the lawn. Price, five to six feet, 50 cents, \$5.00 per dozen; small trees, postpaid, 35 cents each.

RUSSIAN

Tree a rapid grower and considered very hardy and valuable for timber. The fruit is of medium size and good. The foliage is abundant and said to be valuable for silk culture. Price, five to six feet, 30 cents each; \$3.00 per dozen; small, postpaid, 10 cents each.

No Extras or Premiums Allowed on Orders from this Page

Downing's Everbearing Mulberry.

Our Champion Grape Collection

ONE STRONG VINE OF EACH, POSTPAID, FOR \$1.00.

If extra heavy two-year vines are wanted we can send largest size by express for only \$1.25 for the collection, or by mail for \$1.50

This is the same collection we offered last spring. So great was the demand for it and it gave such universal satisfaction that we have decided to hold the offer open another year. The collection consists of eight of the very finest grapes grown. Just the thing for the home garden or for covering an arbor. The eight varieties are as follows, all strong one-year vines:

Price of varieties (except where noted): 15 cents each, \$1.50 per dozen; two-year-old vines, 20 cents each, \$2.00 per dozen.

CHAMPION—(Blue.) One of the earliest to ripen, practically free from rot or other disease, strong grower, compact bunches, quality fair, size medium. It succeeds anywhere, and is good for covering arbor.

YOMING — (Red.) A popular market sort. Berry small; quality good; very productive and hardy, resembling Delaware somewhat; valuable for home use.

BRIGHTON—(Red.) One of the best red grapes in cultiva-tion. Bunch large and compact; a strong grower and very productive; quality good.

MOORE'S DIAMOND—(White.) The color is a delicate green-ish-white, with a rich yellow tinge, when ripe. Very few seeds, juicy, and almost entirely free from pulp, which makes it almost transparent. Berry size of Concord and two weeks earlier.

CONCORD - (Blue.) An old variety; does well everywhere planted; good size, productive.

ORDEN — (Blue.) A valuable black grape ripening from three days to a week before Concord. Berry large, of good quality; thin skin; very productive; vine a strong grower. It comes in early enough to avoid the rush of Concords, thus brings one to three cents per pound more. WORDEN -- (Blue.)

OORE'S EARLY—(Blue.) A large black grape, ripening a week earlier than Concord; good grower; berries large, good quality, and makes a moderate yield; very valuable as an MOORE'S EARLY-(Blue.) early grape.

NIAGARA—(White.) The most popular white grape. Fruit large and very productive; a good grower; ripening same season as Concord; equally good.

Remember you get this entire collection of eight one-year-old vines postpaid for \$1.00, or two-year-old vines by express for \$1.25.

CHOICE SEED CORN

GOLDEN CASH CORN—A new deep grained yellow corn with the smallest cob of any variety known. The ear is large, well filled at butt and tip ends, with beautiful golden deep grains. This corn is beyond doubt the best feeding corn in existence. Matures in ninety to one hundred days. Shells easily as early as September. It certainly is the ideal corn. Everyone will buy it for seed that sees it. Price, 50 cents per pint, postpaid; \$1.00 per peck; \$3.00 per bushel, freight or express.

SEED OATS

freight or express.

Regenerated Swedish Select—The stiffest straw of any Oats grown. Our stock is bright and clean. Sixty to seventy-five bushels per acre is no uncommon yield. One quart by mail, 40 cents. By express, one peck, 50 cents; one bushel, \$1.50.

MELLEN'S EARLIEST POTATO

This grand new potato is fully two weeks earlier than Early Ohio. Round, good yielder and cooker. Just the thing for the early garden. Price of eyes same as other varieties.

SEED POTATOES

We offer a very select list of seed potatoes at following reasonable prices, customers to pay express or freight charges on

\$3.00 2.50 2.50 Mellen's Earliest Early Ohio ... Carmen Seneca Beauty ... Green Mountain ... 2.00 2.50

For several years we have been furnishing our customers good sound potato eyes by mail. It saves high freight rate and allows you to get a start of new varieties for a mere nothing. These potato eyes give very best of satisfaction. Hundreds of customers were delighted with the result last season. Remember they come by mail postpaid, and sure to grow. Try our new kinds. At a very small expense you can grow an experimental patch for exhibition. It is very interesting and profitable. Seventy-five eyes should produce a bushel of good sound notatogs. potatoes.

Beautiful Shade and Ornamental Trees for Street, Roadside and Park

Beautify your homes and add comfort and value to your property by planting trees. He is truly a benefactor who plants and rears a tree where only weeds grew before.

CAROLINA POPLAR

One of the most rapid growing trees; with large, deep green leaves that are glossy and handsome. Excellent for street planting; specially desirable in large cities, where it resists smoke and gas. Eight to ten feet, 50 cents each; \$5.00 per dozen; \$35.00 per hundred.

ORNAMENTAL TREES

Ash, American White—8 to 10 feet	 . \$	0.75
Beech, Purple-Leaved—3 to 4 feet		1.00
Birch, Cut-Leaved Weeping—5 to 6 feet		1.00

Sugar Maple		.75
Soft Maple		.75

HORSE CHESTNUT

A very beautiful well known tree, with round, dense head, dark green foliage, and an abundance of showy flowers in early spring, and bears beautiful brown nuts in autumn, the delight of children. Price, six to eight feet, \$1.00 each;

VOLGA POPLAR—For Quick Shade

The new shade tree for lawn and street planting. One does not want to wait a lifetime for shade, and there is no other tree that will make the rapid growth of the Volga Poplar. Tall, stately, symmetrical, forming a beautiful top and the leaves are of a waxy-green, making it one of the very best of the quick-growing kinds. Notice the cut and see how the leaves hold up to October 15th. Compare this with the other tree by its side. We have beautiful trees ten feet high. Price, 50 cents each; \$5.00 per dozen; \$35.00 per hundred.

CAROLINA and LOMBARDY POPLAR same price.

CATALPA BUNGEI

(Umbrella Tree)

Grafted on stems six to eight feet high, it makes an umbrella-shaped top without pruning. Perfectly hardy and flourishes in almost all soils and climates. Leaves large, glossy, heart-shaped, deep green; lay like shingles on a roof; always making a symmetrical head. Desirable for lawn, park and cemetery planting. Price, six to eight feet, each, \$1.00.

NORWAY MAPLE

One of the finest for street planting or for single specimens on the lawn for permanent shade. It grows slow, but is a beauty when once well started. It makes a beautiful dense shade. Top round and symmetrical. Thrives everywhere. Price, eight to ten feet, \$1.00 each.

AMERICAN WHITE ELM

magnificent, stately tree, with wide spreading head and drooping branches. Price, 75 cents.

Norway Manle

CALIFORNIA PRIVET FOR HEDGES, SCREENS, FENCES

Nothing adds so much to a home as a beautiful California Privet Hedge Fence.
Plant ten inches apart, costs only \$1.00 per rod. It makes a
fence the day it is planted and will last a lifetime.

A quick, strong growing shrub, yet easy to control by use of shears or knife to any desired shape. Fine for hedges between city lots, on large rural grounds, parks, cemeteries, in single clumps or with other shrubs; also as screens to outbuildings, fences, etc. Very hardy, easy to grow on all soils, even in partial shade; almost evergreen, its rich leathery-green foliage changing to purple in winter. Price, large, well-branched plants, twenty-four to thirty inches high, 15 cents each, postpaid; by express, \$5.00 per hundred, \$40.00 per thousand. Sixteen to twenty-four inches high, 10 cents each, postpaid; by express, \$4.00 per hundred, \$30.00 per thousand.

BARBERRY THUNBERGI

Another very valuable hedge plant. Absolutely

growth, yet graceful because of its drooping branches. Yellow flowers are followed by vivid scarlet fruits, the foliage changing in fall to scarlet and gold. Price, 15 cents each, \$1.50 per dozen. If by express, \$10.00 per hundred.

GARDEN ROOTS GOOD GARDENS

There is a growing tendency all over the country to have a good garden, and it matters not whether you live in the city or country, you can enjoy the fresh products of a good garden, and there is nothing pays so well as a good bed of Rhubarb, Horseradish and Asparagus. It is not necessary to reset each year, but when once planted you can gather the products year after year for a lifetime. You cannot realize the returns you get from a small patch of ground. If you have more than you can use, you can easily sell the surplus for cash to your grocer. The profits are enormous, and it is an opening for a large commercial business. Our stock is very fine.

TRY 100 RHUBARB ROOTS THEY WILL PAY YOUR COAL BILL NEXT WINTER

The forcing of Rhubarb is a great business that pays big profits. Anyone can succeed at it—the method is very simple. You plant in the open ground in spring as many roots as well as the spring as many roots as the spring as the s open ground in spring as many roots as you wish to force—say one hundred to one thousand, or, if just for family use, a dozen will answer. These or family use, a doz-en will answer. These roots will make a g o o d growth until fall. When freezing weather comes on they should be dug, and allowed to remain out until they are frozen solid. Keep in this

until they are frozen solld. Keep in this condition a few days, and then they are ready for forcing. Take to the cellar, and pack on the cellar floor or in barrels or boxes, as best suits you, then cover the roots with about three inches of soil. Keep damp, but not wet. In about three or four weeks you can begin cutting, and get three or four cuttings from the same roots during the winter. This brings fancy prices, and a very small bed will return \$25.00 to \$50.00. Any ordinary cellar or cave will answer. You can make big money out of it, and there is no end to the business, as there is an unlimited market for the product. You can easily pay your coal bill by planting a few hundred roots. Our stock is grown especially for forcing and garden use. Price, good roots, 15 cents each, ten for \$1.00, postpaid; by express, \$4.00 per hundred, \$30.00 per thousand.

New Superb French THE NEWEST AND FINEST VARIETIES Y

T IS DIFFICULT to imagine a more lovely floral object than these superb new best and most showy of all the Hydrangea family. The specimen shown abov bloom. It is impossible to impress upon anyone the wondrous beauty of these hear immense trusses of bloom that are simply amazing. They are of easy cultureare. These Hydrangeas are very vigorous, healthy and rapid growers, and are plant, requiring only a short rest between seasons, and can be used as a fine specimenspicuous place during summer and after a short rest in the cellar, can be plac queen of the winter flowers. This species of Hydrangea is generally hardy in the Stome protection during winter months, and here they will flower profusely from Juwill give better results when used as pot plants. The plants succeed rather bette sunny, on which account they are valuable for house culture. The pot plants requested for the pot plants of the plants are plants. The pot plants requested for the pot plants are greated and flowering. Price, strong plants from 2½-inch pots, 25 cents expended the plants are plants.

Season of growth and howering. Price, strong plants from 2/2
AVALANCHE—A splendid large white, which has made a reputation for itself during the past two seasons, an easy variety to force early, and remarkably free-flowering.

MME. E. MOUILLERE—This has been the favorite white variety in the New York market this year, very free flowering, of good size and form. Awarded silver medal at the National Flower Show at Boston last year.

BOUQUET ROSEamber turning to t in the New York m LA LORRAINE-Very pink; has become a ORNAMENT—Large pi ering.
